PRESIDENT'S MESSAGE

Dr. Narasimha Rao
LM/TS/134

Dear Colleagues,

Greetings to you all.

It is good opportunity to address you all through our IADVL newsletter. This year we have launched the IADVL *Theme of the year, 2019 'Fight the topical steroid mis-use'*. To create awareness among general practitioners on this theme IADVL has planned about 300 **Round Table Meetings** across country with the help of Dr.Reddy's labs pharmaceuticals.

We are happy that '**IADVL GPA (Group Personal Accident) scheme**' has been launched from 1st April 2019 for a total of 5,615 Life members who have updated their information as E-voters. It is gratifying to note that these life members are secure with this scheme. At the same time, I request all state IADVL executives to enrol any missing LMs who are not yet e-voters to enrol them so that they get benefit of GPA scheme as well as the opportunity to vote in the ensuing elections.

This year academy is very active and through its initiative five (5) of our members have attended International leprosy training programme at Taiwan, China. Also, good number of delegates attended WCD at Milan, Italy with the help of IADVL scholarships. It also been a good year as two of our esteemed members Dr Mysore Venkataram and Dr Ramesh Bhat got elected to ILDS as representatives. Congratulations to them. We are also in the process of strengthening our ties with Central leprosy division, Govt of India and planning newer initiatives in partnership with NLEP and GOI.

Friends, we are midway through this year and we have lot more activities in store. We are going to discuss some of them during the CC meet which is going to take place on 3-4 August 2019 at our New Headquarters, New Delhi. I earnestly solicit your support to all IADVL initiatives to further strengthen our association in year 2019.

Dr P Narasimha Rao

President, IADVL (2019)

MESSAGE OF PRESIDENT ELECT

Dr Kiran Godse
LM/M/701

Dear Members, dear colleagues and friends

It is with great pride that I assume the role of President Elect of the IADVL for this year. This is a huge privilege, but also a very big responsibility, which I can only hope to fulfill. We had fruitful meetings with MCI, DNB Board and leprosy officials at Delhi in 2019.

It's time to take the association to the next level. I am delighted with launch of new member-oriented schemes, new office and much more. We need to strengthen our membership with valid email and mobile number. We will focus on our financial stability and growth of academics. We have two directors at ILDS now. We need to further increase our international presence.

If you have ideas, suggestions for benefit of IADVL members or questions, please contact me at drgodse@gmail.com.

We look forward for all your cooperation and guidance.

Dr Kiran Godse

President Elect, IADVL (2019)

MESSAGE OF IMMEDIATE PAST PRESIDENT

Dr Ramesh Bhat
LM/KN/2051

It's very encouraging to see IADVL is being recognised all over the world. We had our big contingent at Milan during WCD 2019. It's also heartening to note that for the first time IADVL has 2 Directors ILDS. The IADVL Presidents also attended other International events.

The IADVL academic activities are continuing with full swing all over India. Vitiligo day was also observed with enthusiasm in various parts of the country. The democratic process of IADVL elections has been initiated by our hard-working Secretary. The IADVL treasurer is meticulously working to improve the deposits and its judicial distribution for member related expenses.

I sincerely thank all IADVLites for their tremendous contribution in the success of IADVL activities.

Dr Ramesh Bhat

Immediate past president, IADVL (2019)

HON. SECRETARY GENERAL SPEAKS

Dr Umashankar Nagaraju
LM/KN/3455

Greetings from the IADVL National Secretariat!

I am glad that I have completed 18 months as Hon Secretary General, IADVL, the third largest association of Dermatologists in the world. I hope I have done justice to the best of my efforts amidst of huge workload and meeting endless deadlines. There has been a flow of activities during last quarter like SIG workshops, CMEs, offering international and national scholarships for IADVL Members, vitiligo day activities, meetings with government officials for implementation of various member and public welfare activities, media for public awareness on skin health, coordinating with all state presidents and secretaries to implement national activities at state and regional level, coordinating with all committees to streamline and regulate their projects, coordination with ITATSA and ITAQ, timely completion of membership process through OMAS, updating websites and many more. Overall, I have enjoyed performing these Hercules task.

The IADVL Headquarters at New Delhi is now functional and along with secretary at local office and Website managing team at Bengaluru. Since assuming charge of the National Secretariat in April, I had taken up the issue of pending memberships as a priority and am glad to inform you that close to 308 membership applications and conversions have been processed during the last quarter.

E-voting for the first time in the history of IADVL was held last year and was successful with upto 67.17% voting. Such a big voting percentage was never seen in IADVL even when ballot voting was practiced. Thanks to all registered e voters who voted last year. This year we have further gone ahead in making the election nomination filing and payment completely online. This is a significant achievement of this year.

The process of IADVL Elections 2019 is already in place. We have a good number of candidates contesting for various posts in the National Executive for the coming year as well as bidders for DERMACON 2022 and MIDDERMACON 2021. We wish all contestants and bidding cities the very best. I also take this opportunity to request our members to exercise their voting rights in earnest. Those who have not registered may do so before 31st August 2018 at www.iadvl.org.

It is proud moment for all of us as two of our IADVLites got elected, Dr Mysore Venkataram as regional Director of South East Asia and Dr Ramesh Bhat as International Director of ILDS. Congratulation to both of them.

I thank all my EC members especially President Dr P Narasimha Rao for providing me constant support and confidence.

We have an exciting CC meet around the corner with lots of discussions. I extend a warm welcome to all CCM attendees and look forward for fruitful discussion at the business meetings of the Association. I request you all to come forward and support all activities of IADVL and strengthen IADVL more.

Long live IADVL !

Dr Umashankar Nagaraju
Hon. Secretary General, IADVL (2018-2020)

HON. TREASURER'S NOTE

Dr Shashikumar B M
LM/KN/5241

I am happy that we have almost finalized the accounts of FY 2018-19 on time. It was a hurricane task to coordinate multiple accounts. I thank organizers of DERMACON, MIDDERMACON, academy chair and conveners, IJDVL editor for timely submission of details and support. For the first time, IADVL organized DERMACON under its PAN. This helped for the meticulous auditing of the conference finance.

I thank president and past president who helped in mobilization of funds from all possible ways. I thank Secretary General for his constant support.

Long Live IADVL!

Dr Shashi Kumar B M

REPORT OF IJDVL & IDOJ

Dr Saumya Panda
LM/WB/2805

IJDVL has attained a historic and unprecedented impact factor of **3.030** as per the recently published Journal Citation Report 2018. This makes IJDVL the **first biomedical journal from India** to cross the barrier of Journal Impact Factor 3. According to the Scimago Journal Ranking, IJDVL is now the **top ranking Dermatology Journal in the Asiatic Region**. IJDVL also now commands the **9th rank among all open access journals** in the biomedical category in the world.

Legend: IJDVL Editorial Board meeting at the IADVL HQ at Kaushambi, Ghaziabad, Delhi NCR on 14th July, 2019.

REPORT OF IDOJ

Indian Dermatology Online Journal (IDOJ) received 357 manuscripts this year till July 20th as compared to 301 in 2018 during same period. The print copies are being posted regularly to corresponding authors and all medical colleges across the country. Ahead of Print (AOP) service is initiated and now functional for benefit of authors. With AOP feature in place, now journal issues are coming well on time. Number of original articles and dermoscopy submissions have increased significantly this year. The editorial team is working hard for quality and time bound processing of manuscripts. We invite researchers, faculty and postgraduate students to submit their quality original work to IDOJ.

IADVL STATE BRANCH ACTIVITY REPORT

IADVL AFDG

– VITILIGO DAY:

Vitiligo Day was observed on 25 June 2019 at AFMC, Pune. Two different types of talks were held in the outpatient department.

(a) One talk was for patients with vitiligo and their families who were counselled in depth about the disease, the value of regular follow up and adherence to therapy and also about the different medical and surgical treatments available. The patients were educated about this year's motto "Mental and Medical Journey of Living with Vitiligo – The Journey Starts with Me!" A couple of patients spoke

about their own inhibitions and problems faced due to the disease which was highly appreciated by all.

(b) The second talk focused on the other OPD patients where awareness regarding the disease which included the various myths, the social stigma associated, the treatments available and finally the importance of accepting these patients without treating them as outcasts was stressed upon.

– Col S Radhakrishnan, Secretary, AFDG

Dr. Athota Kavita, Author of Vulval Diseases Chapter in IADVL text book, Dr. Uma, Chief Gynecologist, Rainbow Hospital, Dr. Murali, Endocrinologist and others shared their experiences. Interactive session made it very useful. APMC allotted 1 credit hour.

- On 30th June 2019, CME and Workshop on "Basics of Dermato-Pathology" was organised in collaboration with SIG Dermato-Pathology and North Andhra Association of Dermatologists at Gitam medical college, Vizag. SIG faculty and local faculty explained pathology in dermatology in a simple way and a live demonstration with 50 microscopes was displayed for practical understanding. Participants were benefited with interactive sessions. Quiz was conducted and free papers were presented with and awards were given. 110 dermatologists and 90 pathologists participated in the CME. APMC allotted 2 credit hours.

- Vitiligo Day: (report attached)
- Knowledge bytes: 107 knowledge bytes were posted in groups and were appreciated by all.

- IADVL AP launched website www.iadvlaps.com with information and academic activities like yuvaderma, academics, cuticon, history and committees on 14th June 2019. The website was launched by Dr. R. Subbarao, Chairman, Cuticon AP scientific committee.

VITILIGO DAY:

IADVL AP organised programs on International Vitiligo Day on 25th June 2019 across the state. The following are the programs,

CMEs on Vitiligo were organised in all medical colleges on the theme of the year “Quality of Life of People Living with Vitiligo”

Community awareness meetings were organised in individual clinics and teaching hospitals and vitiligo patients shared their stories of living with vitiligo. The stigma and discrimination towards vitiligo was identified and stressed in community awareness meetings. In Vizag and Srikakulam, vitiligo patients also participated in the meetings.

“I was married and then got vitiligo after my childbirth. My husband and in laws harassed me so much. I thought of suicide also. But I came to know about surgery for vitiligo and underwent melanocyte transfer vitiligo surgery. I got good response and I am happy now” said Mrs. Rani, house wife.

In Vijayawada, the treatment options in treatment of vitiligo were discussed in the academic forum and the skills and knowledge were shared with young dermatologists for improving their client satisfaction. Blister grafting, split skin grafts, ultra thin graft, PUVA and medical treatment were discussed. The role of excimer laser was mentioned and more experience in excimer laser use is to be discussed in future CME.

In Guntur, Senior dermatologists were facilitated for providing patient care since many years for the betterment of vitiligo patients.

“I don’t know why my friends are not friendly manner with me now after getting white patches! I want to get rid of the white patches” agony of 8 year old girl.

The Vitiligo day was used to increase the awareness in communities. The different modalities of treatment were talked in Visual Media and printed in newspapers.

A one-day workshop on Surgical management of Vitiligo was conducted by Dr Ashique KT, Member, SIG [Medical director and senior consultant dermatologist. Amanza Health Care Perinthalmanna]. The program had a total of 10 participants who enthusiastically learnt the procedures. A brief introduction followed by an elaborate talk on different vitiligo surgeries, their current relevance and various case scenarios was delivered. Following this, there was a methodical and illustrative live workshop demonstrating Autologous non cultured melanocyte keratinocyte transplantation for a patient with stable focal vitiligo. The event was well received and concluded by noon.

CME on World vitiligo Day, Bemina, Srinagar- 23rd June, 2019

A CME on World vitiligo day was organised by IADVL-J&K Office on Sunday, 23rd June. Dr Syed Mubashir, Member, SIG delivered a lecture on surgical aspects of vitiligo to the audience. It was well received.

Vitiligo Awareness Program, IMA Hall, Aurangabad, 23rd June

Dr AnirudhaGulanikar, Member SIG, collaborated with IMA and Lions Club, Aurangabad, Maharashtra, to organise awareness camp regarding vitiligo. 30 patients were screened and 2 were selected for free vitiligo surgery at his centre, Advya Medical Foundation, to commemorate Global vitiligo day. The press release outlined the impact of disease and contained sensitizing information.

AURANGABAD: A series of programmes have been organised in the city to mark World Vitiligo Day, which is observed on June 25. The programmes will take place on June 23 from 10am to 2pm at the Indian Medical Association (IMA) hall.

Several social and cultural organisations have joined hands to participate in the events which are meant to create awareness about Vitiligo, a condition in which the pigment is lost from some areas of the skin, causing white patches, often without a cause, said Anirudha Gulanikar, a renowned dermatologist. Gulanikar said there were many misconceptions too, about the skin condition, which will be discussed.

Addressing media persons, Gulanikar said that World Vitiligo Day marks the death anniversary of mega pop-star Michael Jackson, by the United Nations. Jackson too, had suffered from vitiligo since childhood.

He said, as per the UN programme, the Aurangabad doctors and social organizations, like Lion's Club Midtown, Midtown Medical Services Trust and Advya Medical Foundation too, have organized awareness and treatment camps in the city.

The programme is aimed at recognizing that vitiligo can be a disability in some situations and to collect nation-wide statistics on its prevalence. The focus will also be on vitiligo-related risk factors and to launch awareness drives, Gulanikar said.

He added that vitiligo treatment required patience and consistency and that social entrepreneurs and leaders should support means of addressing core issues of this disease, which knows no geographic or social boundaries.

CME on Vitiligo, Rourkela, Odisha, 23rd June

A CME to observe Global vitiligo day was organised by IADVL Odisha at Rourkela. Dr Sidhartha Das, Member SIG, spoke on various aspects of vitiligo surgery, highlighting its role in difficult to treat conditions.

MEDIA CELL

Members:

Dr Rohit Batra, Dr Amit Kumar Agrawal, Dr Rajesh Kumar, Dr Girish M S, Dr Jagadish P, Dr Akshay Kumar Jain, Dr Yogesh Bhingradiya, Dr Subhransu Sekar Pattnaik, Dr Sriharsha T, Dr Aditya Mahajan, Dr Namitha Chathra, Dr Madhulika Mhatre, Dr Varun Khullar, Dr Sneha Gandhi, Dr Deepak Jakhar.

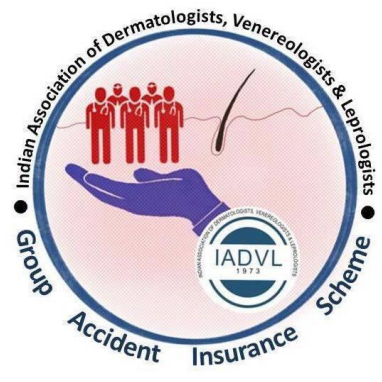

IADVL launched the Accidental Insurance Coverage scheme for its members as an initiative of President Dr P. Narasimha Rao. As directed by him, the media cell popularized the scheme through its social media handles. The logo for this scheme was designed by Dr. Madhulika Mhatre.

World Skin Health Day was observed on 7th April 2019 by IADVL members. Pictures of members observing the same were collected and shared on social media by the media cell. Dr Yogesh Bhingradia took part in regional TV programs and Dr Adithya Mahajan wrote in regional newspapers about World Skin Health Day with emphasis on prevention of "Topical steroid mis-use".

Through social media, members of the media cell urged all IADVLites to participate in the pan-India closure of non-essential medical services on 17th June 2019 which was held to protest the assault on medical personnel and to demand safe working environment for medical personnel. President Dr P. Narasimha Rao was one of the first ones to respond and shared pictures of the Black badge protest observed at his clinic. These pictures were uploaded on various social media handles. Dr Girish M S and Dr Jagadish P, members of IADVL-Karnataka chapter, led from the front by organizing a massive protest in front of the Town Hall in Bangalore. They rallied hard to obtain permission from the government authorities, safeguarded and encouraged the gathered doctors, and also ensured that the main-stream media of Karnataka covered the event. IADVLites all over India participated in this rightful protest and shared the pictures which were uploaded on social media and also forwarded to media houses and concerned officials for wider coverage. Dr Varun Khullar & Dr Namitha Chathra, co-ordinated the activity with IADVL members very well.

As a part of observation of World Vitiligo Day on 25th June 2019, the Media cell members uploaded posters created by IADVL for Vitiligo Day awareness on social media handles. All IADVL members were encouraged to share the posters with their patients and the general public. The reach of the posts by media cell was tremendous. Dr Rohit Batra contributed articles on Vitiligo awareness in newspapers on the occasion. Dr Manish Gautam, Dr Bhumesh, Dr Akshay Jain & Dr Subhransu Sekar organized wide-spread activities on Vitiligo awareness in Maharashtra, Hyderabad, Kota & Bhubaneswar respectively and ensured it reached the masses. IADVL members across the length and breadth of the country observed Vitiligo day and organized free camps, delivered talks to create awareness and used the print and visual media to reach the masses. These activities were shared on the official social media handles.

Dr Dinesh Kumar D's talk on topical steroid mis-use and the fungal skin infection menace was featured in a regional TV channel program. The official social media handles were effectively used to disseminate information about upcoming activities and CMEs of IADVL to its members and also to educate the general public on Skin health & common skin ailments. Dr Varun Khullar, Dr Madhulika Mhatre, Dr Namitha Chathra, Dr Subhransu & Dr Deepak contributed productively to social media promotion of Media Cell.

Applications should be submitted by e-mail to the Chairperson of IADVL Academy of Dermatology (academy@iadvl.org), Chairperson of Local Scientific Committee of DERMACON (dermacon2020scientific@gmail.com), and Honorary Secretary General of IADVL (secretarygeneral@iadvl.org), accompanied by a summary of approximately 1000 words, if not the full oration.

An applicant for an oration needs to be a life member of IADVL. Any oration shall be given only once to a person and more than one oration shall not be given to the same person. Academic achievements are the most important criterion while nominating a person for oration. The person selected should have made a significant contribution in any particular field of Dermatology, Venereology, and Leprology. These contributions should have been published in one or more of the indexed journals of our specialty.

An independent review of the contribution of the orator will be made by all the members of IADVL Academy of Dermatology and the Central Scientific committee members. The recommendations shall be graded and placed before the DERMACON Supervisory Committee for the final decision. The Committee will attempt awarding all the three orations unless there are overwhelming reasons. If an oration has to be withheld, it should rotate so that the same one is not withheld every time.
