## **MESSAGE OF PRESIDENT ELECT**

**Dr. P Narasimha Rao**  
**LM/TS/134**

Dear IADVLites,

Greetings.

It gives me great pleasure to address you through this IADVL news letter, as this is the medium through which national EC communicates and updates you about our association activities periodically. National EC under the leadership of Dr Ramesh Bhat has been very active in taking forward all the existing activities of IADVL, as well as embarking on variety of new initiatives.

One such new initiative has been joining hands with NLEP, by becoming its official partner, in the fight against leprosy. As a part of this initiative IADVL is going ahead with a 'National Leprosy Symposium' on 24 August, in collaboration with IAL, a first of its kind initiative, wherein WHO and other national leprosy stakeholders are taking part. I am sure it will redefine the role of IADVL in the fight against this age old disease rife in India.

It is just one example of many such initiatives taken up by this national EC. This is possible only because of support and contribution of various members of this esteemed association. I thank them all through this forum.

I Look forward to your continued patronage and active participation in all IADVL activities, to take IADVL to greater heights.

***Dr. P Narasimha Rao***  
President Elect, IADVL (2018)

### **MESSAGE OF IMMEDIATE PAST PRESIDENT**

Year 2018 is a happening year for IADVL under the leadership of our dynamic President Dr. Ramesh Bhat. As an Immediate Past President, I am happy to see that the initiatives taken by me are effectively carried forward in current year as well.

Let us assess current status of various projects started during my tenure.

1. IADVL Task force Against Relcalcitrant Tinea (ITART): Many CMEs were organized and Nation wide webinar on FIGHT AGAINST FUNGUS was a grand success. Publications like Tinea Times and Fungi Times are well received. Manual on Tinea was released and circulated.

2. IADVL Task force for Dermatology Education: A meeting was convened on 13<sup>th</sup> July 2018 and MCI competency based curriculum on Dermatology was discussed thread bare. Suggestions to alter the same were taken and compilation is going on so that we can prepare guidelines.

3. PG Thesis grant of Rs.50,000 for 20 PGs : First lot of grant is already released to 13 eligible applicants and current year applications are invited.

4. Publications: User's manual on Corticosteroids (Topical and Systemic), Textbook on Geriatric Dermatology: They are in advanced stage and will be published in DERMACON 2019.

5. IADVL Head-Quarter building project: It is in final stage and credit goes to Dr. Ramesh Bhat and Dr. Mukesh Girdhar.

6. I am immensely pleased that my proposal to hold DERMACON on INTERNATIONAL scale every 5 year is now a reality and Dr. Raghunatha Reddy and his team are working hard to make it a grand success.

7. Constitution updation is completed and updated constitution will be released in DERMACON. Credit goes to one and all involved in this laborious exercise.

Academy and SIG are performing at their best and every weekend is buzzing with one or other academic activity in different parts of our country. Dr. Seetharam and Dr. Deepika deserve all the credits for the same.

We are going for exclusive e-voting from current election but still, sizable number of members have not registered themselves as an e-voter. Their inclusion in list of e-voters will go a long way in making e-voting a real success.

As an Immediate Past National President, I am well received by all EC members and my suggestions/views are duly considered. I am indebted to Dr. Ramesh Bhat, Dr. P.N. Rao and all EC members for their affection.

My sincere thanks to Dr. Uma Shankar and Dr. Sashi Kumar, our dynamic Secretary and Treasurer. They are the real pillars of IADVL.

I conclude with optimistic note that every passing year takes our Association to a greater height.

Long Live IADVL.

**IADVL first-Association above Individual.**

Let us create Brilliance together.

## **HON. SECRETARY GENERAL SPEAKS**

Greetings from the IADVL National Secretariat.

I wish all IADVLites a very happy 72<sup>nd</sup> Independence Day 2018.

I am glad that I have completed six months as Honorary Secretary General, IADVL, the second largest association of Dermatologists in the world with over 10,000 members. I hope I have done justice to the faith laid upon me by you all and I have so far put my best efforts amidst huge workload and meeting endless deadlines. There has been a flow of activities during last quarter like SIG workshops, CMEs, World Vitiligo Day activities, meetings with government officials for implementation of various member and public welfare activities, observing World Skin Health day, coordinating with media for public awareness on skin health, coordinating with all state presidents and secretaries to implement national activities at state and regional level, coordinating with all committees to streamline and regulate their projects, coordination with ITATSA, ITART and ITAQ, timely completion of membership process through OMAS, updating websites and many more. Most important is observing World Vitiligo day which was a great experience. Overall, I have enjoyed performing these Herculean tasks.

I must sincerely thank the three Presidents and all members of the EC 2018 for their constant guidance and cooperation. My special compliments to our meticulous worker Hon. Treasurer, Dr. Shashikumar, dynamic joint secretaries Dr. Dinesh Kumar and Dr. Prashant Palwade for their ever-ready help. We are now moving close towards the digital paperless world. After assuming charge of the National Secretariat in April, I had taken up the issue of memberships as a priority and am glad to inform you that close to 386 membership applications and conversions have been processed during the last quarter. The membership application and conversion process has become even more streamlined and faster now. I must thank Dr. Shyamanta for all his efforts to make the exercise totally paperless. It gives me immense pleasure to announce that many new features are being included in IADVL web site of which one important feature is 'Find the Member' which assist all our members and public to search for near by dermatologists. This module is ready to be unveiled at the Central Council Meeting (CCM) at New Delhi on Saturday, 25<sup>th</sup> August 2018. I request all members to sign up in the website or the App and gain access to a plethora of member benefits besides being able to edit any details or connect to other members across the country. All information about the association are easily accessible on the official yahoo groups, website, App and the Facebook Page. Announcements are regularly sent through bulk sms and emails.

The process of IADVL Elections 2018 is already in place. We have a good number of candidates contesting for various posts in the National Executive for the coming year as well as bidders for DERMACON 2021 and MIDDERMACON 2020. However, as there are no bidders for MID DERMACON 2019, it will be called once again to bid on the floor during AGBM scheduled to be held during DERMACON INTERNATIONAL 2019 at Bengaluru. I wish all contestants and bidding cities the very best. I also take this opportunity to urge our members to exercise their voting rights. I am also glad to share with you all that from this year onwards we are well prepared for e-voting for the first time in the history of IADVL. I also urge all life members those who have not registered for e-voting to take as priority to register in the website or App before 31<sup>st</sup> August 2018.

DVL Welfare Trust membership is another member and their family-oriented service that I strongly recommend all to join. Our association is offering several opportunities for publications, research grants, observerships and scholarships. I urge the members, especially the young dermatologists and the residents to utilize these opportunities.

I extend a warm welcome to all CCM attendees and look forward for fruitful discussion at the business meetings of the association. I request you all to come forward and support all activities of IADVL and strengthen IADVL more.  
Long live IADVL!

**Dr. Umashankar Nagaraju**  
Hon. Secretary General, IADVL (2018-2020)

### **HON. TREASURER'S NOTE**

**Dr. Shashikumar B M**  
**LM/KN/5241**

Greetings from IADVL National HQ!!

I am happy to present to you the accounts of 1<sup>st</sup> quarter i.e 1<sup>st</sup> April to 15<sup>th</sup> June. I am also attaching balance sheet for previous year along with income and expenditure details. We will file the returns soon.

This will help members to make a wise investment in the form of an immovable property to house our permanent National HQ. I am sure that these figures will help the Central Council in the making of some important financial decisions.

I am also happy to share that even with so many meetings and other expenses, we have saved around 65lakhs. Thanks to our president for mobilizing the funds.

Looking forward to discuss all these issues and many more with you all over at New Delhi during the Central Council Meeting.

Long Live IADVL!

Dr Bhat provided a short recapitulation of the work done by EC 2018 in the last 2 months 3 weeks.

Issue related to affiliation fees of Kolkata DERMACON 2017 & Cochin DERMACON 2018 was discussed and was decided to sort them out soon.

Dr Mukesh Girdhar enumerated the work done by him as an EC co-ordinator of committees & on the HQ office search update. The EC decided to visit the Ghaziabad property on 08-04-18 and then take a final decision regarding the HQ.

Discussion regarding the interior work of the HQ was discussed and also the possibility of overshooting the earmarked budget was also discussed. Dr.Ramesh Bhat proposed the option of collecting donations from the willing members for the same.

The efforts of the Constitution committee especially that of Dr Jaydev Betkerur & Dr Anuradha K B was appreciated.

Dr Bhat also appreciated Dr Prashant Palwade & Dr Dinesh Kumar D for quick preparation of the minutes of meeting of AGBM of DERMACON 2018.

Dr Bhat also enumerated the activities of ITAQ. Dr Dinesh proposed that there could a National orientation program for the State co-ordinators of ITAQ, so as to train them to effectively implement the SOPs of ITAQ.

Dr Bhat welcomed Mr. Sanjay Laab, Auditor of National IADVL to the meeting.

Discussion on GST was taken up. The auditor opined that we go in for advance ruling (payment) and ask the government for clarifications.

Dr P Narasimha Rao opined that we enquire about the stand of other Medical associations on GST and then take a common stand with them.

The auditor was asked if the surplus share paid to the state attracts GST?

The auditor replied that if the gross receipts of the state receiving surplus is more than Rs. 20 lakhs per annum, then the state has to be registered with GST, and raise an invoice and send to National IADVL. The GST is on the state.

If gross receipts below Rs. 20 lakhs than only TDS is applicable.

Dr Bhat received a message from the Association of Community Medicine, who opined that there was no need of GST on membership fees from members. The auditor clarified that it was his duty to inform the same.

The auditor also added, to pay GST every month even on advance payments, and one can raise the invoice later.

Discussion on Auditor fees. Currently IADVL is paying the Auditor Rs, 36,000/- per month. Initially it was Rs. 18,000/- per month and at that time Ms Vandana was doing the day to day computing of IADVL accounts. Later as the auditor office began doing the day to day computing work it was increased to Rs. 36.000/- per month.

Now the auditor wants it be increased to Rs. 50,000/- per month in view of additional work in the form of MIDERMACON & DERMACON accounts.

Dr Rajib felt that Rs. 45,000/- per month was reasonable. Dr Yogesh Marfatia suggested that the auditor settle for Rs. 46,00/- per month as his fees and the auditor agreed to the same. Dr. Umashankar made clarification with the auditor that this amount of Rs 46,000/- include accounting fee, auditing fee and GST payment.

Dr Shashi wanted the auditor to maintain a computerised book of accounts and details of all transactions in addition to the other services mentioned in the contract and the auditor agreed to the same.

Dr PNR informed that, if the auditor has to travel to other places other than New Delhi, Then he would be entitled to charge for the actuals that is his travel and accommodation charges but no service charges would be applicable. In case of meetings within New Delhi, local transport would be arranged to him. The auditor agreed to the same.

The auditor informed that IADVL has to pay under one PAN and IADVL needs to pay 3 different GST (IADVL, MIDERMACON & DERMACON) under separate states.

The auditor will take up GST registration.

The local branches can compute all the transactions and provide the details to the auditor who will then calculate GST and make the local team pay GST. If the local team themselves can calculate, compute and pay GST, then they are welcome to do so.

Dr PNR opined that the local organisers/team pay the GST and take up the responsibilities.

Dr Shashi opined that, since ultimately it will be the responsibility of national IADVL, it is better the Auditor of National IADL does it.

It was decided that the Auditor of national IADVL will audit and pay the GST.

Dr Shashi informed that the Kanyakumari team have not taken up GST because of lack of necessary documents.

Dr Bhat asked the auditor, if the property is purchased then could the address of the newly purchased property be mentioned in all our official documents from the date of official purchase?

The auditor replied, we could.

If IADVL is purchasing a property in one state then the GST is to be paid in that state only. If we have go in for transfer of registered property than 12 A registration is needed which can take 6-9 months

If the property purchased is in a completed state then GST is not required to be paid.

Following are the inputs of the auditor:

- Person paying sponsorship fees is liable to pay GST
- In case of property purchase, auditor services would be part of the package already decided and there would not be any extra burden on IADVL
- Capital investment for property cannot be shown under expenses head.
- Furniture has to be capitalised & depreciated with property 10% annually

Dr Rajib opined that Rs. 10 crores earmarked for property purchase could be transferred to the building corpus fund, but the interest from that would be taxable. He also informed that there is a separate corpus fund for IADVL from last year.

Dr Bhat suggested the names of Dr Vinod Kumar Sharma, Dr Yogesh Marfatia & Dr Deepika Pandhi's names for the advisory board to the National Board for approval on Fellowship courses. The IADVL would also need to suggest 2 names each from each zone.

Dr PNR elaborated on the meeting with NLEP on 06-04-18. The director of NLEP wanted a letter detailing the partnering of IADVL with NLEP and the director would ensure the publication of the letter in the department.

NLEP has an app to notify Leprosy cases and also to get MB-MDT drugs free of cost, NLEP wants one state co-ordinator to co-ordinate with the state Leprosy officer to screen people at risk, create educational programs. The NLEP is keen to have IADVL inputs in its activities.

The NLEP wants IADVL to form a committee and recommend when & where MB-MDT can continued for beyond the stipulated 1 year.

Dr Bhat felt that the responsibility could be delegated to SIG Leprosy.

The EC felt that the SIG Leprosy is to be directed to conduct a research on the potential usage of the existing prophylactic vaccine of Leprosy as a therapeutic vaccine for existing Leprosy cases.

Dr PNR also informed that he suggested to make thalidomide & clofazimine be available through NLEP.

Dr Dinesh suggested that IADVL put all these details pertaining to NLEP collaboration in IADVL website and provide NLEP link in our website. And also request NLEP to provide a link to IADVL website in their website.

It was decided that ITATSA & ITART be given the responsibility of preparing the list of illogical unethical topical drug combination which are not required, which are to be banned. A period of 3 weeks could be provided to frame the same.

Dr PNR wanted proper documentation from ITATSA and also, he wanted ITATSA to give a plan of action for 1 year and also to prepare a file on the activities taken up so far and the actions done so far.

Dr Rajib informed that ITATSA has an allocated fund of Rs. 5 lakhs last year.

20 % of this would be Rs. 28, 293, 614/-

Kolkata has so far transferred around Rs. 1.9 crore.

Dr PNR suggested that as Kolkata owes the balance amount to IADVL National, a communication be sent to them regarding payment of the balance amount.

Dr Mukesh suggested that the EC go thought the MoU inked with DERMACON 2017 Kolkata team before sending the communication.

Dr Shashi mentioned that the IADVL Constitution does not mention about sharing. Dr Bhat informed that 205 of the savings/ surplus has to be given to the host state.

The EC opined that the words/ phrases regarding sharing is ambiguous & contradictory in the constitution and needs to be amended.

Regarding IJDVL finances it was discussed, if the finances of IJDVL be bought about on the same lines as IDOJ and IADVL Academy. All agreed.

**IADVL national executives met DDG (leprosy), Ministry of health & family welfare, GOI, with a proposal to work together for leprosy:**

IADVL national executive members, President Dr Ramesh Bhat, President-elect Dr P Narasimha Rao, Immediate past president Dr Yogesh Marfatia, and Hon Secretary General Dr Uma Shankar Nagaraju, met Dr Anil Kumar, DDG (Leprosy), Govt of India in his office at New Delhi on 6<sup>th</sup> April, 2018, with a request to associate and work hand-in-hand with NLEP to attain the vision of 'leprosy free India'. The national executive members apprised Dr Anil Kumar that IADVL is ready to work along and extend assistance to implement the policies and programme of NLEP and GCI at grass root level through its members who are spread over far and wide all over India.

The IADVL President expressed that the possible areas where IADVL and NLEP could work together are:

- State / regional IADVL representative to co-ordinate with the state Leprosy officer (SLO) of each state to provide leprosy expertly/ resource persons to screen suspects during leprosy detection campaigns (ECDCs)
- Organize workshops/basic leprosy training/updates for leprosy workers / Ayush medical practitioners and other in the field and at district level periodically and also to create educational programs for the masses
- work along with NLEP by providing inputs and guidelines for management of high bacillary cases and patients with severe recurrent / steroid dependent ENL.
- to develop and propagate the use of a mobile app for notification & registration of new cases seen by various dermatologists at their private clinics and hospitals all over India.
- Co-operate in other areas where IADVL expertise and manpower can be used, including to further the research in leprosy.

This partnership and cooperation between private and government agencies would bring to fore more workforce and wherewithal to fight leprosy in India with initiative in sync with the theme 'accelerating towards leprosy-free world' proposed by WHO for years 2016-2020.
