## FROM THE DESK OF THE PRESIDENT, IADVL

Dear Colleagues,

“Ring out the old, ring in the new, Ring, happy bells, across the snow: The year is going, let him go; Ring out the false, ring in the true” - Lord Tennyson.

The year 2011, so far, had been an eclectic mix for our very own IADVL, which is steadily rising to greater heights year by year. The passing year has seen IADVL, signing the contract of ICD 2013 to be held in New Delhi, organizing half day ancillary meet during WCD 2011 at Seoul, sister society meet during EADV Congress at Lisbon, demonstrating its very presence at international scenario. On national front IADVL had seen launching of much awaited Professional Protection Linked Family Benefit Scheme (PPLFBS), distribution of new constitution, Dermatosurgery task force book publication, immense growth of SIGs, publication of book on urticaria, a due mock trial run for E-voting after election results, speaking volumes about the strides this association has been making.

Personally, what can be more accomplishing and enthralling, to be at the highest prestigious position of one of the largest dermatologic associations in the world. I thank one and all for giving me this life time opportunity to serve as a president of this esteemed association and blessing me with suggestions and valuable guidance to discharge my duties. Words remain unmatched for my feelings, to express gratitude and acknowledgment to the outstanding support of the Executive Committee members who were backbone of my activities. I am fortunate to have the dynamic duo of Dr. Ramesh Bhat and Dr. Jayadev Betkerur, who allayed all my apprehensions, stood by me as pillars of strength, helping me sail smoothly throughout.

I take this opportunity to invite all the members to attend DERMA CON 2012 at Jaipur and savor the scheduled academic fiesta and warm hospitality of the Pink City. I request you all to strengthen our association by contributing and providing your valuable inputs at the Annual General Body Meetings and Central Council Meetings so that we can achieve all that is possible.

I request all the members of IADVL to kindly enroll themselves for our Professional Protection Linked Family Benefit Scheme (PPLFBS).

Wish you all a Merry Christmas and Happy New Year 2012.

Long live IADVL.

Jai Hind

## MESSAGE FROM PRESIDENT ELECT

We have changed.

Days yester, we would meet and talk once an year, now we talk round the year at various forums and through ACAD.

The number of conferences, CME and workshops has increased. Sister societies too are very active. Our people attend international meetings and we too organize such meetings in India.

What is most striking is paucity of quality research in India. Our strength is man power and a wide range of cases. Country also had different culture in different parts and weather changes from one part to other. Hot and sultry in some, dry and cold or hot in others. Few places monsoon never leaves and some places it never visits. All this variation has a telling effect on our skin. Cultural practices differ as does eating habits and dress. We have numbers, we have variety

We should play to our strength.

We need good documentation, multicentric studies. We now have ACAD with a Chairman and a strong team of Special Interest Group (SIG). I look forward to this group to dedicate itself for organized research. The ACAD will provide inputs, will help link various groups and forge alliance and thus initiate more and more quality research.

My slogan is, " Let us find solutions for our problems

Dr. C. R. Srinivas  
(President elect)

## MESSAGE FROM IMMEDIATE PAST PRESIDENT

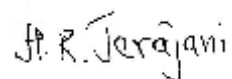

Dear members,

While welcoming the New Year, it is also time to reflect the important events of the last year

The last year witnessed the phenomenon rise of activities of the subspecialties of Dermatology some of which are also part of the special interest groups of IADVL Academy. From last two years, Dermatopathology conferences and symposia drew crowds especially of younger colleagues. I am happy at the sensible turn of interest in the basic subjects. Cosmetic Dermatology and Aesthetic Dermatology conferences showed the high level of competence gained by our members who were also very candid in giving gems and pearls of their experience. Pediatric Dermatology which is an inherent part of practice of all the dermatologists gained momentum in our country due to the continuous efforts of ISPD executives. Pemphigus group and Pulse Foundation have contributed greatly in popularizing and fine tuning pulse therapy in India. Urticaria guidelines and patient information leaflets have enriched our knowledge in the field. Interest in the subjects of Dermatology Nursing Care and Teledermatology has been initiated in the country and I foresee many more programmes in these subjects. Contact Dermatitis was at the center stage during the APEODS and COFICON conference in October with 8 members of ICDRG being part of the faculty. The Chairmans and Convenors of IADVL Academy (Dr Arijit Coondoo & Dr Arun Inamdar and; Dr Manas Chatterjee & Dr Shymanta Barua respectively) deserve pats on their shoulders for these academic activities.

It had been a very fruitful year for IADVL and I wish to congratulate Dr SDN Gupta, President and the Executive Committee of IADVL for steering the forward march of the Association. My best wishes for Dr C R Srinivas and his Team for their brilliant innings in future. Dr Ramesh Bhat and Dr Jayadev Betkerur deserve special accolades for their untiring efforts to keep IADVL smoothly running to achieve its goals and aspirations

Will look forward meeting you all in Jaipur.

Immediate Past President  
**Dr. Hemangi Jerajani**

## THE SECRETARY SPEAKS

Greetings from Hon. Gen. Secretary,

We had an eventful last quarter of 2011. Many activities were conducted during this period. We had a successful CC MIDERMAMEET at Bangalore. Many states observed their CUTICONS during this period. West and East zone also had DERMAZONE conferences. IADVL for the first time organised a Sister Society Meet during EADV Congress 2011 at Lisbon, Portugal on 20th of October.

We had a successful IADVL elections with record number of candidates and voters conducted by Dr. Suresh Joshipura. I invite you all for the much awaited DERMACON 2012 at Jaipur. I also invite all the members to attend the general body meetings in large numbers. Along with Dr. Jaydev Betkerur, hon treasurer, we will be completing our two years term and handing over the baton to next team. I sincerely thank all the IADVLites for the faith shown on us. We have worked hard during this period to start a few new schemes including PPLFBS during our term. Personally I thank all the EC members and IADVLites for all the help rendered in discharging our duties.

Long live IADVL

**Dr. Ramesh Bhat M.**  
(LM/ KN / 2051)  
Hon. General Secretary

## THUS WRITES THE TREASURER

Dear IADVLites,

I write this message with mixed feelings. Some good because we could achieve something. We have fulfilled the dream of all of us by starting the benefit scheme DVL Welfare Trust which is by the IADVLites, for the IADVLites and of the IADVLites. We could also bring about financial discipline, though at times I had to tread on others toes. The sad feelings are not many but may be we could have achieved more.

The last 2 years have been the best year of my life in IADVL. This is because of the co-operation by all the presidents, others EC members and all of to you. Thank you very much for that. Hope IADVL will give me another opportunity to serve in any manner

Long live IADVL.

**Dr. Jayadev Betkerur**  
Honorary Treasurer, IADVL

## DERMAZONE WEST 2011

The 11nd Biennial Conference of IADVL West-Zone i.e. DERMAZONE WEST 2011 was organized by IADVL MP State Branch , on 23rd,24th & 25th Sept.,2011,in School of Computer Sciences , D.A.V.V. Indore .This mega academic event was attended by nearly 240 delegates , not only from five constituent states but also by delegates from other parts of country , giving it a look of mini-national conference.

The conference started on 23rd Sept.,2011 , with a very exhaustive-live workshop on various dermato-surgical procedures befitting its Theme-“Exploring New Horizons in Managing Aging Face & Body” , Overseas speakers Dr. Minal Patwardhan (Dubai) elaborated and demonstrated Spectra Q- Switch Nd : YAG Laser for Managing resistant Melasma. She was assisted by Dr. Anil Soni. Davia Matar, a noted pharmacist from Jordon-demonstrated Esthelan Renew System for Facial Rejuvenation , Dr. Girish Shah (Mumbai) demonstrated subcision of acne scars with corneal knife , Dermal Graft and Fractional CO2 laser in reducing the acne scars. He also presented a video for obtaining Melanocyte rich-suspension and its use in correcting stable vitiligo.Dr. Jagdish Sakhia demonstrated a simple but very useful technique-of PRP (Platlet Rich Plasma) Rejuvenation. Dr. Satish Shah demonstrated CO2 laser resurfacing . Dr. Dilip Hemnani demonstrated Cleft Ear repair by using ablative RF and nectacryl. Dr. B S Chandrashekher demonstrated microneedle RF Technology for sculpting of face for the first time in India and also mesotherapy for hair loss and Skin Rejuvenation.

Dr. Swati Shrivastava demonstrated Botox and fillers right from basics. She along with workshop chairperson

Dr. Atul Kathed, conducted a “Hands on Traning” workshop on Botox & Fillers.

In the evening the inaugural function of DERMAZONE WEST 2011 was solemnized in which Dr. Suresh Joshipura (Past President IADVL) & Dr. H.C. Timbadia(Jt.Sect. IADVL), expressed their views and congratulated IADVL-MP in organizing DERMAZONE WEST in such a grand manner.

Late Prof. A.K. Ramani, director School of Computer Sciences, elaborated on impact of technology in medical sciences and health services.

Two veteran members of MP-IADVL, Dr. N.C. Sethi (Past HON. Gen. Sect. IADVL) and Dr. Ram M. Parmanand(Past Treasurer IADVL) were felicitated on this occasion for their distinguished services to the IADVL.

In the scientific sessions spread over next two days (24&25 Sept.) speakers from all over India, delivered talks on various topics of Dermatology, Venerology and Leprology, enriching audience with new ideas and enhancing their skills in managing patients. Dr. Yogesh Marfatia in his talk mentioned art of using systemic steroids in a way to maximize their efficiency but minimizing side effects. Dr. Sudhir Pujara gave various therapeutics tips which were widely admired not only during conference but also in IADVL-ACAD group.

Dr. Raj Kubba, an international authority on acne, gave new insights in etiopathogenesis of acne & its management.He rightly mentioned that acne has all the ingredients much like a Bollywood masala movie.

Prof. Dr. V.K. Sharma (AIIMS) talked about early recognition of sepsis in Dermatology patients and its energetic management, to avoid any casualty. Our national president elect Dr. C.R. Srinivas, gave his ideas in using phototherapy in his own witty style, which kept the audience enthralled. Psoriasis, Acne & Vitiligo patiens form large bulk of our clientale. Dr. Chitra Nayak on 24th sept. spoke on how to choose rationale treatment for psoriasis. A panel discussion on 25/9/11 was well moderated by Dr. Narendra Gokhale in which panelists, Dr. Yogesh B. Shah, DR. Vinay Saraf, Dr. Bela Shah, Dr. Amit Valia, gave their ideas in how to cope up and live with psoriasis.

In another panel discussion on 24/9/11(Moderator-Dr. Satish Udare) panelists Dr. S.K. Punshi, Dr. Arijit Coondoo, Dr. Ranjan Raval, Dr. N.G. Patwardhan & Dr. Sanjay Dubey- gave their views in how to deal with challenges in managing vitiligo.

Dr. B.S. Chandrashekhar clearly mentioned that for Indian skin, 980 nm pulsed diode laser is best for hair removal.

Dr. Arijit Coondoo spoke on Paederus Dermatatis and Dr. D.G. Saple elaborated on non sexual genital lesions.

Dr. Ranjan Raval discussed usefulness of Autogous serum skin test (ASST ) in managing chronic idiopathic urticaria & Dr. Hema Jerajani discussed patch testing with patients own products(“as is”) in the diagnosis of Allergic contact Dermatitis.

Dr. Rita Vipul Vora discussed in detail various pregnancy related dermatoses and their management.

Dr. Asit Mittal updated with What's New in Medical Dermatology'. Dr. Lalit Gupta vividly discussed clinically significant Drug Interaction in Dermatology. Dr. Sanjeev Vaishampayan who belongs to Indore, discussed usage of IVIG in various serious

dermatological disorders, only hinderance in its use being high cost. Prof. Dr. M.K. Singhi, gave various tips in how to manage oral ulcers while Dr. Bela Shah discussed etiopathogenesis of hirsutism and its management, both medical as well as lasers and electrolysis.

Dr. Sanjay Dubey discussed as how the teledermatology has revolutionized the whole concept of practice in healthcare systems, year 2011 being turning point with advent of 3G mobile telecommunications.

Dr. Subodh Sirur, mentioned that due to increased consumer awareness, number of litigation are increasing everyday and we have to be conversant with basic principles of law as applicable to our specialty.

Our own senior colleague Dr. Chetan Patel(Vadodara) who could not attend conference due to some personal reasons, in last CC meet at Bangalore has proposed an insurance scheme- even for Dermato surgery, hope this is soon finalized and implemented.

On the last day(25/9/11), Dr. Suresh Joshipura discussed how to manage Delusion of Parsitoses, while Dr. Yogesh B. Shah talked about various systemic immunomodulatory and immunosuppressive drug in managing skin disorders and how to monitor them especially a serological test is now available for diagnosing early hepatic fibrosis, in those receiving long term methotrexate.

Dr. J. Maniar was at his best when he discussed various challenges in managing HIV infections. Dr. D.G. Saple mentioned that by deleting genome D-232, by gene therapy a person can get rid off from HIV- permanently. This gene therapy is being perfected in Germany and will be introduced in near future, thus offering a real cure for HIV-afflicted.

In Paediatric Dermatology section-the Trio of Dr. Deepak Parikh, DR. Arun Imandar & Dr. Sandipan Dhar were at their best giving scientific input of highest quality.

Dr. Deepak Parikh talked about his approach in a child with fever and rash with excellent photographs and tricky questions.

Dr. Arun Inamdaar talked about neonatal emergencies and art of managing them.

Dr. Sandipan Dhar discussed comprehensive approach for management of atopic child.

Dr. Chetan Oberai discussed various types of facial hypermalaneoses and their management, emphasizing long term follow up and treatment for melasma. He talked about judicious usage of topicals, peels, sunscreens and lasers in its management.

Dr. Uday Khopkar- gave 10 tips in improving skin biopsy outcomes i.e.:

1. involve the patient in decision about biopsy
2. choose fully evolved lesion
3. two biopsies are better than one
4. do deeper biopsies
5. use a needle
6. train your technician
7. clinico pathological correlation is gold standard
8. criteria for histopathological diagnosis of leprosy need to be spurred up
9. non specific dermatitis can become specific on clinicopathological correlation
10. better planning

Dr. Ramesh M. Bhat discussed about current concepts in management of reactions in leprosy. Besides steroids and thalidomide, one can use pentoxiphyline, cyclophosphomide, azathioprine and methotrexate. Also corticosteroid pulse therapy, IVIG, plasmapheresis, tenidab and thalidomide analogue revimid can be used.

Dr. Rashmikant Shah discussed role of vitamins & anti oxidants in dermatology, rightly emphasizing judicious use so as to avoid hypervitaminosis.

Dr. Vijay P. Zawar, mentioned that deviations from classical presentation of HSV are increasingly observed in respect to typical morphology, anatomical locations, clinical severity & systemic manifestations. It is important to be aware of such unusual or unknown clinical features in order to facilitate early diagnosis and management.

Dr. Bipin D. Mehta emphasized that thyroid gland is the most important endocrine gland for skin.

In hypothyroidism one can observe palmo planter keratoderma, diffuse hair loss, ichthyosis etc.

Also some autoimmune cutaneous disorders like vitiligo, urticaria, melasma and alopecia areata are associated with hypothyroidism, T.S.H. estimation is best screening test for detecting hypothyroidism . Hyperthyroidism is not associated with skin disease.

Dr. Suresh Talwar presented his study of 100 newly diagnosed patients of Psoriasis in whom he could not find any association with metabolic syndrome. This is in contrast to western studies where increased prevalence of obesity, abnormal BMI and hypertension by themselves lead to metabolic abnormalities.

Dr. Sumit Kar discussed various aspects of cutaneous TB, mentioning that scrofuloderma is the most common skin TB, followed by lupus vulgaris.

Dr. Kiran Godse discussed pathophysiology of Post Acne Pigmentation which is more common and distressing in darker Indian skin.

He clearly summarized that triple combination using fluocinolone and glycolic peels are useful and safe for management of post acne pigmentation.

## Constitution Committee :

Dr. Suresh Joshipura thanked all the constitution committee members in bringing out new edition. Dr. Betkarur read the minutes of meeting. First point was about the DERMACON 2014 bid by Tamilnadu. Honorary Secretary mentioned the various events. Dr. C. R. Srinivas abstained from the meeting. The constitution committee unanimously resolved that DERMACON 2014 bid on IADVL TN branch was not in order because following reasons :-

1. It was not sent by TN branch as a resolution endorsed by AGBM
2. It was sent by an individual member as an EC approval instead of AGBM approval (rule no Part II byelaws clause – IX A & B)

Regarding the expansion of EC which took place last year. The constitution committee opined that only elected members constitute EC as per clause – 24 A (1-6only). Other member will not be included in EC.

The right of rejection by constitution committee members proposal was discussed & point was clarified and it was opined that same proposal though it was rejected by constitution committee can be put forward by the member to the GB (proposed by Dr. Venkataram)

It was also decided that the central council shall be called as principal governing body of IADVL instead of primary or supreme body of IADVL as mentioned in the constitution clause – 15.

Dr. Sacchidanand mentioned that IJDVL editor was the member of EC hence other editors were also included in the EC. He asked whether IJDVL editor has also been removed from EC. Dr. Jayadev informed that only 1-6 elected members constitute EC. He also objected that nobody had objected for the place of IJDVL editor EC so far. Dr. V. K. Sharma informed that a sudden expansion has been taken without approval of constitution committee. Others can be only invitees. Dr. Sacchidanand informed that it was approved by AGBM & IJDVL editor was included in EC without approval from constitution committee. Dr. Sehgal informed that status quo should be continued. Dr. Deepak informed that previously editor was not a part of EC, only elected members should be in EC. Dr. Jaydev mentioned that the recommendation of constitution committee should be ratified by AGBM.

## PPLFBS (Professional Protection Linked Family Benefit Scheme) :

Dr. Chetan Patel and Dr. Jaydev Betkerur presented the scheme. The scheme has been registered as Dermatologist, Venereologists & Leprologists welfare trust in Gujarat. The scheme helps to provide financial assistance to the family of member of scheme in the event of his/ her death, the members in case of permanent disability. It also provides professional protection & financial assistance in the event of hospitalization. Dr. Venkataram suggested that an expert committee is required to decide the level of negligence to evaluate the claims. Dr. Handa enquired whether this is under IADVL. Dr. Jaydev Betkerur replied that it is under IADVL without any financial liability. It will start from DERMACON 2012. Dr. Jayakar, Dr. Saple & Dr. Srinivas participated in the discussion. The trust will give legal assistance and liability will be paid by the trust upto Rs. 7,00,000/ case / member or Rs. 15,00,000/- per year. Dr. Gupta congratulated all those who are involved in this project. He also mentioned that this scheme was dreamed by Dr. Kuriyipe and it has taken so many years to come into practice. Dr. Deepak Parekh & Dr. Venkataram were congratulated EC for this scheme.

## IJDVL Issues :

Dr. Thapa, the editor of journal, invited the CC members to become reviewers who have more than 5 indexed publications. In 2010, 3 symposia were published. In 2011, Dermatotomy taskforce guidelines were published. He mentioned that plagiarism is a major threat. The proposed IJDVL awards for best case reports (Rs.5,000/-) best better to the editor (Rs.3,000) and best image in clinical practice (Rs.2,000) with certificates. It is only for Indian authors. He presented the financial position of IJDVL. Dr. Joshipura wanted to have facebook interaction of IJDVL like JAAD. Dr. Patnaik complained that articles from Eastern states are not published inspite of its originality where as editor publishes his own 5-6 articles either as 1<sup>st</sup> author and 2<sup>nd</sup> author. Members of Odisha feel that lobbying is required to publish the articles which has resulted in frustration among members, Dr. Thapa replied that if there are grievances it can be sent to him which can be forwarded to ombudsman Dr. A.K.Bajaj Dr. Jerajani informed that even her articles were rejected when she was President. Always we have to accept rejection and improve. Dr. Putta Srinivas informed that it is difficult to have standards of AIIMS or PGI in all institutions so this has to be considered at the time of rejection. He also opined that editor should not publish too many of his own articles in each issue. Dr. Venkatram informed that rejected articles can be sent to IDOJ and journal has to maintain its standard. The rejection at editorial level is very high and also contribution from members of editorial board is more. Dr. Raghunath Reddy commented that rejection at editorial level is high and instantaneous. Dr. Vijay Zavar mentioned that comments of editor are disheartening. Dr. Narasimha Rao informed that as a reviewer he feels that many a times the articles are of poor standard. The president concluded that the matter will be discussed with editor.

## IDOJ matters :

Dr. Shyam Verma, the editor informed that 3<sup>rd</sup> issue of IDOJ will be uploaded next month. He also told that the question is to have 3 issues instead of 2. The rejection rate for the original articles are relatively high because of low quality. The maximum thrust is on case reports and letters. Average acceptance rate is only 28 %. He assured that in future it may be indexed on pubmed. He requested for more reviewers. He praised the efforts of Dr. Ashique.

## Indian Dermatology Online Atlas issues :

Dr. Manas Chatterjee mentioned that even though home page has been created, there is problem in the launching of the atlas. He complained that Medknow has not shown much interest in this project. So, are planning to contact 6 summer infosystems. They have quoted a sum of Rs. 80,000/-. Dr. Hemangi Jerajani asked whether it is possible to build on what Medknow has done. Dr. V.K. Sharma suggested that if photographs collected for textbook can be used. Dr. Hemangi mentioned that the copyright is with Bhalani. Dr. Patwardhan wanted more advertisement. Dr. Shyam Verma opined that the uploading of photograph should be made hassle free. Dr. Amit Walia informed that copyright is with the author. Dr. Venkataram opined that money for atlas appears to be quite high. Dr. Manas clarified that it is mainly for space than for design. The house approved for change in the web designer.

## IADVL Text book

Dr. S. Sacchidanand, editor gave the details. He mentioned that Bhalani publishers have given the CD form of textbook. Roadmap has been drawn. Dr. Arun inamdar has resigned from co-editor post in view of brief selected as IADVL academy chairperson. Dr. Chetan oberoi has been elevated to the post of co-editor. Several authors have been contacted. Text book will be released in DERMACON 2013. Dr. Siddappa informed that an agreement has reached for 5 editions. Dr. Siddappa also enquired about the recognition for the work. Dr. Srinivas informed that first pages of 1<sup>st</sup> edition should be retained in all editions. Dr. Sacchidanand told that an international editon also can be published. The house approved. Dr. Sharma wanted to know whether international authors are required. He also informed that continuity is required. Dr. Handa expressed his reservations about international authors. Dr. Narsimha Rao wanted that chance should be given to Indian Authors. It was agreed to give responsibility to editor in selecting authors. Dr. Chetan Oberoi informed that expertise of International authors will be utilized in areas which are grey in India.

## IADVL Concise text book of Dermatology

Dr. Vishalakshi Viswanath briefed about the progress made. Publishers are Wiley Blackwell. The contract is for 5 years and with 15 % royalty. There was a meeting with publishers on 22<sup>nd</sup> march 2011. Estimated expense is Rs. 70,000/-. The final version from publisher is expected by DERMACON 2012.

## Elections 2012

Dr. Suresh Joshipura, the chief election officer, informed that there are 21 contestants this year. The ballots will be sent from 1<sup>st</sup> Oct by registered post. Only trial run of electronic voting will be done this year. No duplicate ballots will not be sent as per constitution. Dr. Patwardhan informed that the roadmap for e-voting. He mentioned that there will be dual form of voting. He informed that date of birth of members required to register for e-voting. Dr. Puttasrinivas wanted the returned ballots to be resend to the new addresses. Dr. Ravi Vadevru Dr. Marfatia, Dr. Handa & Dr. Kaushik Lahiri participated in the discussion.

## International Conference Matters.

Dr. V. K.Sharma mentioned that venue has been booked for ICD – 2013 & Dr. C.R.Srinivas, the local scientific committee chairperson, is finalizing the program. Dr. Rajiv Sharma, the secretary general, briefed about the ICD 2013. Great Indian Expo mart at Noida is the venue. Contract has been signed on March 17, 2011 by ISD President, IADVL President & ICD President. The conference will be from Dec 4 to 7 Dec. Dr. Thomas Ruzicka is the chairman of scientific committee. A local meeting was conducted on 12, June 2011. 31 March will be last date for early bird registration, abstract registration, scholarship application & abstract submission. There will be a meeting with ISD during EADV at Lisbon. Dr. V.K. Sharma informed tht Scientific programme is being prepared & website is already working ([www.icd2013.com](http://www.icd2013.com)). He told that we have not yet come to know about liabilities of scholarship programme. The rough estimated budget is 8 crores & a sum of Rs. 3 crores is expected from registration. For plenary session speakers all facilities are given whereas for chairpersons registration fee will be waved. For the query from Dr. Chetan Oberoi, Dr. Sharma replied that formalities followed by ISD will be followed regarding facilities offered for speakers. Dr. Joshipura advised that it is necessary to contact all international societies for more registration and offer them sister society slots.

## WCD issues.

Dr. S. Sacchidanand, international conference bidding committee chairperson, thanked IADVL – EC for permitting to bid WCD. He told that our bid was started late & we lost to Vancouver, for whom this was the 3<sup>rd</sup> attempt. He insisted that we have to continue our attempt. He insisted that we have to continue our attempts for WCD bidding. If is required to campaign in various international conferences. Dr. Sacchidanand told that he can try collecting money for the bid. Dr. Sharma informed that a minimum of Rs. 10 crores is required to have to successful bids. Dr. Chetan Oberoi informed that we need to have stalls in each conferences till the bidding comes. Dr. Kiran Godse wanted to concentrate only on ILDS delegates. Dr. Vijay Garg & Dr. Venkatram expressed their opinions. Dr. Siddharth Das and Dr. Handa expressed their concern regarding the money spent. Dr. Handa wanted more active core committee & the members who attend international conferences should be added. Dr. Shyam opined that a good ICD 2013 will help a long way in a achieving WCD success. Dr. Jayakar Thomas wanted people to travel abroad attend conferences should be in core committee. He also wanted the Sister Societies of IADVL to become members of ILDS. Dr. Sacchidanand was requested to continue as Chairman till DERMACON 2012.

The secretary informed that IADVL is adding for this medal.

Proposals from members :

1. Proposal from Dr. Jayakar Thomas & Dr. Parimohan Kumar regarding honouring late Prof Thambaiiah with Kandhari award. President informed that decision has to be taken during AGBM
2. History book corrections & additions can be included in next edition of history book. Dr.Kaushik informed that this will go to history committee.
3. Regarding ILDS appreciation award, secretary informed that EC too the decision. Dr. V.K.Sharma informed that now onwards it can be discussed during CC meet and names can be finalized. It was agreed to have a regular process. It was decided to ask the award committee to prepare guidelines for these awards.
  - a. Dr. Siddappa wanted to know whether Thambaiiah can be awarded when he is not a member of IADVL
  - b. Regarding DERMACON 2014 Coimbatore bid & decision has been taken by constitution committee.
  - c. Dr.Sacchidanand informed that we had only constitution updating committee & it should not take any decision. However Dr. Srinivas felt that as they have updated the constitution, they have right to take decisions also. Dr. Sharma opined that there is only constitution committee which updates the constitution. Dr.Bajaj opined that many of these nominations and meets have come up recently. He also opined that all the resolutions should go to constitution committee who can return the objectionable resolutions to AGBM

Proposals from Dr. Srinivas : regarding conferences organised by local bodies pertaining to subspecialties (Vitelicon, Photocon). These types of conferences should be permitted by IADVL only on specified dates. Profits can be used by SIGs for research purpose. Dr. Sharma opined that IADVL should allocate 10-15 lakhs towards non pigmentary disorders. Dr.Jerajani opined that city branches also require financial support. Dr. Srinivas informed that as IADVL members are providing the expertise & participation, IADVL should get the money. Dr. V.K.Sinha and Dr. Venkatram & Dr. Kaushik Lahiri participated in the discussion. It was decided to discuss during GB more about this. There was a discussion about constitution about constitution & constitution update committee. Dr. Coondoo wanted the GB to take the decision regarding this matter. Dr.Walia confirmed that it is constitution committee only.

Dr. Sharma wanted the resolution of spending money on research should be passed.

Proposals from Dr.Venkatram.

Regarding financial proposals to go to finance committee instead of directly to AGBM which has been missed in the updated constitution issue. Dr. Sharma informed that we require to have standard operation procedure book. It was agreed to include this in the constitution. Dr. Venkataram also informed that criteria for secretary & treasurer it is mentioned as any official capacity instead of specifications. The secretary informed that the state contribution for interstate transfer should not be charged. The house approved as this has been approved by the state president & secretaries.

## PROPOSALS FROM IADVL Members

Proposal Aprons by IADVL (Dr. Kiran Godse)

IADVL can market white aprons with IADVL logo for members.

This is done by AAD for aprons penset OT clothes and many things.

IADVL will earn revenue from this venture.

IADVL Members can use aprons in the clinic and Hospitals.

Police officer or Lawyers use uniforms in performing their duties

why not dermatologists?

A good white aprons can create a good image of dermatologists amongst general public.

Dr.S D N Gupta President IADVL

In my opinion Dermazone should be organised like Dermacon with one of the vice presidents taking the charge of it and the audited account of same should be printed in IADVL News as Dermacon and IADVL account.

Also Midterm C C meeting should be combined with one of Dermazone as it is drains significant amount of IADVL Funds.

We must plan to increase our corpus fund year by year, the increment need not be in huge amount. We should have details of the amount, we have saved out of the income in the last 2 years of both IADVL and IJDVL during Dr Jayadev's term.

I request Dr Jayadev and Dr Thapa to bring the details to Jaipur.

Dr Ramesh Bhat M(LM KN 2051)

The number of papers submitted to DERMACON Award papers session is very high. We also have so many awards. However constitution permits only 12 papers. I hereby request to have atleast 36 papers for the award paper session. The rules for award papers is also arbitrary and it has to be for members below 35 years and for PG residents (Irrespective of age, In case of service candidates)

Sub: Need to cap DERMACON Delegate Fee (K H S Rao LM KN 1947)

The delegate fee for DERMACON is being raised by 20% every year. Add to this the cost of travel & stay. With the result it is going beyond thereach of non-sponsored delegates especially PGs. Ironically it is the PGs who have to get the maximum benefit from the conference proceedings. I think time has come to cap the Delegate fee. submitted for consideration by AGBM.

Proposal for carrying out elections from Dr.Rohit Batra (LM/ND/5324)

I would like to propose the following idea for future elections.

The election ballot can be made available with the registration form of the dermacon and filling of form should be made mandatory in order to register for the conference.

The new system will help us in the following way:

1. No. of voters till date is always less than the no. of delegates registering for dermacon and the no. of voters casting their ballot will increase phenomenally.
2. The cost of sending the ballot, printing and postal stamp for sending the ballot to election officer will no more be there and hence the cost for carrying out election will decrease.
3. Once we have a good voter turnout more and more people will participate and will come to know about the society and the standards of dermatology and dermatology will increase.

I request you to please consider my proposal for the forthcoming AGBM in Jaipur.

Dr Akshay Jain

I want to propose that the presentations for all the national conferences should be presented on one unique background with IADVL Logo and it should be downloadable with our IADVL Website free of cost, to keep uniformity in all presentations. sometimes it becomes impossible to read presentations.

Also, that all the presentations should be submitted earliest possible with in a deadline like till 31st december, to the scientific chair with full .PPT file to be presented well in advance, so that the content of the conferences can be uplifted and it can be suggested to improve the quality of the presentations and guest lectures during conferences.

Proposal for national conferences in two parts.

As we have already discussed on IADVL online forum, i want to propose that the national conferences be organised twice per year and their duration be reduced to 2-3 days per meeting.

Dr.Ramana Murty.P.(AP L.M.45)

Postal ballot system must be made mandatory for electing state bodies.As of now voice Vote on the last day of the state coference is the norm being followed.As a result members who are not able to atend the conference are not able to express their choice.Kindly get this issue set right.

Dr Narendra Patwardhan

1). Kindly include the proposal of E voting to be submitted to the constitution committee to be included in the constitution from the year 2012 . this will be optional to the hard copy voting . Those opting for e voting wont be considered for Ballot paper voting

Please see that it comes in agenda of AGM

2). Also, I have asked Dr Guptha to ask Dr Dinesh Mathur to add a information card to be put in the delegate kit of Dermacon 2012 asking all the delegates their detailed information. We wont issue attendance certificates unless they give us the duly filled cards. This is for our permanent Electronic & hard copy records

Proposal : World Psoriasis Day is on 29th October. (Dr.Basavaraj K.H. IADVL LM/KN/1965)

World Psoriasis Day is an annual day specially dedicated to people with psoriasis and/or psoriatic arthritis.

Conceived by patients for patients, World Psoriasis Day is a truly global event that sets out to give an international voice to the 125 million people with psoriasis/psoriatic arthritis around the world. Formed by a global consortium of patient associations from around the world,World Psoriasis Day aims to raise the profile of a condition which needs to be taken more seriously by national and international authorities.

Aims of World Psoriasis Day

Raising awareness: to let people with psoriasis know that they are not alone and to raise the profile of this devastating skin disease and the misery it can cause. To dispel myths about the condition, such as the mistaken view that psoriasis is contagious.

Improving access to treatment: to encourage healthcare systems,governments, physicians, carers and all those responsible for psoriasis care to allow psoriasis sufferers access to optimum therapy. For too long, psoriasis/psoriatic arthritis has been low priority.

They are debilitating diseases and must move up the healthcare agenda.

Increasing understanding: to provide information to those who are affected by the condition as well as the general public in order to educate people about the condition so that they can discuss it more openly and confidently.

Building unity among the psoriasis community: to provide a platform from which patient voices from around the world can speak as one and be heard by key decision makers.

Suggestions and road map towards implementation of this concept by our esteemed association.

C R Srinivas

The secretary is often asked to nominate a member for some award, fellowship, travelling fellowship etc.

To ensure free and fair selection of the most suitable person I suggest the following method.

If time permits then nomination should be invited in our journal.

It should also be invited by IDOJ and Online IJDVL.

Information should also be disseminated on ACAD and IADVL web page.

The last date will depend on the invitation .

The recommendation will be made by the Secretary and chairman ACAD and President Elect and the final decision will be taken by the President.

I have suggested President Elect since the actual fellowship may materialize later.

1) One Person One Post

2) Organizing Secretary, Chairman Scientific and Organizing Chairman of DERMACON should not contest elections for 2 years after the meeting organized by them.

Reasoning: Conference need reforms. Organizer is suspicious of reforms if he plans to contest elections.

He also gets undue advantage over other contestants.

4) NRI DATA BASE :We need more basic research. Our PG students are not interested in Basic research. India has a vast pool of NRI involved in basic research. These include, scientists, PhD students, employees in Pharma industry and also in high places such as NASA etc. IADVL should form a small committee which will include the Honorary Secretary and Joint Secretary and Vice President. A data base should be created and the expertise and infrastructure available to NRI should be made available to dermatologists in India. IADVL can fund such studies . Initially we can limit our self to one or 2 such projects for which applications should be invited. Primary Investigator will be from India and Co –investigator from elsewhere who can be a non dermatologist.

5) IADVL inauguration should be scrapped. The meeting should begin with the welcome address by the President followed by briefing by Chairman Scientific. All other events awards release of books can be planned for Day-2 during IADVL felicitation day.

6) Serve working lunch only during conference. One gala dinner only. Till 9 PM only soft music to be permitted during dinner. It is very difficult to interact with each other if loud music commands and demands attention.

7) ACAD IADVL -Honorary Secretary may be permitted to delegate the day to day operations to any representative of his choice.

8) Venue selection of DERMACON by elections

Dr. Satyadarshi Patnaik, Odisha

I put forth my following proposals to be discussed during the GB meeting in jaipur.

Recently the free paper presentation afternoon sessions during DERMACON are running short of audience thus frustrating and demoralising the speaker who has endured a lot of pain staking efforts for his presentations. As a result private practitioner people from lesser known regions lose their zeal to present paper. This is happening mainly due to the following reasons:-

1. Pharmaceuticals holding alluring game shows with awards and compliments during scientific sessions which should be stopped. They may do this during lunch or after 5pm

2. Sight seeing trips are organised by organising secretary mainly in afternoon which reduces the audience

3. Local marketing. (famous available products may be marketed in conference stalls)

On the other hand audience may be encouraged by instituting awards for the delegate having maximum attendance during paper presentations. Attendance can be obtained during start and end of session. Award may be given to the delegate who puts the most pertinent and authenticated question to the speaker.

Proposal for start of new awards and grants

Venkataram Mysore LM KN 3211

It is a matter of some concern that very few research grants are given out by IADVL- the only one available now is by Loreal. Like wise there are no awards for innovations , nor for any community dermatology activity.

In view of this , I suggest that the following grants awards be instituted out of IADVL funds:

- a) IADVL research grants , worth 50,000 Rs, one for each Special interest group totaling a maximum of Rs 10 lakhs
- b) Innovations award of Rs 25,000 one for each SIG totaling a maximum of Rs5,00,000
- c) Award for outstanding community dermatology project by an IADVL member Rs 25,000
- d) One award for innovations by any dermatologist Internationally- worth 1000 US dollars- this will raise the profile of our association in the international community and help our bid for WCD

The Academy can be entrusted with the task of framing guidelines for these . The funding for these awards should primarily come from the Academy budget- Interested companies and individuals may also sponsor it.The reports should be implemented from this year only -2012.

Proposal for standard operative procedures in IADVL

Dr. Venkatram Mysore LM/ KN/ 3211

Dr. Arijit Coondoo

Proposed that a protocol for Standard Operative Procedures in official functioning of IADVL be formulated

Explanation:

A Standard Operating Procedure (SOP) is a set of written instructions that document a routine or repetitive activity followed by an organization. The development and use of SOPs are an integral part of a successful quality system as it provides individuals with the information to perform a job properly, and facilitates consistency in the quality and integrity of functioning of the organization. In IADVL, there are several administrative procedures which are carried on each year- eg. handing over charge in the case of the President, Honorary General Secretary and Honorary Treasurer; methods of documentation and conduction of general body minutes; methods of website maintenance/yahoo groups, conference guidelines etc. Likewise, several points submitted by members and subsequently passed on AGM often pertain to administration and not necessarily to constitution. Eg. Distribution of work to vice presidents, joint secretaries, Website organization, some financial guidelines such prior intimation to treasurer and finance committee chairperson for any project above one lakh. Such agenda neither get included in constitution nor is there any other system to document them as a book.

This results in different types of problems e.g. agenda initiated by the past president remains incomplete while the new President starts his own agenda which may or may not be completed during his tenure . The new Hon. General Secretary and the new Honorary Treasurer take a few months to understand the system of day-to-day administrative and financial functioning of IADVL which is becoming more and more complicated as the Association expands. Many agenda which are approved by AGM for enhancing efficiency are often not implemented at all. There is poor documentation of administrative processes, with the result that administration varies from one year to the next, varying with each president and committee.

Hence for prompt and efficient continuity in official functioning of IADVL formulating SOPs is now an urgent need of the day. We humbly request the august body to appoint a taskforce to draft SOPs to stream line administration and enhance efficiency. The taskforce will submit the draft proposals to the CC meeting in 2012 and will be finally passed in AGM at 2013. The report of the taskforce after approval should be published in IADVL newsletter and also placed on website.

Proposal for strict action against erring medical equipment (Laser Companies) (Dr Vivek Mehta (LM/ND/4813)

I am life member of IADVL. My membership number is- LM/ND/4813. I want to Request the Proposal for strict action against the medical equipment companies having have a major presence in all national and regional conferences who default in providing the equipment on time or provide duplicate equipments or refurbished equipments rather than providing genuine equipments or who do not respect the initial agreement between the doctor and company. I will like to draw your attention in my case. I placed order with Mr. Dilip Meswani, Coherent medical systems, Mumbai for purchase of True Co2 fractional Sellas C1S F1 Surgical laser systems For Rs 12.20 lacs. 12 lacs was the cost of machine and I agreed to pay him extra 20000 rupees for the dollar rate fluctuation. I had paid him Rs 3 lac 5 thousand rupees (3,05,000 as 25% advance) through cheque no-758386 dated 15/10/2011. Proforma invoice given to me clearly states that delivery time is-4-5 weeks. After not getting response for 5 weeks when I contacted the owner Mr Dilip Meswani, he asked for one week extension that lapsed on 30/11/11. When I tried to contact person named Mr Prem Ranjan at the Delhi branch of coherent medical system, he told me to pay more money as dollar rate is high. During the initial agreement it was quite clear that I was paying him additional 20000

rupees for dollar fluctuation. After waiting for 6 weeks and getting harassed mentally, when I contacted Mr Dilip Meswani to return the advance that I paid him, he refused to return it. I have already initiated legal action against the company. I request you to take a suitable action against the companies who clearly breach the trust by blacklisting the distributor and company and not allowing them to participate in any of regional and National Conferences. I also request you to give caution against the defaulting companies to other members so that no one else suffers the way I have been suffering for last 6 weeks. We do them favor to exhibit their products and they are cheating us.

Proposal for AGBM closing year 2011 at DERMACON 2012.

Proposed by: Dr Jayakar Thomas LM TN 1868

Seconded by: Dr Parimalam Kumar LMTN 1906

1. At present the office of the TN branch of the IADVL is in shambles. There has been lot of violations and flouting of the constitutional bylaws where the AGBM was conducted in a reprehensible manner not following any of the agenda.

We propose that order is put into the office of TN branch and all those found guilty are asked for explanation and necessary steps taken to avoid such contravention in future.

E.g. Erroneous bidding for DERMACON, sending flawed documents and hiding of the document till the end from the State council by the President Elect, one of the national joint secretaries, the state secretary and president. It is also proposed that all office records of TN branch are perused by the Central Constitutional Committee.

2. We propose that all academic issues like fellowships, awards and matters related to drug trials are announced to all members of the IADVL either through the News letter or the Journal. All those who are willing and eligible should be allowed to participate and absolute transparency must be maintained.

Proposal: E Poster implementation at National Conferences

Proposed by Dr. Vishalakshi Viswanath

Need: Increase in number of poster participants, encouragement to youngsters to participate

Easy to prepare, display, implement and most importantly- eco-friendly.

Meeting up with international norms of presentation

Background: Successful implementation at Cuticon (Maharashtra) 2011

Process: Formulation of guidelines for receiving abstracts and posters

Screen data received for uniformity in content submission and guidelines followed

Creation of website to receive abstracts and posters

Identify technical aspects requirements and implement data in required software for display

Scrutinize final soft copy to minimize errors

Display in conference, upload on website, soft copy ( pendrive/ CD) to delegates

Dr. Suresh Talwar

1. Updating IADVL directory - Dr Ramji and And Dr rakesh bansal (vice presidents ) were given task ,no progress made so far , Since myself and dr Devesh Mishra have good amount of updated data ,Dr Devesh Mishra may be given task to update and release new directory

( at least in CD format )in a time frame of 6 months.

2 . Volunteer to establish IADVL head quarter at Lucknow. It will work under overall supervision of IADVL secretary and will have local dermatologist for daily supervisory roll under the guidance of IADVL SECRETARY .It will have one clerk, 1 computer , 1 telephone and 1 net connection .Over the period of time ( 1-2 year )small permanent structure will be acquired .We agree to bear the expenses during trial period of initial 6 months with no burden on IADVL

3.SOP be formulated for each and every activity of IADVL

4. There should be fees for all the candidates contesting IADVL executive elections .This will deter non serious contenders . Fees should be 5000/ for president and 3000/ for other posts .Will help IADVL recover some of its expenses.

## OBITUARY

Dr. A. Krishna (1928-2011),

Dr. A. Krishna (1928-2011), completed his MBBS at Stanley Medical College, and specialized in the then nascent field of Dermatology/Cosmetic Dermatology.

He was a resident under Dr. C.S.Livingwood (who was the first president of the American Academy of Dermatology) at the Henry Ford Hospital, Detroit and post graduate with Dr.Arthur.C.Curtis at the University of Michigan. He also trained for a year in Dermatopathology with Dr. Herman Pinkus at the Wayne State University.

During the above mentioned period, he also trained in Cosmetic Dermatology under Dr.Beninson. After a brief stint with Stanley Medical Hospital as an honorary dermatologist, Dr.Krishna set up his private practice in Mylapore where the clinic still functions.

Dr.Krishna has held the posts of President, IADVL, Karnataka-Tamil Nadu branch and was also the All India president.

He was a Fellow of the American Academy of Dermatology and Life Member of the American Medical Society of Vienna.

He has presented many scientific and technical papers across the globe, especially on CRYOGENICS and was recommended by Dr.R.Srinivasan( IIT-M) for Fellowship of the Indian Council of Cryogenics; the only medical doctor to be so nominated.

Incidentally, Dr.A.Krishna was the son of Dr.Anantha Narayana Iyer, the 2nd Indian principal of Stanley Medical College, who, following his retirement took a 6-year contract to start the Kashmir Medical College.

Dr.A.Krishna's son Dr.Anand Krishna and daughter, Dr.Vidya Rampradeep are both renowned dermatologists.

Dr Ramaswamy Ganapati Passed  
6TH JULY 1930 - 13TH NOV 2011

It is with deep regret that we write the obituary of a personal friend, a Professional associate and a Fellow worker. Dr Ramaswamy Ganapati passed away peacefully on 13th November 2011.

He was a keen observer, an expert clinician, a committed scientist and above all, a kind and loving doctor. Born in a middle class family in the southern most part of India, Tirunelveli, Tamil Nadu on 6 July, 1930, he completed his medical education in Madras. Dr R Ganapati started his career by establishing a Primary Health centre in Valathi in South Arcot district in Tamil Nadu. During this period he had the privilege of having first informal lessons in leprosy from Dr K Ramanujam whom he used to visit often.

Later he joined Acworth Leprosy Hospital (ALH) as Assistant Medical Officer where he had the opportunity to see lots of patients, something like 300 old patients and 50 new cases daily and learning clinical aspects of leprosy from an eminent teacher, Dr N Figueredo. This coupled with an emotional satisfaction of serving in a neglected medico-social field created a lasting impact and proved to be a turning point in his career. The opportunity of doing clinical research in leprosy emerged when he was appointed as the Research Officer. The post of Research Officer and the experience he gained were most crucial in determining his future contributions in leprosy.

While at ALH his vibrant enthusiasm and his commitment to work inspired his colleagues and associates to form an activist group from amongst the staff who joined the

rebellion against injustice and thus an NGO by name Acworth Leprosy Hospital Society for Research, Rehabilitation and Education in Leprosy (ALH-RRE Society) was registered.

It was an extremely uncomfortable and restless seven year service in leprosy (1963 to 1970) that he had to put up with in ALH. In 1970-71 he had the opportunity to go to Chingleput and worked under Dr Desikan at his own cost. His stature in the medical fraternity enabled him to start leprosy treatment service of high quality in medical institutions particularly teaching hospitals. He assisted the Government of India in his capacity as the member of National Leprosy Eradication Commission, the highest policy making statutory body as well as Maharashtra Government as a member of State Leprosy Council and Chairman of the State Rehabilitation Committee. He functioned as consultant to Govt. of India / WHO for assessment of training of centres in 1986-87 and for MDT Districts from 1987 to 1998. He was a member of the WHO Expert Advisory Panel from 1991 to 2000.

He published over 300 scientific papers some of which represent outstanding landmarks on various aspects of leprosy. A recent analysis of publications by scientists in leprosy journals (1950-2007) carried out by independent experts revealed that Dr Ganapati was in the company of seven distinguished Indian authors who have to their credit more than 120 papers indexed in "Medline" (Leprosy Review, 79, 387-400, 2008).

President of India honoured Dr. Ganapati by conferring the National Award of PADMASHRI in the year 1983. The highest scientific honour of the country for exemplary research work in leprosy namely, JALMA Trust Fund oration Award was conferred on him by the Indian Council of Medical Research in 1986.

The loss of Dr R Ganapati is deeply felt by all leprosy workers who knew him and all leprosy patients who were benefitted by him.

Dr Inderjeet Kaur

Prof Inderjeet Kaur was born on 22nd October 1948. She graduated from Punjab University, Patiala in 1972 and obtained her MD in Dermatology, Venereology and Leprology from the same college in 1979. She started her teaching career in Dermatology as a Registrar in Rajindra Medical College, Patiala. In 1980 she joined our department at the PGI as a Senior Resident and remained attached to the Institute in various capacities for 31 years till her untimely, unexpected and unfortunate demise on 7th September 2011.

She became Professor in 2006. During this vast academic career she authored more than 175 papers in peer reviewed indexed National and International journals and presented about 30 important papers at various conferences. She was an active member of several academic associations including IADVL. She successfully held various organizational positions in different conferences, CMEs and workshops organized under the aegis of these bodies.

Her special areas of interest were leprosy and psoriasis in addition to clinical dermatology. Her clinical acumen was cute and superb. She gave importance to every minute detail on whatever lesions were there on the skin.

She was a great teacher and took keen interest in academic performances of the residents. She was always concerned about the general well being of her residents. A few generations of dermatology residents learnt the art of clinical observation from her. In addition, her concern for social, financial and psychological impact of the disease on the patient

was praiseworthy. This was a virtue that her students also observed, experienced and learned to imbibe in their clinical practices.

Her contributions to Dermatology were recognized by many organizations. She was awarded Fulford Oration by IADVL in 1998 and was the recipient of Maria Duran Medal in 2010. This award is to honour memory of Maria M. Duran former Secretary-General and Executive Vice President of the International Society of Dermatology.

Prof Inderjeet Kaur had to face several difficulties in her life due to prolonged illness of her husband, a famous cardio thoracic surgeon at the PGI. She remained unfazed through all these difficulties, faced them with courage and poise. She almost single handedly reared her two children and established them in life.

Her death has created a vacuum which would be difficult to fill. It is a loss to the Dermatology fraternity. During my long associations of more than 25 years with her I never saw her losing her cool. She was always smiling and in retrospect we now realize there was a sadness in this smile

which we unfortunately could not pick up. Every body who had met her even once would miss her. She contributed a lot towards

Dermatology and these will be remembered always. It is difficult to imagine Dermatology Department at the PGI without Prof Inderjeet Kaur

We pray to God that her soul rests in peace.

Inderjeet we will miss you at every step
