PRESIDENT'S MESSAGE

Dear IADVLITES,

The COVID 19 pandemic has changed the way we live, work and talk. We have all been wading through this strange and difficult period for past 6 months. There is still a great deal of uncertainty and we are unsure of how to tide over this tough scenario.

IADVL, under this unprecedented situation, has initiated many activities digitally. We published COVID statement, post lockdown statement, COVID registry and COVID issue in Indian dermatology online journal (IDOJ). After the virtual EC and Committees meeting in April, we held the annual Academy meeting virtually in June. I will be known as the first e-President of IADVL.

COVID 19 has been included in the list of diseases in IADVL Benevolent fund, one of my presidential initiatives, to extend a helping hand in case our members come across the misfortune of getting admitted in ICU following the infection.

The first issue of IADVL NEWS this year (IADVL NEWS / April 2020/Vol 16/Issue 1) was released on 20th April 2020. This has been uploaded in our website and sent to all members as well. Many thanks to our Secretary General, Dr K Feroz , who single-handedly completed an excellent work in these difficult times. Now the second issue of IADVL News is being released.

IADVL academy has successfully conducted many academic initiatives in digital platforms. Multiple virtual academic meets and workshops were held and many more are in the pipeline. My sincere thanks to Dr Deepika Pandhi, Chairperson, Dr Dipankar De, Convener and all members of IADVL Academy for all their efforts and hard work.

Thanks to the Organising team of MID DERMACON Chennai, we will be having and the first e-MID DERMACON in August and we are looking forward for a great conference. My appeal to the organising committee officials of various conferences, Standing Committee Chairpersons and Conveners, State Presidents and Secretaries is to plan digital meetings this year under these circumstances and request all our members to take part actively in IADVL activities.

We held an EC meeting along with Academy and some standing committees through the first ever Video Conferencing in the history of IADVL on 5th April 2020. Now we are gearing up for the first virtual midyear CC Meet and an Extra Ordinary General Body meet to discuss regarding Dermacon 2021 in August.

Our election process has been started, list of eligible candidates and bidding cities has been published. I request all our members who are due for conversion to Life members to complete that process as soon as possible, and all those who are yet to register as E voters, to register at the earliest and exercise your rights in the forthcoming elections. My best wishes to all contestants and bidding cities.

IADVL EC has initiated a new e-group, IADVL ACAD Google group. The group has been created and going well under Dr Anuradha K B (Joint Secretary and Moderator of ACAD) and Dr Feroz K (Hon Secretary General).

IADVL EC has decided to donate Rs 15 lakhs as of now to Prime Minister's Covid fund, which may be enhanced later. Many of our states branches - Maharashtra, Bihar, Rajasthan , Haryana, Karnataka, Kerala etc have already made some good contributions to respective State CM fund or by supply of PPE kits and other necessary materials to the needy in respective states.

It was quite unfortunate and shocking that we lost Dr Umashankar Nagaraju, on 20th May 2020. He was a soft spoken, gentleman, an academician, a dermato surgeon, a person with true leadership qualities, very supportive and hardworking, a dynamic soldier of IADVL and the immediate Past Hon Secretary General of IADVL. He succumbed to an illness he was suffering from for the past one year. A great loss for IADVL and personally for me too. My prayers for dear Uma and his bereaved family to bear this irreparable loss. May his soul rest in peace.

Thanks to all our State Presidents and Secretaries for observing World Vitiligo Day with many activities of patient education, press release, pamphlets, posters, CME programs etc across the country. Thanks to the efforts of Practice Management Cell, YUVA Cell and National Resident Connect committee for various activities conducted.

My sincere thanks to all our EC & CC members for their support and guidance. I thank all our members for your co- operation, especially when IADVL is going through a challenging phase.

As ***"prevention is always better than cure"***, adequate protection has to be taken while performing our duties. We have to march with courage and do our very best to serve and save mankind. Let us hope to attain victory in the battle against Corona virus at the earliest.

Stay safe and take care!

Regards,

Dr.KIRAN GODSE

MESSAGE OF PRESIDENT ELECT.

Dear colleagues

Days and months have passed since we met. The meetings on web have become part of life and are likely to be so for years to come. But the longing to meet and chat is ever increasing. We IADVLites have done extremely well in academics and administration in these pressing times. Kudos to the office bearers and academy.

There are many challenges ahead of us. Various conferences at State, Zonal and National level needs to be remodelled to the evolving situation without compromising the interests of anyone. The finances need to be handled more judiciously.

I am sure we will all live up to these challenges and be ready to face the new beginning stronger and wiser.

Long live IADVL.

MESSAGE OF IMMEDIATE PAST PRESIDENT

Dear members,

Greeting to all of you.

It has been a new experience to all of us working for IADVL during these COVID-19 times. However, it is remarkable how resilient our member were, they did not let this adversity affect their academic zeal and fervor. Nor there was any let up from the National executive, who have worked tirelessly to keep all the activities going.

'*Sweet are the uses of adversity*' goes the famous saying by William Shakespeare. In a way this experience of profuse use of electronic media and webinars has ushered in a grand new era. I am sure it is going to be the *new normal* in hosting our association meetings, both administrative and academic. We are going to have our first E-central council meeting followed by the first web based Mid-DERMACON. And discussion are on to have a web based DERMACON as well. We need to welcome this change as it has opened new vistas for easy communication.

With a dynamic national IADVL EC team 2020, headed by President Dr Kiran Godse ably supported by Secretary General Dr Feroz, the plans and roadmap for this year are very clear. And are being well executed. It is very heartening to note that new *member welfare benevolent fund* and *member accident benefit scheme* are going to take care of any unforeseen eventualities, including COVID 19.

Now that the election process is on, I request all the members to take part actively in the e-voting. May the best candidate win. I also take this opportunity to appeal to all members to follow the directives of central and state health authorities in letter and spirit during these difficult times. We as the leaders of our communities, need to be the role models of discipline for everyone else. Please take care of yourself and your families.

With best wishes,

HONORARY SECRETARY GENERAL SPEAKS

Dear IADVLite

IADVL EC 2020 has completed 6 months in office by now. Interestingly, it is also nearly 6 months since the COVID-19 pandemic took the entire world by a storm with the health-care sector being affected the most. Like the rest of the world, all of us are facing unprecedented challenges to cope with this outbreak. However, the show must go on and IADVL, as an association, rose to the occasion by converting business meetings and conferences to virtual ones without losing time. Our entire team including the EC, Academy and various committees have worked tirelessly to conduct IADVL activities back-to-back, regardless of the difficulties faced by them personally, amidst the pandemic. This report is a consolidation of the same.

In tune with the times, we issued 2 position statements in association with the IADVL Academy and also various guidelines with our SIGs – Lasers, Dermatosurgery, Leprosy, Dermoscopy, Leprosy, with the objective of providing strategies and guidelines to combat COVID-19 in our practice, procedures, use of hand sanitizers, personal protection, social distancing, use of immunosuppressants, treatments etc. We also wrote to the MCI and Ministry of health regarding approval of online consultation and issued a tele-dermatology guideline based on the BOG – MCI guidelines. We requested support in financial crisis management during lockdown from the Prime Minister's office, as well. The National Vitiligo Symposium, conducted by IADVL Academy in association with SIG Pigmentary Dermatitis and SIG Dermatosurgery held on 21st June 2020, turned out to be hugely successful event, first of its kind, in terms of content, faculty and attendance. The e-PEDDERMACON conducted on 26th July, in fact turned out to be as successful as the physical event of the previous years. IADVL Academy, with its panache and Midas touch, came up with successful Webinars one after the other. Many more virtual academic meets and workshops were held and a few more are in the pipeline. The Academy meeting was held virtually on June 12,13. My sincere thanks to Dr Deepika Pandhi, Chairperson, Dr Dipankar De, Convener and all members of the IADVL Academy for all their efforts and hard work. We will witness the first ever e-MID DERMACON, apart from the virtual CC Meet and EGBM in August.

IADVL continued its international presence by uploading nominations for ILDS awards, confirming Sister Society Meeting at EADV, Vienna, to be held from 28th Oct to 1st Nov. We also received confirmation that the Scholarships of our members in the AAD meet 2020 upon cancellation, shall be carried forward to AAD meet 2021.

Election notification was sent to all members, uploaded in the website and published in IADVL News by April 15th. The valid list of candidates and bidding cities was announced and sent to all members on 16th July 2020. Invitations for attending CC Mid-year meeting were also sent. Proposals were invited for Mid year CC meeting to be held in August 2020. Our IADVL website is being upgraded with feature adding Clinic /Hospital details of the members. MPDMS updating is done with email ids and phone numbers of our members added. EC took initiative for holding a Virtual GBM of IADVL JK Branch to elect the new office bearers. Virtual Venue inspection of Middermacon 2021, Mangalore was held last week and for Dermacon 2022, Jaipur a few days back.

In April, we launched the IADVL ACAD Google Group which now have around 1100 members under the able stewardship of the moderator, Dr Anuradha K.B, Joint Secretary. A Letter by EC and Academy was sent to various Pharmaceutical companies regarding support of IADVL Scientific activities and Webinars. Many have come forward with proposals. A few CME programs have been already conducted. In association with the Practice Management Cell, post-lockdown instructions were prepared and sent to various Pharmaceutical companies. Many reminders have been sent by us as well as State offices to all PLM whose validity of 5 years is over, with an extension of 1 month to convert as LM. A reminder has been sent to all those who are not e-voters to register as e-voters. In association with E-voting Task Force, state-wise list of non-e-voters sent to all State Secretaries.

An initiative to encourage all members to join and understand DVL WELFARE TRUST prepared by Dr Jayadev Betkerur and Dr Chetan Patel, along with application forms have been sent to all members and shared in various groups. Various welfare schemes under IADVL are detailed in the end. Vitiligo day was observed across the country with various activities initiated by IADVL EC, Academy & State Branches. IADVL observed Vitiligo Day. Posters, patient education leaflets, press release were sent to all state officials for disseminating amongst members. Vitiligo Day activities were presented at National Vitiligo e-Symposium.

Our membership is, 13000 members strong with 9788 LM, 3014 PLM, 208 AM and 6 ILM. In the last quarter (OMAS)-LM: 57, AM:3, PLM:228 , PLM to LM conversion : 253. Web Sign Up – 10508 (March – 9886) , an increase by 622 members. E Voters In June 2020 – 6802 – 69.49 % (March – 6250) – An increase by 7% (552 members).

In these times when we are fighting Corona, a huge tragedy struck us when fate snatched my predecessor, our immediate past Honorary Secretary General of IADVL, Dr Umashankar, in May 2020. This simple and humble gentleman, was a wonderful friend to me, supporting and guiding me for over the last couple of years. His gentle and caring nature endeared him to all who knew him and the loss will continue to be an ache in our minds forever. In the last quarter we also lost many seniors like Dr Bhanu Verma, Dr Kuldeep, Dr Girdhar, Dr Maruti Khedkar, Dr Madhavinathan, Dr Aravind Das and Dr Sethuraman. My sincere prayers for all of them and their families.

I am fortunate to be in a team with a blend of experience, youth and vision under Dr Kiran Godse, Dr Jayadev Betkerur, Dr Narasimha Rao, Dr Manjunath Shenoy, Dr Rashmikant Shah, Dr Rakesh SV, Dr KV Chalam and Dr Anuradha K Babu . I am thankful for all their support and co-operation whenever in need. I thank our dedicated office staff- Mrs Tanu , Ms Hina and Mr Balam, for their help. I offer my sincere thanks to all our predecessors who led the path, especially for their guidance and the Presidents/Secretaries of various state branches, Academy, Chairpersons/Conveners and other members of various committees and especially all IADVLites for your valuable support and co-operation in our journey towards bringing glory to our association.

We are certainly getting adapted to the mammoth mutation in our life inflicted by an invisible virus. We have witnessed a sea-change both in our personal and professional space during this pandemic. We are gradually and carefully being more sensible, hygienic and spaced out. Let us follow the guidelines issued for our safety with due diligence and plan our finances well. Let us arm ourselves with awareness, embrace this change and strive forward with hope in our heart and courage in our mind towards a brighter future.

Stay calm, defuse panic and Stay safe.

Long live IADVL!

Warm regards,

Dr FEROS K

HONORARY TREASURER'S NOTE

Dear all,

Greetings from the treasurer's desk. Ever since, I have taken charge 6 months ago, as fate would have it, the Covid 19 pandemic has been jeopardizing the smooth transfer of the finance's reins to our team. Despite the hurdles, with unrelenting support of my predecessor, Dr Shashikumar, we have been managing the day to day financial activities of the IADVL activities, unperturbed. The Pandemic and the unfortunate demise of our previous Secretary General Late Dr. Umashanker, a previous signatory has also affected the logistics involved in the transfer of signatories. My sincere thanks to Dr Shashikumar, who has agreed to continue operating the accounts and helping me with days to day accounting activities till things are sorted out.

Despite the logistics and operational difficulties, We have successfully transferred the GST Number to our new Office address at Kaushambi and have also updated the GST number with the new signatories. We have transferred the state shares of the membership and the Dermacon 2019 state shares to the respective recipients. We have also updated the TAN Account with the new office bearers. As per discussion with the CFC and EC 2020, we have successfully forwarded our Advance ruling application to the GST Advance ruling committee for clarification regarding the collection of GST with the membership and is awaiting the reply from the committee. Three Adhoc committees has been formed to study the financial aspects of the Welfare Schemes (Personal Accident Fund and IADVL Benevolent Fund), Conference Accounts (last 5 Dermacons) and Financial Investments. The recommendation of the Adhoc committees have been forwarded to the EC 2020 for further deliberations.

This Pandemic has rolled forth various challenges in the regular financial operations of our association. Despite these challenges, the IADVL EC and the various committees have been constantly working hard to deliver as it had done before. Let us pray and hope everything return to normal soon and we can continue to serve IADVL, as our predecessors have done all these years.

Long Live IADVL

Opening remarks by IADVL President 2020, Dr.Kiran Godse.

Dr. Kiran Godse, President, IADVL extended a warm welcome to all the members. He announced that this is for the first time in the history of IADVL an EC meeting is conducted through Video conference. He invited Dr. Feroz, Honorary Secretary General to conduct the proceedings. Dr.Feroz welcomed all the members.

Agenda 1 – Meeting with Committees**1. ITATSA:**

Dr.Atul Kochhar, Convener of ITASTSA, informed that he had a preliminary meeting with Regional director of World Health Organisation Mrs Poonam Singh in the first week of February. She was apprised of the situation in India with regard to the topical steroid abuse and she agreed to take up this matter with top priority. Dr.Atul Kochhar shared the plan of a one-page-campaign against topical steroid abuse.He also requested IADVL to encourage digital health and telemedicine programs .He assured to forward a formal proposal on this to the EC. Dr. Jayadev Betkerur enquired regarding the status of public interest litigation (PIL) for which Dr.Atul replied that a detailed feedback from the authorities is awaited.

2. Media Cell:

Dr. Niteen Dhepe elaborated about the plan for World Skin Health day to be held on 6 th April. He requested the members to run a campaign – “Talk to your Dermatologist” on Facebook live on 6th April. He asked members to enlighten public about skin care and answer their queries. Dr.P.Narasimha Rao requested for digital messages on the same which can be shared in social media who would find it difficult to come on Facebook live. Dr Niteen submitted that Media cell would like to enter a contract with an online PR agency for online press releases and plan atleast 12 press releases in a year .The cost per release shall be Rs. 45,000 and the proposed budget would be Rs. 5.4 lakhs per year.He also highlighted the need to promote IADVL and qualified dermatologists. He proposed to start Skinpedia – the Skin Wikipedia. This would create a database of skin diseases, Quora integrated knowledge repository, with 1000 topics along with subtopics & frequently asked questions to have free access through internet. The first phase of the same is planned to be in English with a minimum budget estimate of Rupees 30 lakhs.The second phase may include all Indian languages with a minimum of 3 languages which will requires an additional Rupees 30 lakhs for multilingual translation. Dr.Dhepe thanked Dr.P Narasimha Rao for taking a great initiative in resolving Mankind issue.He mentioned that Mankind has agreed to support IADVL awareness activities through their corporate social responsibility (CSR) funds of upto Rupees 1 crore.He also thanked Dr.Narendra Patwardhan and Team Pune for allowing Mankind to participate in DERMACON 2020 with minimal contribution and thereby facilitating more funds from Mankind towards awareness activities.He requested the President and EC to utilize this fund for Brand IADVL activities. Dr.Dhepe explained the modus operandi of the Media cell plan of activities .This included (1)

Each activity will be approved by the EC (2) All budgets and invoices will be approved by EC (3) IADVL will have final discretion on what and how the campaigns should be (4) There will be no mention of the name of Mankind company or the products in any communications and (5) Mankind will pay directly to the vendor after EC approval. As it is a CSR fund, there will not be any financial transactions between IADVL and Mankind. Dr. Dhepe requested urgent EC approval of Rupees 5.4 lakhs for online press release and an advance of Rupees 20 lakhs for initiation of Skinpedia. Dr. Kiran Godse and Dr. K Feroz informed that EC shall look into the proposed plan of Media cell and revert with the decision. Dr. Jayadev expressed a concern that the press release might not turn useful and effective in the present situation due to COVID-19 pandemic and requested to defer the proposal to a later period.

3. ITAQ :

Dr. Rajesh Buddhadev, Chairperson of ITAQ, informed that a core committee and a national liaison committee have been formed to deal with quackery issues and both these committees are in active mode now. He apprised that the complaints against BDS graduates were forwarded to the Dental Council of India and further action in this regard is awaited. No action has been taken so far against complaints from CPS degree holders. A letter shall be written to the MCI and all State Medical Councils to enquire regarding the status of actions taken against quackery issues. The health authorities of India will be apprised about the quackery issue. A plan to prepare videos on quackery for public awareness is also under consideration. He mentioned that a list of quacks is being prepared by the liaison committee with the help of members of each state in a prescribed format. This list shall be sent to State medical council and MCI for initiating actions. If there is no response from these authorities ITAQ plans to approach Indian Judiciary to tackle this issue with the help of our legal retainer.

4. Community Dermatology:

Dr. Mukadam briefed about the steps taken towards the Presidential initiative "Mission Prison" of approaching and treating prisoners in various jails all over the country. For this a committee has been formed with representatives from all states. Approval has been sought from major prisons in Maharashtra, Goa and Kerala for this initiative. Dr. Kiran Godse advised to concentrate on these 3 states in the initial phase of this mission. Dr. P. Narasimha Rao requested that such activities should be implemented through the respective IADVL State branches after thorough communication with the State Presidents and Secretaries. He requested to initiate this program in Andhra Pradesh and Telangana also which was agreed by Dr. Mukadam. Dr. Jayadev Betkerur suggested that there should be representatives from each state to carry out this program in an effective manner and the list of representatives from all states should be shared with the EC.

5. Practice management cell (PMC):

Dr. Prasanth Palwade, Chairperson and Dr. Madhulika Mhatre, Convener, shared the details of the activities of PMC. It was informed that Practice Management Symposium is planned to be held in Mumbai on 10-11 October, 2020 a two-day conference focusing on issues faced by young dermatologists. Venues are short-listed and appeal to pharma companies have been made. The PMC is planning to launch a monthly Practice Management Bulletin as E-newsletter from April 2020 which will include short write-ups from PMC members on issues relevant to day-to-day practice management. Also a telemedicine webinar is planned on practice management. Practice management Software will start running on a trial basis to PMC members. An initiative called IADVL certified Smart Clinics shall be launched soon. Certification will be based on IADVL predefined criteria on application. Sponsor partner shall assess all applications and design all deliverables like badges,

aprons, prescription leaflets etc with IADVL logo. They also shared their plan to work in coordination with Media cell and ITAQ. Dr. Madhulika proposed that PMC shall be shortly coming out with handbooks or write-ups. Dr. Jayadev Betkerur advised to take help from IADVL Academy for Telemedicine webinars. Dr. P. Narasimha Rao requested to include payment portal in the telemedicine platforms. Dr. Kiran Godse added that various similar paid platforms are already available and advised to look into this. Dr. Jayadev and Dr. P. Narasimha Rao requested to consider conducting the conference in October this year in a different city as it was already held once at Mumbai in 2018. Dr. Kiran Godse wanted PMC to consider this request and revert on it.

6. YUVA Cell:

Dr. Aseem informed that Yuva Zones are already established with representatives from each state and appointed heads for each. The YUVA dermatologist database has 3534 members. Yuva presence will be palpable in International Conferences, DERMACON, MIDDERMACON and local CME programs. Inter cell collaborations are also planned with co-ordinating with PMC, Media cell (World health day, Skinpedia, preparation of creatives etc) and ITAQ. Efforts are on to make their presence felt in social media as well. Logo formation is under way and shall be sent to EC for approval. 24 x 7 reach Helpline for young dermatologists shall also be taken up. A six monthly Bulletin shall be released in the month of July. Plan to initiate Information database on topics like GST and Medical insurance and webinars with zonal representatives and Yuva members. Dr. P. Narasimha Rao requested to share the creatives prepared on COVID-19 pandemic by YUVA cell so that they can be shared with all IADVL groups.

7. Constitution Committee:

Dr. Subodh Sirur, Convener, briefed about the opinion given by the Constitution Committee on the proposals which were forwarded to the Committee by the EC. (1) IADVL ACAD yahoo group change to another platform due to technical issues needs no constitutional amendment (2) Proposal on modification of election rules: Opinion of the Constitution Committee was already given on this before AGBM that this has to be placed in the AGBM and amendments if required may be made as decided by the General body. But this proposal was sent back to Constitution Committee again for opinion after AGBM and Constitution Committee has highlighted the provisions in the Constitution with regard to this proposal for the sake of convenience. Dr. Feroz clarified that this was done because it was decided in the AGBM that this proposal has to be forwarded to the Executive Committee, Constitution Committee and E-voting Committee and these committees should provide recommendations on this matter before March 31st 2020 so that it gets implemented in the next IADVL election. Dr. Feroz enquired whether the modifications mentioned in the proposal can be implemented in the election notification which will be issued on April 15th 2020. Dr. Sirur opined that though ordinarily AGBM has to approve these amendments but in cases of emergency like this EC may take a decision to do so and it may be ratified in forthcoming CC & AGB meetings. Dr. Ameet Valia added that this is a personal opinion and will need to discuss with the members of the Constitution Committee before reverting on this and will need to discuss this in the midyear CC meeting.

Dr. Feroz requested for opinion of the Constitution Committee on approval of life membership for CPS degree/diploma holders. Dr. Ameet Valia recused himself citing the reason that he is an Associate Honorary in a Central Government Hospital conducting CPS DDV course. Dr. Kiran Godse opined that as this was passed in the AGBM we may go ahead and approve the membership applications. Dr. Feroz clarified that it is mentioned in the Constitution that any Constitution related proposal once passed in AGBM will immediately become

operational and as this proposal itself was to make a constitutional amendment this technically should become operational now. Dr Anuradha also expressed the same opinion on this. Dr Feroz also conveyed that this matter was forwarded to our legal retainer who opined that as per clause 4(b)(f) of part II of Constitution, IADVL can enroll CPS degree/ diploma holders as life members immediately without waiting for the Constitution Committee to update the Constitution incorporating the amendment. Dr Ameet Valia brought to notice that Constitution should be seen by our lawyer to get his opinion on what has to be retained in the Constitution and what has to be separated as SOPs. Dr Jayadev Betkerur opined that it may be sent to the lawyer after separation of SOPs and the lawyer should also look into the language of the Constitution and suggest appropriate changes. Dr Kiran Godse opined the SOP committee to start working on separation of SOP from Constitution and Dr Shital Poojary, Convener of SOP Committee mentioned that it is already being done. Dr Ameet Valia mentioned that Dr Anuradha may follow up this matter so that a draft of Constitution with changes recommended by the lawyer is ready by next CC meeting and the EC agreed to this.

8. SOP Committee:

Dr. Shital Poojary, Convener, submitted that the committee is in the process of separation of SOPs from the Constitution. She mentioned that SOPs of Finance, Election, Academy, Discharge of duties, E- groups and DERMACON are to be separated and SOP for DERMACON is being prepared in a comprehensive and easily understandable form. She shared that the opinion regarding shift of E- group platform was given and the bidding form with necessary modifications are being finalized. Dr. Feroz requested to submit the SOPs for election process at the earliest as the election notification should be issued on April 15th 2020.

9. Central Finance Committee (CFC):

Dr. Rakesh SV, Treasurer IADVL submitted the following recommendations of CFC on behalf of Dr. Shashikumar BM:

- (1) Consensus to increase membership fees by 10 % as soon as gateway is open. Advance hearing regarding GST to be paid or not for which filing to be made by external agency through our auditor (Rupees 60000-100000) has to be done as soon as possible.
- (2) Benevolent and Personal Accident Fund – Process of certification at Branch/State level with formation of a committee with convener, to limit to 8 diseases for the time being, used money may be topped up to Rupees 20 lakhs in Benevolent Fund and Rupees 30 lakhs in Personal Accident Fund, Rupees 10 lakhs in case of death and Rupees 1 Lakh for hospitalization expenses per member in Personal Accident Fund and a maximum of Rupees 2 lakhs per member for Benevolent fund.
- (3) Media Cell budget allotment: EC to take a call after details of the projects are submitted by Dr. Niteen Dhepe. No recommendations made by CFC
- (4) GST Refund (Rupees 1.2 Crore) issue of DERMACON 2019- Suggested to get the opinion of a GST lawyer
- (5) CFC recommends Rupees 25 lakhs to be contributed for Prime Minister's COVID-19 fund but the channel of payment to be decided later

Dr. PN Rao suggested to hike the membership fees to 20 % in view of the possibility of the need to pay GST in future.

10. ACADEMY:

Dr. Deepika Pandhi, Chairperson, apprised that the last date for submission of IADVL Research Grant applications is 25th April and sought the approval of the EC for extending the date considering the current lockdown situation. The EC approved and the last date for submission was decided to be extended to May

10th. She also mentioned that the conduct of Academy meeting planned on June 14th is uncertain at present owing to the pandemic. Dr Jayadev Betkerur suggested that a separate Jury meeting may be held. Dr Deepika Pandhi shared details of Observership programs. Six people have left the Observership program midway because of lock down. This issue will be reassessed and an appropriate decision will be taken after lockdown is lifted. All communications about International Dermatopathology Fellowships have been sent. Due to the current pandemic a need might arise to call for new centres. The timeline for Scholarships also might change due to the pandemic. She said as the last date for submission of abstracts was extended till June 1st for MIDERMACON. Applications for MIDDERMACON Academy session speakers are being evaluated, the last date of which is 7th April 2020. She shared the details of workshops that will be held: Five workshops on aesthetics are planned, PRP, Recalcitrant fungal infections and Trichology are on track, IMPACT, acne, laser & pigmentary are yet to revert. EC agreed on naming the working team of PRP workshop as 'Task force'. She informed that 4 webinars (weekly) are being planned on Trichology supported by Dr. Reddy's. Dr Reddy's will continue with Rs. 80,000 royalty for each CME. PEDDERMACON Vizag might need to be postponed in the current situation. Advanced training course curriculum preparation has been initiated by the Academy and will be sent to respective SIGs for revision. Work towards MID DERMACON is on track, but that of DERMACON including PG thesis awards shall start soon. SIG activities may be planned along with CUTICONS according to Dr Jayadev Betkerur. She pointed that MOA with Pharma companies is from year to year, independent of conferences. So change in dates will not be an issue for conducting sponsored programs. She submitted that SOP for Procedural Dermatology is ready. Dr. Jayadev opined that PGCONS should be conducted before January and they cannot be postponed. E- Atlas is under process. She shared that a total of twelve IADVL digital online modules will be ready by May. Royalty to be finalized, 3 lakhs plus taxes is proposed now. Omniscuris program details was sent for the approval of EC and royalty to be discussed (20,000 per lecture last year). Dr Deepika Pandhi apprised that Academy prepared COVID position statements and posters. Dr. Dipankar De said that he could not open the account at Chandigarh owing to lockdown and currently Academy account has a balance of Rupees 4 lakhs only. She mentioned that Rs. 13.5 lakhs has to be paid for E- library. This payment has to be made only after draft licence is obtained. Dr Rakesh was requested to look into this matter for which he agreed. Dr Dipankar informed that with respect to Research Grants as the labs will start functioning normally only after lockdown is withdrawn payment for research work may be delayed till then. Dr. Kiran Godse and Dr K Feroz thanked and appreciated the Academy.

EC Meeting:

Video conference, April 5th 2020, Time: 1.05PM - 2.45PM

Dr. Kiran Godse welcomed all the EC members.

Dr. Feroz submitted the Secretary's report. He informed the membership status and various activities being done.

Hon. Treasurer Dr. Rakesh.S.V presented the report from 1st January 2020 to 30th March 2020. He informed that the transfer of signatories is yet to materialise and transfer of Mandya Account to Kozhikode Account is yet to happen due to the lockdown situation. Hence for the time being Dr. Shashikumar is given permission by EC to continue to operate the accounts.

Following discussions ensued:**E voting:**

EC approved on the decision that registration to become E-voter shall close 1 week prior to the commencement of election. It was decided that Dr. Feroz has to verify the cut-off date for electoral roll and to communicate with Mr. Surender (IADVL Website technical expert) .

Membership fee hike: EC decided to hike the membership fees by 20 % in the best interest of the association.

Prime Minister's COVID-19 Fund: It was decided by EC to earmark Rupees 15 lakhs towards the Prime Minister's COVID-19 Fund and this can be enhanced at a later date depending on the financial condition of IADVL. State branches may contribute to respective Chief Minister's COVID-19 funds.

Dr. Jayadev Betkerur brought to the notice of the committee that Rupees 3.5 lakhs promised by EC 2018 towards Chief Minister's flood relief of Kerala has not yet been given and requested the EC to take a decision on that. Dr. Feroz, Dr. Rakesh and Dr. Anuradha recused from opining on this as they belonged to the state of Kerala. No decision was taken on this matter. It was decided to find out whether contributions to Chief Minister's fund for flood relief or COVID-19 is eligible for income tax exemption.

Approval of life membership of CPS degree/diploma holders: EC decided to approve the applications for life memberships from CPS degree/diploma holders. Associate life members to be converted to life members only on request.

Benevolent & Personal Accident Funds: It was decided to prepare guidelines and application forms for implementation of these schemes incorporating the recommendations from the CFC.

Media Cell: EC considered the proposal of Dr. Nitin Dhepe. It was decided to request him to come out with a detailed plan of activities including timescale, expenditure and vendors. It was clarified by Dr. Kiran Godse that CFC recommended to call for quotation from at least three vendors.

ACAD Yahoo group - Change of platform:

EC gave approval to start an ACAD Google group. To begin with this group will run parallel to Yahoo group. A decision on closing down Yahoo group may be considered later after reassessing the participation of members and activities in the groups. Members are to be invited and added to the new group with their consent. This process should be initiated immediately and has to complete adding the consented life members to the new group by 30th of June 2020. Members in Yahoo group shall be intimated about this change.

Dr. Feroz thanked the EC members for active participation and making this meeting a fruitful one. Dr. Kiran Godse declared the meeting adjourned.

CCM PROPOSALS

PROPOSAL 1:

Title; Conducting IADVL business meetings and DERMACON /MIDDERMACON/ DERMAZONES when unprecedented situations or natural calamities are faced with.

Name of proposer/s-6 (1+5) members:

Kiran Godse(LM/ M/ 701), Feroz K (LM/K/3383), Rakhesh SV (LM/K/ 4116), JayadevBetkerur (LM/KN/2009), Rashmikant Shah LM /M/ 797, Anuradha KB (LM/K/4853)

Is any one of the proposer members of CC? Yes

Is it related to administrative/policy/constitutional (select one) OR I/we are not able to classify and accept ECs view -
Constitutional

How will it help IADVL? To be adept in conducting IADVL business meetings and DERMACON /MIDDERMACON/ DERMAZONES when unprecedented situations or natural calamities are faced with.

If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no. Modify Part II Bye-laws, Clause 2 Meetings (Page 42) & Clause 8 DERMACON (Page 49).Part IV: Annexures – Annexure IV :Guidelines for Zonal Conferences(Page 77) & Annexure VII : Guidelines for organization of DERMACON (Page 90)

Proposal: In the wake of COVID 19 pandemic we were forced to think about alternatives for the conduct of business meetings and conferences. IADVL as an association rose to the occasion by converting business meetings and conferences to virtual ones .Nevertheless, we lack clear guidelines / Standard Operative Procedures (SOP) on the conduct of business meetings and conferences and this paved way for some amount of confusion.

Hence, We may propose that it may be incorporated in our Constitution that in unprecedented situations such a matter has to be discussed in the EC & CC and then to be placed in an Extraordinary General Body Meeting (EGBM) with this matter as the agenda .An appropriate decision on the plan of action taken in the EGBM may be implemented, so that we have clear guidelines on the conduct of business meetings and DERMACON /MIDDERMACON/ DERMAZONES when unprecedented situations or natural calamities.

Do you think this needs referral to any specific committee? Constitution Committee & SOP Committee

PROPOSAL 2:

Proposal for IADVL Teledermatology APP

Name of proposer: DR ShitalPoojary (LM/M/4189) (CC member) DR SaurabhJaiswal(LM/M/ 9033), DR JimishBagadia(LM/M/7738), DR Sushrut Save(LM/M/7737), DR Purva Mehta LM/M7735, DR Anupam das(LM/M/7595)

Type of proposal: Policy

How will it help IADVL:

With an urgent requirement of an online platform in a Covid pandemic era and with background of current lockdown in all parts of India, we would like to propose development of a complete solution - IADVL Skin care App.

Proposal:

We propose this Teledermatology model to have three pillars

1. Enrollment of all IADVL LM members with clinic phone number, Google location of clinic, email id.
 2. Facility to provide Photos and video calls to Dermatologists available online on app. With available digital payment options.
 3. Aggressive marketing on Google, FB, insta and DD national (to reach rural areas)
- So that people know that they are ensured skin care by an IADVL certified Dermatologist

This model will save our dermatologists from predatory market leaders like Practo and ensure ethical practice. Several members have brought to our notice the arm twisting by Practo such as starring system and misuse of patient data. The patients' names and details remain with them and are used for marketing by them. Enrollment of all members will help patients to understand available options. Google location will help us to refer patient to their nearby local Dermatologist for better opinion. List of Drs will be available strictly on location basis, not on seniority or ratings. Profile of Doctors can display their description and few images if they want to. Doctors can put up on their profiles, the various services provided such as biopsy center, laser center, NBUVB center etc which will help in better referral.

Options of message or video call through app will retain Doctors' privacy.

Automatic PDF generation of prescription on pre-uploaded letterhead of Dr, to be used by patient.

Doctors can setup a reminder for online patients to follow up

IADVL's own app 'without involving third party apps' will protect data of patients. Data will be stored only in device used by Dermatologist, not in any cloud. Most important purpose, this activity can serve, will be strong sensitisation of Community to meet Dermatologist (online or offline) only for any skin related issues and alleviating young Dermatologists' insecurities due to which they fall prey to practo like platforms. IADVL app will be a free app for both doctors and patients with no advertisement or endorsement of any kind. No scope should be there for giving ratings/reviews to Doctor. There will not be any app charges/cut from fees paid to doctor.

Requirements:

While the app development itself will cost minimally, Allocation of funds will be required mainly for aggressive marketing to reach community and for Software development, software updates, lawyer support to make app acceptable as per telemedicine laws and miscellaneous expenses.

Does it require referral to any committee:

It will require a technical group of techno-savvy IADVL members to coordinate with app developer for development and maintenance of App. It will require referral to Finance committee once the technical group decides on how much funds will be required for development and marketing

PROPOSAL 3:

Name of proposer/s-6(1+5) members: Organizing committee Dermacon 2021 represented by Dr. Putta Srinivas (LM/TS 0059): Organizing chairman, Dr. Angoori Gnaneshwar Rao (LM/TS 0098): Organizing Secretary, Dr. G. Netha Narasimha Rao (LM/TS 216) Treasurer, Dr. V. K. Somani (LM/TS 126): Chairman scientific committee, Dr. T. Dayal Singh (LM/TS 4070):

Member organizing committee, Dr. Motilal Nagaria (LM/TS 230): Member organizing committee

Is any one of the proposer members of CC? Yes

Is it related to administrative/policy/**constitutional** (select one) OR I/we are not able to classify and accept ECs view

How will it help IADVL? It will help IADVL as how to deal with Pandemic/Epidemic situations from organizational point of view

If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no. As per the opinion of EC

Do you think this needs referral to any specific committee? No

We have received your mail dated 27-06-2020 and have gone through your request that Telangana State IADVL 2020 and Team Hyderabad Dermacon 2021 should consider the possibility of conducting E-DERMACON on the schedule dates. We sincerely thank you for the same and we have deliberated the entire matter and our main worry is that if we conduct a virtual DERMACON in 2021 we will lose the opportunity to conduct actual and physical DERMACON for the next 15-20 years. Hence, we humbly propose the following options to EC and CC.

Option 1.

We, the Telangana State IADVL 2020 and the team Hyderabad Dermacon 2021 humbly accept EC's request to conduct E DERMACON(virtual) 2021 at Hyderabad on scheduled dates and request EC and CC to allot Physical Dermacon 2024 to Telangana State IADVL and to team Hyderabad Dermacon 2021 without bidding.

Option 2.

If proposal one 1 is not acceptable, then we, the Telangana State IADVL 2020 and team Hyderabad Dermacon 2021 request EC and CC to postpone Hyderabad Dermacon 2021 either to 2022 or 2023 or 2024.

Justification for Virtual DERMACON

Our Dermacons are not only academic and scientific events, but, also social and cultural and tourism events. Moreover, the pharma industry also participates in a big way in Dermacon.

However, the following are the unprecedented and “ Exceptional circumstances” due to which it is practically not possible to conduct DERMACON physically not only in Hyderabad but also anywhere in India.

COVID-19 PANDEMIC

The Covid -19 pandemic has changed the human life drastically all over the world and India is no exception. We have lost three valuable months in the locked down period implemented by central and state governments. As of now there are almost 6.5 lakh cases in India and globally almost 1.13 crores cases with 5.3 lakh deaths. Cases in India expected to reach 20lakhs by the end of August

Govt of India restrictions.

- 1) No social gatherings.
- 2) Even for marriages not more than 100 and for funeral not more than 20
- 3) No International Travel and very restricted domestic travel
- 4) No trains
- 5) Adverse impact on pharma industry which will reflect on their participation in Dermacon.
- 6) Preventive measures of Covid-19 like sporting of mask, social distancing.
- 7) Adverse impact on economy and pharma industry is no exception.
- 8) Delegates will be too scared to travel which will hugely affect the number of attendees in the conference.
- 9) Participation of international and national faculty in Dermacon 2021 is going to be questionable as air travel is not fully operational.
- 10) There is complete uncertainty and confusion regarding travel, hospitality, and large social gatherings till at least for an year from now.i.e June 2021

11) Due to COVID19 pandemic events like EADV, EAACI, MID-DERMACON are being held virtually

Justification of allocation of Hyderabad for Physical DERMACON in 2024

We sincerely submit that we the members of Telangana state IADVL have, commitment to conduct DERMACON in a grand way and proposed the venue at Hyderabad in 2018 and our members throughout India, responded enthusiastically gave a mandate in a big way with more than 1549 votes majority and chosen Hyderabad as a venue of DERMACON in 2021. We would like to submit that this mandate was for actual and physical DERMACON. Team Hyderabad is ready to conduct the physical Dermacon with dignity and honor as it has been mandated by the esteemed members of IADVL from all over the country. In fact, we will be failing in our duty if we do not honor the mandate awarded to team Hyderabad by our esteemed members.

Our past record of DERMACON 2006 in Hyderabad

Hyderabad, the capital of erstwhile Andhra Pradesh was the venue for Dermacon 2006 and Dermacon was conducted under the aegis of Andhra Pradesh IADVL.

- 1) 38 international Speakers with expertise in the topics
- 2) Best Academic content
- 3) Best ambience at SHILPA KALA VEDIKA
- 4) 40 food counters, Delicious cuisine different on all days – No repetition
- 5) Memorable banquets at spacious HITEX and ROCK GARDEN
- 6) First time in the history, Even after making best possible arrangements, still Dermacon 2006 Organizing Committee has saved record of RS.2.60 Crores , which was a turning point in the contribution to Central IADVL

This is first time TSIADVL got the opportunity to host physical Dermacon 2021 at Hyderabad after formation of Telangana and after a gap of 15 years but unfortunately COVID 19 pandemic struck the every organization including Dermacon.

Hence, along with agreeing to conduct Virtual DERMACON in 2021, we the Telangana State IADVL 2020 and organizing team of Dermacon 2021 Hyderabad request the EC and CC to consider our request to allot actual and physical DERMACON 2024 to Telangana state IADVL and to team Hyderabad Dermacon 2021 without bidding, keeping our earlier track record and reasons mentioned above.

Any similar precedence in the past? -- YES

We humbly submit that

- 1) DERMACON 2014 was initially allotted to Mangalore.
- 2) Later, ICD was allotted to India and Dermacon was to be held in New Delhi in December 2013
- 3) To avoid clash of common interests, decision was taken to club DERMACON 2014 with ICD in December 2013 and to protect the interests and mandate of Mangalore, DERMACON 2015 was allotted to Mangalore.
- 4) The decision was taken by CC,EC and was ratified in Extraordinary AGBM

PROPOSAL 4:

TITLE OF PROPOSAL: Establishing “official” Facebook, Twitter, Instagram, YouTube page for IADVL. Projecting these pages as the only official pages for IADVL.

Name of Proposer/s-6 (1+5) members (LM Nos.) Dr. Aditya Mahajan (LM/M/8004), Dr. Niteen Dhepe (LM/M/3232), Dr. Anil Bhokare (LM/M/84), Dr. Bhavesh Devani (LM/G/574), Dr. Meenaz Khoja (LM/M.9043)
Dr. Ankur Talwar (LM/UP/5653), Dr. Aseem Sharma (LM/M/8338), Dr. Animesh Saxena (LM/MP/12256)

Is any one of the proposer member of CC? Yes

Is it related to administrative/policy/constitutional (select one) OR I/we are not able to classify and accept ECs view:
Policy related issue

How will it help IADVL? To create a better organised social impression of our organisation and to help community and members alike.

If constitutional - will it replace existing clause? Or modify? Give details of the clause - page no. and clause no.

Proposal:

On entering "IADVL" in the search on Facebook there are at least 20-25 pages and 10 profiles related to IADVL which appear. These are pages which have been created by conveners or chairpersons of various cells or groups of IADVL in the past. All these groups have around 200-600 members each and are inactive. There is no single group for entire IADVL which may provide information on a single click to members and general population regarding activities (academic and non-academic). Similar is the case for twitter and Instagram.

1. Our aim as media cell is to consolidate these groups. Trace admins of inactive older groups and ask them to delete these groups while forming a new group which will be "officially approved by EC of IADVL".
2. Every other major dermatology organization has an official page which is verified by Facebook, Instagram, Twitter (blue tick beside the profile name) which is used to declare policies, information pages for patients and interaction between members.
3. Creating of YouTube Channel to upload videos regarding social awareness regarding diseases for common public.
4. Similar group(s) and page(s) be prepared for members of IADVL for interaction and sharing of various content (academic and non-academic). All material be forwarded to media cell for sharing.

(this is in accordance with **IADVL CONSTITUTION – SPECIAL INTEREST GROUPS - E-GROUPS PAGE NUMBER – 93. READS** - Additional e-groups, observing the same rules, may be instituted by the Honorary General Secretary for interaction among members for other purposes, such as any IADVL conference (state, zonal, national or international) organization, research groups, journal editorial board, and recipients of international fellowships, in consultation and agreement with the president.)

We also seek Providing of financial help to Media Cell for release of press notes (around 12 in number) and Promotion of social media channels and pages. We need to guide how the IADVL logo can be used at national and state level on social media platforms.

Broad Aims for General Public Group/Page:

1. Information regarding social activities of IADVL
2. Disease information
3. Quackery information
4. Attractive photographic and video-graphic content can be made for uploading, Media cell agrees to prepare such content.
5. Disease information in various languages.
6. Funding from IADVL when needed.

It should be noted that publishing articles in newspaper or television is expensive. Once a follower base is built on Facebook it stays forever.

What is required from EC:

1. Approval for creation of such a page on Facebook, Twitter, Instagram, YouTube
2. Officially recognition of these pages by EC to be the **only official page** of IADVL and only these pages should be allowed to use IADVL logo and the name of IADVL.
3. All material to be directed to these pages for sharing.
4. Urging all members to like and follow only these official pages through emails to members.
5. Paid promotion can be considered for the general public group in due course for better outreach pan-India.
6. Three advertisement agencies were contacted for quotations the best would be selected (by Dr. Niteen Dhepe)

PROPOSAL 5

Title: Incongruity with regards to the DERMAZONE surplus

Name of proposer/s-6 (1+5) members:

Kiran Godse (LM/ M/ 701), Feroz K (LM/K/3383), Rakesh SV (LM/K/ 4116), JayadevBetkerur (LM/KN/2009), Rashmikant Shah LM /M/ 797, Anuradha KB (LM/K/4853)

Is any one of the proposer members of CC? Yes

Is it related to administrative/policy/constitutional (select one) OR I/we are not able to classify and accept ECs view - Constitutional

How will it help IADVL? To gain clarity in the management of funds of IADVL

If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no. Modify - Part 1 Rules and Regulations, clause 17.Funds of Association (page 21) (vii), Part IV: Annexure IV, Clause 2: Conference (page 77) D., Part V: Standard Operative Procedures (SOP), Section I: IADVL Finance Funds of IADVL (page 127) A.

Proposal: IADVL Constitution mentions in Part 1 Rules and Regulations, clause 17.Funds of Association (page 21) (vii) Surplus accruing from all zonal conferences: **50% of the surplus given to the IADVL** (Annexure IV). It is mentioned in Part IV: Annexure IV, Clause 2: Conference (page 77) D. 15% of all registrations and 20% of industry stall collection shall be handed over to IADVL as IADVL affiliation fee. This amount shall be divided equally as follows between: i) The organizing state 50% ii) Other participating states 30% (to be divided equally among all the states in that zone except the organizing state) iii) and the IADVL 20%.

But it is mentioned in Part V: Standard Operative Procedures (SOP), Section I: IADVL Finance Funds of IADVL (page 127) A. Surplus accruing from all zonal conferences: The audited accounts of each conference (DERMAZONE) should be submitted to the IADVL and **20% of the surplus given to the IADVL.**

There is a noticeable incongruity with regards to the surplus that has to be given to the IADVL and this needs to be clarified and corrected. Hence we propose that the following should be incorporated in the Constitution:

The DERMAZONE conference savings [Affiliation amount (15% of all registrations and 20% of industry collections) + surplus] should be divided as follows : i) The organizing state 50% ii) Other participating states 30% (to be divided equally among all the states in that zone except the organizing state) iii) and the IADVL 20%.

PROPOSAL 6

Title: Clarifications and corrections regarding DERMACON surplus

Name of proposer/s-6 (1+5) members:

Kiran Godse (LM/ M/ 701), Feroz K (LM/K/3383), Rakesh SV (LM/K/ 4116), JayadevBetkerur (LM/KN/2009), Rashmikant Shah LM /M/ 797, Anuradha KB (LM/K/4853)

Is any one of the proposer members of CC? Yes

Is it related to administrative/policy/constitutional (select one) OR I/we are not able to classify and accept ECs view - Constitutional

How will it help IADVL? To gain clarity in the management of funds of IADVL

If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no. Modify- Part 1 Rules and Regulations, clause 17.Funds of Association (page 21) (vi), Part II. Bye-Laws Clause 9.Bidding for

DERMACON (page 51) (g) MOU/ Undertaking for conduct of DERMACON (6) , Part V: Standard Operative Procedures (SOP), Section VIII: DERMACON (page 188) Clause 11: Financial Accounts: (d)

Proposal: IADVL Constitution mentions in Part 1 Rules and Regulations, clause 17.Funds of Association (page 21) (vi) **Surplus accruing from all national conferences (DERMACON) will be distributed to Host branch 30%, IJDVL 15% and IADVL Academy 20%.** This rule will be reviewed every three years. GST and All relevant government taxes have to be paid by DERMACON organizers before submission of audited accounts for DERMACON.

It is mentioned in Part II. Bye-Laws Clause 9.Bidding for DERMACON(page 51) (g) MOU/ Undertaking for conduct of DERMACON (6) We shall return the seed money received from IADVL within 10 days from last date of registration along with 7% simple interest till date. The State branch will contribute 50% and the Centre shall provide 50% of the seed money. 15% of share of total registration fees and 20% total Pharma/Instrument company/trade collections will be minimum assured savings but Organizing Committee shall try to save a minimum 20% of the DERMACON's total receipts. The Minimum assured amount of 15% of total registration fees and 20% of total revenue from pharma& other trade sectors in the industry shall be transferred to IADVL account before DERMACON. Any surplus remaining over this minimum assured amount shall be transferred to IADVL within a month of finalizing the accounts, and not later than next Central Council meeting at any cost. **The Hon. Treasurer shall transfer state branch share of 30% (GST inclusive) of total savings remained after paying all GST and IT as academic grants to respective state.**

But it is mentioned in Part V: Standard Operative Procedures (SOP), Section VIII: DERMACON (page 188) Clause 11: Financial Accounts: **(d) 30% of the surplus if any over and above the minimum guaranteed amount (20% from stall and 15% from registration) given to the organizing state branch.**

Based on the above, we seek a clarification on the following:

- (1) Are the terms "total savings" and "surplus" same?
- (2) What is the basis of calculation of the state branch share? Is it 30% of the total money transferred to IADVL (Minimum assured amount of 15% of total registration fees and 20% of total revenue from pharma & other trade sectors in the industry **and** any surplus remaining over this minimum assured amount) OR is it 30 % of the surplus remaining over the minimum assured amount?
- (3) What has been the precedence in calculating state branch share?

Relevant clarifications and corrections based on the above mentioned queries should be incorporated in the Constitution. Hence we propose that the following should be incorporated in the Constitution:

Total DERMACON savings (profit) = affiliation amount + surplus

* Affiliation amount = 15% of registration + 20% of other collections (Pharma/Instrument company/trade collections). This is the minimum assured amount to IADVL and needs to be transferred to IADVL account before DERMACON. This affiliation amount is shown as expenditure. If a conference fails to generate minimum assured amount then corresponding amount will be deducted from the state share.

*Surplus = Excess of Income over Expenditure. This surplus amount has to be transferred to IADVL within a month of finalizing the accounts preferable within 1 month but before CCM.

State share of DERMACON

30% (GST inclusive) of total DERMACON savings remained after paying all GST and IT as academic grants to respective state.

Seed money

It's the initial amount paid to OC to meet the expenses. Same amount has to be transferred back to central as soon as possible but before the conference. The amount sanctioned is 20lakhs from the IADVL Central. State branch will contribute the same amount. Interest is collected on this amount.

Midterm Academy Meeting

The Midterm meeting of the Academy members was held on Saturday, 13th June, 2020 on the web. This included Jury meeting of IADVL Research Grant 2020 and IADVL Glowderma Research Grant 2020 and discussion on other important issues like observerships, scholarships, workshops, activities for postgraduates, Academy publications, IADVL e-library, Academy budget and account. The meeting of Academy with SIG coordinators was held on 14th June, 2020 on the web. The activities planned by all 15 SIGs were discussed in detail.

IADVL Observerships

Observerships are given at each centre for a duration of 4 weeks (and a stipend of Rs 10,000), for IADVL PLMs or LMs aged less than 35 years and for a duration of 2 weeks (without a stipend), for IADVL LMs aged 35 years or above. For the 29 centres offering observership in diverse fields, a total of 84 candidates confirmed their slots for observership 2020 and one candidate withdrew. Only 2 candidates could complete the observership before the lock-down restrictions were imposed. Five candidates had to leave their observership incomplete. A WhatsApp group that includes the program directors, observers, the Academy chairperson, convener and coordinators of the observership program has been created to facilitate the coordination between different stakeholders.

As majority of the candidates will not be able to complete their observership in this calendar year due to the prevailing circumstances, communication has been sent to the candidates who have been allotted observership for 2020, that they can now complete their observership by July 31st, 2021.

Announcement for new Observership centers for 2021 has been sent for IADVL EC approval.

- Dr Ananta Khurana and Dr Rashmi Jindal; IADVL Observerships Coordinators

Dr. Ameet Valia, Chairman

CENTRAL FINANCE COMMITTEE (CFC)

CFC is one of the main standing committee and committed to study the financial and other affairs of the IADVL. I thank EC for bestowing faith on us and allowed to suggest our views independently. Accordingly, CFC had proposed multiple adhoc sub committees to look into particular financial aspects. CFC will discuss and draft

recommendations which will be submitted to EC which will tabulate in CC for discussion.

Adhoc Committees

1. Conference accounts.
2. Welfare schemes
3. Financial investment

Structure

Each committee will be headed by one CFC members. He can choose one convener and other three members. Committee can seek help of professionals, IADVL members, past office bearers and conference organizers for the information. Convener can also utilize IADVL HQ staff for tabulation and other assistance. Each Committee members must give opinion without fail.

Duration:

One month period will be given to each adhoc committee for the submission of the report. CFC will discuss the same and resubmit for the corrections in 15days. Corrected report should be resubmitted to CFC within 15days. The time frame of this committee is 2months.

Objectives of each committee:

1. **Conference accounts:** Conference audit report submitted in newsletter in particular issue is incomplete. Also, audit report submitted is for the particular financial year. But every conference accounts runs for 3years which has made conference financial auditing more challenging. So, this committee will look into these aspects and submit a comparative report of all 5 DERMACON's.
 - a. Collect last 5yrs conference financial report
 - b. Analyze and compare major expenditure.
 - c. Analyze and compare major income.
 - d. GST paid and income credit claimed.
 - e. Formulate guidelines for major expenditure and to provide limit of expenditure under each heading by comparing last 5yrs expenditure.
 - f. Feasibility of holding conference with reduced Pharma support and recommendations for the same.
2. **Welfare scheme:** Association is running different social security/welfare schemes in different names by different agencies. Every EC is proposing a novel welfare scheme with benefits to the members. Benefits of the scheme over the years are not studied and operational difficulties are not understood. This committee will look into each of the welfare scheme and come out with an report.
 - a. To study in detail the DVL welfare trusts in details wrt number of members, beneficiaries, amount dispersed to members.
 - b. To study in details on group personnel accident scheme
 - c. To study Benevolent funds.
 - d. Delineate operational and administrative difficulties in implementing above schemes.
 - e. Possible way to integrate all the schemes and look into an administrative department for the same.
3. **Financial investment:** Main source of income for IADVL is through conference, membership amount and interest earned for FD. For the better financial health, the association should run with the interest earned from the corpus rather than breaking the FD for the day to expenses. But the interest rate on FD is steadily decreasing

over the years and making association to depend heavily on the other sources like conference surplus which in turn depend on pharma sponsorship. Also, our association has not explored other avenues of investment like mutual fund, real estate and others. This committee will look into such aspects.

Accordingly sub committees have been formed and reports are awaited. Same will be submitted to EC and CC. I thank all the members of the CFC who initiated, guided and helped to arrive at logical conclusion. I also thank members of the subcommittee who are committed to submit the report at short notice.

I urge EC to expend the time slot given to CFC and also to allot separate meeting time to CFC as the financial management is crucial at this time of COVID-19.

Dr Shashi Kumar B M, Chairman, CFC. **Dr Rakesh S.V**, Convener, CFC

IADVL TASKFORCE AGAINST QUACKERY (ITAQ)

- A. STATE Coordinators are added to the Anti-quackery liaison committee by IADVL Taskforce against Quackery (ITAQ).
- B. IADVL Taskforce against Quackery (ITAQ) had made a notice and sent to most of National Heads, regarding the execution of the Webinar at the start of lockdown

Dr. Rajesh M.
Buddhadev
Chairperson

Dr. Dipali Rathod
Convener

that the involvement of the dermatologists in such sessions should have strict criteria while logging in and also had appealed them to not circulate such scientific material with the non-dermatologists. IADVL Taskforce against Quackery (ITAQ) had requested to 21+ leading pharmaceuticals and Most of them have accepted and responded promptly "To include IADVL LM no in their registration process. We expect that all pharmaceuticals will follow these guidelines in all future Webinar.

- C. We have raised the issue with an MBBS doctor and she had mentioned herself as a Dermatologist on her PRACTO profile. ITAQ has warned her. She sent an apology mail to us; we have already asked her for the explanation mentioning wrong information posted on her profile and warned her for further actions. We are waiting for her mail with an explanation.
- D. In the recent past, ITAQ has noticed Pharma-Sponsored Webinar and we tried our best to cancel Webinar conducted by Pharmaceuticals companies to be taken by non-qualified doctors. In fact, when we came to know that such a Webinar are there, we approached the concerned Pharmaceuticals immediately, Explained to them the situation and they understood our genuine concerns, finally, within Few Hours they have cancelled both the Webinar.
- E. We requested the Pharmaceuticals to take extreme care to select faculties and if needed, they can ask ITAQ to verify the Credentials of faculties. Also, we have clarified that any faculties are welcome, provided they are having MCI or State Medical Council recognized degree in concerned specialty.
- F. A Pune based Ph D person was running a Laser Training course for Aesthetic Treatments. We tried to contact him, but couldn't get his personal Mail and Mobile no. Dr. Narendra Patwardhan-Pune has helped us and we could convey to him our concerns. On the same day, Pune was put under lockdown and further actions We have to initiate after a few days.
- G. Our stand against PRACTO Sponsored/Paid so-called pseudo dermatologists is very clear. PRACTO Promoted Unqualified Skin Specialist list of Doctors is ready with us. We need the Data of Such pseudo dermatologists. Team ITAQ, Dr. Dipali, and other committee members are preparing the list and we will be acting on Such Doctors in the Next few weeks.
- H. Planning to add few more active warriors in our ITAQ team by the end of July 2020.
- I. ITAQ Community awareness posters will be ready by the end of July 2020. These Posters and images will be used for community awareness purposes on our Facebook page and other social media.

QUIZ COMMITTEE

The IADVL-GSK National Quiz Programme for Post-Graduate students (IGNQPP) is an important and integral part of IADVL activities. It aims to develop a competitive spirit among dermatology post-graduates, indirectly helping them in their exam preparations as well. Quizzes generate excitement among the audience and disseminates interesting trivia in the field of dermatology. It creates an opportunity for dermatologists who are interested in conducting quizzes.

The IADVL quiz committee called for applications in April 2020. Applications were filled online with Google forms for the first time. This helped to streamline the whole process and maintain records in a better way. A total of 35 applications were received. In order to make the selection fair, an evaluation checklist was used to score the applicants on basis of various merit parameters, with more weightage given to experience in the

field of quizzing. Due opportunity was given to freshers as well as experienced quiz masters who have conducted not more than three quizzes in IGNQPP. Those who were not shortlisted were given the option to be an assistant quiz master in their state. They have also been kept on a waitlist in case any of the selected quiz masters drop out.

A total of 18 quiz masters have been selected and they have been allotted the following states. States with less than four teams have been clubbed with nearby states. States that have been considered as one administrative unit by IADVL are (Punjab, Himachal & Chandigarh) and (Uttar Pradesh, Uttarakhand).

State	Quiz master
Andhra Pradesh	Dr Vinay K
Bihar + Jharkhand	Dr Manoj Agarwala
Delhi	Dr Anupam Das

Gujarat	Dr Dipali Rathod
Haryana + J&K	Dr Archana Lokhande
Punjab, Chandigarh & Himachal	Dr Geeti Khullar
Karnataka	Dr Gopikrishnan Anjaneyan
Kerala	Dr Ankan Gupta
Madhya Pradesh	Dr Ankita Srivastava
Maharashtra + Goa	Dr Debdeep Mitra
North East States	Dr Jimish Bagadia
Odisha + Chhattisgarh	Dr Suman Patra
Puducherry	Dr Kingshuk Chatterjee
Rajasthan	Dr Shekhar Neema
Tamil Nadu	Dr Jyothi Jayaraman
Telangana	Dr Ambresh Badad
Uttar Pradesh & Uttarakant	Dr Ashish Amrani
West Bengal	Dr Debjit Kar

The date and place of the conferences are not mentioned due to the uncertainty of the COVID-19 pandemic situation. The quiz masters have been added to an online group for easier communication. The quiz committee has decided to conduct the state prelims in an online format this year. The guidelines for the state prelims MCQs have been framed and circulated among the quiz masters. The technical and logistic aspects of online quizzes are being worked out with test runs.

The IADVL quiz committee is also preparing stimulating monthly quizzes in the IADVL ACAD Google groups, called 'Monthly ACAD Cracker'. Every month, a new quiz master prepares a short quiz. Points are allotted to all correct entries, and the quickest ones get more points. A leaderboard is being maintained and points of the previous month are carried over.

Activities planned ahead and the road map:

- Invitation letters and PG team registration forms will be sent to all HODs via the respective state secretaries and online forums/mailers.
- Registration form for the participating teams will be done with the help of Google forms for better maintenance of records.

IADVL YUVA CELL

Dr. Aseem Sharma
Chairperson

Dr. Rashmi Sharma
Convener

We at the IADVL Yuva Cell believe that we have had a fruitful 2nd quarter of the academic year. We successfully conducted the following programs for our yuva members.

One of our first initiatives was the QuarantEN sessions. We started with a plan to select 10 topics of interest for the Yuva Cell members, and to discuss them in brief with an expert in the said topic. Our first session was on 25th April, and as time progressed these sessions gained popularity among our members. We conducted a total of 26 sessions with the last session held on 25th June. All the sessions were hosted live by a member of the Yuva Cell. These live sessions were recorded and uploaded in the Yuva Cell Facebook group for our members to view at leisure.

A photography competition, “Through the Lens” was conducted from 3rd to 10th May. The theme was ‘Life during the Corona Lockdown’. We received over 56 submissions from 31 participants. The entries were judged by Dr. Kingshuk Chatterjee & Dr. Suneil Gandhi. Three winning & six consolation entries were identified which were announced along with all the submitted photographs being displayed on the Yuva Cell Facebook group’s page. The three winners were Dr. Sheena Arora (Bengaluru), Dr. Hitesh Khatri (Guwahati) & Dr. Twinkle Daulaguphu (Guwahati).

We then hosted a preliminary Vitiligo crossword puzzle on 21st June 2020, which was followed by a live Vitiligo quiz on 24th June 2020 at 9:30pm. The Vitiligo crossword was beautifully crafted & coordinated by Dr. Sahana Srihari. Participants were asked to email their answers for the crossword to iadvlyuvacell@gmail.com. Submissions with all correct answers were chosen on a first come first serve basis & 3 finalists Dr. Madhulika Mhatre (Mumbai), Dr. Suba P (Tamil Nadu) & Dr. Fabin Thanveer (Kozhikode) were chosen to participate in the live Vitiligo quiz ‘A match of Colours’. The live quiz was hosted by Dr. Suneil Gandhi & Dr. Anupam Das that consisted of 3 rounds & enthusiastic participation from the finalists. Few audience questions were also asked that received good responses. Dr. Madhulika emerged as the winner.

A bi-annual IADVL Yuva Cell Bulletin has been planned. The work on the very 1st bulletin is near complete. The bulletin has a few unique sections & we are quite excited for its acceptance by the Yuva members. We hope to release it soon.

We also plan to conduct Yuva Outreach Online sessions through which we will be directly interacting with the members & helping them out with routine issues faced by them during their initial days of practice. A few members have already reached out to request online meetings on specific topics. We are finalizing a timetable for couple of such sessions & also hope to bring out a questionnaire to better understand the issues faced.

We are proud to inform that in a span 6 months, we are now 1100+ members strong. We wish to keep up our enthusiasm & continue to work for the yuvas of IADVL under the able guidance of IADVL EC & Yuva Cell Senior Advisors.

ACAD GOOGLE GROUP

Due to a technical glitch in the ACAD Yahoo group a new ACAD Google group was formed to serve as the official academic e-group of IADVL life members with the approval of IADVL Executive Committee and Constitution Committee. Around 1100 members were added to the new group through invitations and requests. A welcome mail was sent to the group along with rules and regulations as well as the disclaimers. The aim of this platform is to share and gather academic knowledge and a couple of academic activities were launched with this purpose. Regional ACAD Chronicles (RAC) is an academic exercise which was rolled out in June 2020 on ACAD Google group which provides an opportunity for each state/region/ AFDG to present interesting entities in three categories: (1) Diagnostic dilemma /Thriller through the lens (2) Pearls from practice (3) Tough nut to crack. The best entity in each category shall be awarded. A monthly quiz for all, Monthly ACAD Cracker (MAC), was also launched in the group to tickle the grey cells of our members. A score board is being maintained for MAC and top scorers shall be announced at the end of 8 months. ACAD Google group has turned out to be an extremely useful forum for all academic enthusiasts.

Dr DINESH KUMAR DEVARAJ

MD, FIAMS, FRCP (Glasgow)

Dr. Dinesh Kumar Devaraj completed his MBBS & MD from Bangalore Medical College & Research Institute, Bangalore. He was elected as Fellow of Dermatology, of Indian Medical Association- Academy of Medical Specialities in the year 2015. He was awarded the Membership (2016) and Fellowship (2020) of Royal College of Physicians and Surgeons, Glasgow

He has been associated with IADVL at various levels right from being General Secretary of Chennai Chapter, IADVL TN to Vice-President of IADVL Tamil Nadu to Joint Secretary, National IADVL 2018.

He was the ACAD e-groups moderator (2018) introducing SIG sessions in ACAD for the first time. He played a pivotal role in the execution and wider reach of Skin Safar Rath, an awareness project of IADVL to connect to the common public. Skin Safar Rath united dermatologists all over India travelling 12,000kms across 54 cities/towns/villages, 18 states over 63 days.

As the IADVL Scholarship Coordinator in 2017, he ensured young dermatologists were well aware of the scholarship program, ensuring a record number of applications and disbursement.

As the General Secretary of Indian Society of Teledermatology, he initiated zero-cost Skype lectures to dermatology residents in TN from International faculty.

As the Secretary General of Association of Cutaneous Surgeons (India) he initiated the popular Dermatosurgery Webinar series.

He currently represents India on the Advisory Board of the International Society of Teledermatology.

He is the recipient of Scholarship of Dowling Club (2012), an affiliate of British Association of Dermatologists to attend clinic in UK

IADVL WELFARE SCHEMES

EC 2020 is glad to introduce two welfare schemes for the benefit of IADVL members. The schemes are intended to foster goodwill among members and thereby make the association more popular and purposeful. The schemes are as below:

- BENEVOLENT FUND
- PERSONAL ACCIDENT RELIEF FUND

IADVL also has an on-going PROFESSIONAL INDEMNITY INSURANCE POLICY for financial protection against any medicolegal claims.

Each of the above is to help and benefit IADVL member during any personal crisis or tragedy. Both these funds are through internal accrual while Professional Indemnity is in association with National Insurance Company limited.

IADVL BENEVOLENT FUND

IADVL Benevolent Fund is to extend solace and support to IADVL members who have undergone the misfortune of being afflicted by serious disability/ prolonged illness. The disability or ailment should be due to diseases or mishaps that are not self-inflicted. The intent of the fund is to provide emotional and financial assistance and a helping hand at a critical time. The objectives of this scheme will be to provide financial support to the deserving members in the case of invalidation or in the event of their suffering any injury or physical disability or unforeseen misfortunes like prolonged sickness leading to premature retirement. The support will be extended in the form of one-time payment to a maximum of Rupees 2 lakhs per member as per set guidelines.

Following is the list and definition of critical illness/disability eligible for grant of Benevolent Fund:

1. Stroke resulting in paralysis: Defined as a cerebrovascular accident or incident producing neurological sequelae of a permanent nature, having lasted not less than six months.
2. Chronic renal Failure: End stage kidney failure presenting as chronic irreversible failure of both kidneys to function, as a result of which regular renal dialysis is initiated or renal transplantation carried out.
3. Major Organ Transplant: The actual undergoing of a transplant as a recipient of one of the following human organs:
(a) Kidney, (b) Lung(s), (c) Liver, (d) Heart, (e) Bone marrow
4. Blindness: The total, permanent and irrecoverable loss of the sight of both eyes.
5. Major Burns: Third degree burns covering more than fifty percent (50%) of the Life Assured's body surface area
6. Amputation of limb: Amputation of one or more limbs warranted due to conditions other than accidents.

7. Any other medical conditions deemed to result in a permanent or partial disability / COVID 19 infection requiring intensive unit care

IADVL PERSONAL ACCIDENT RELIEF FUND

IADVL Personal Accident Relief Fund is to provide support to IADVL members who have undergone the misfortune of being a victim of an accident. The objectives of this scheme will be to provide financial assistance to the deserving members who meet with accident and get incapacitated temporarily or permanently or to the spouse/legal heir in case of death of a member in an accident. The support will be extended in the form of one-time payment to a maximum of Rupees 5 lakhs per member as mentioned below:

- (a) Accidental death – Rupees 5 lakhs
- (b) Loss of two limbs or two eyes or one limb and one eye/ Permanent total disablement – Rupees 5 lakhs
- (c) Loss of one limb or one eye/Permanent partial disablement – Rupees 2.5 lakhs
- (d) Hospitalisation expenses (If none of the above claimed) – Rupees 1 lakh

MODE OF DISBURSEMENT OF BENEVOLENT FUND & PERSONAL ACCIDENT RELIEF FUND

Aggrieved member can send the duly filled application form through their branch /City unit to State President/Secretary who shall forward to IADVL President / Hon. General Secretary. Upon receipt of the application an Expert Committee duly authorised by the IADVL Executive Committee headed by the President of IADVL shall evaluate and approve the same based on the merit of the case. The approved fund can be electronically transferred only in the name of the affected member whose PAN card is verified.

PROFESSIONAL INDEMNITY INSURANCE POLICY

A specially tailored Professional Indemnity Insurance Policy with NATIONAL INSURANCE COMPANY LIMITED is available for all IADVL members, who can be enrolled directly to get certified policy. Many dermato-surgical procedures are covered under the policy. The annual premium is as low as Rs 885 for coverage upto Rs 25 lakhs. There are four slabs and members could choose based on their degree of exposure.

SN	Sum Insured in Rs Lakh	Premium In Rs	GST In Rs	Total Premium in Rs
1	25.00	750.00	135.00	885.00
2	50.00	1500.00	270.00	1770.00
3	75.00	2250.00	405.00	2655.00
4	100.00	3000.00	540.00	3540.00

MUTUAL BENEFIT SCHEME OF IADVL – THE DVL WELFARE TRUST

Introduction: IADVL has launched a mutual benefit scheme coupled with professional legal protection in 2011 and named it DVL welfare trust. It is one of the important financial benefit scheme aimed at securing financial security for the family members of our association. The Executive committee of IADVL urges all its members to join this mutual benefit scheme to make it a successful initiative of IADVL. The details of this welfare scheme are as follows:

DERMATOLOGISTS VENEREOLOGISTS & LEPROLOGISTS WELFARE TRUST (DVL trust) has been established for the benefit of members of IADVL. The trust has been registered at Vadodara. DVL Welfare Trust is by IADVL, of IADVL and for IADVLites

Aims and objectives of the scheme:

- 1) To provide financial assistance to the family of a member of this scheme in the event of his/her death.
- 2) To inculcate a habit of savings among the members for their mutual benefit.
- 3) An option to provide comprehensive indemnity cover in the event of litigant situations arising out of alleged professional negligence by the members.
- 4) To educate the members, including clinic staff, to prevent any litigant situation and to guide them, how to deal with it in the event of such a situation.

Eligibility of the members: Any life member of IADVL, irrespective of age is eligible to become a Regular Member of the scheme. Family members of Life members of IADVL can also join the scheme as Beneficiary Members. Please note that separate forms need to be filled for each member of a family.

Total Amount Payable at the time of admission:

Benefits for IADVL members of DVL trust: 1) Social security to family members: Note: Financial benefits will start after ONE year of joining the scheme. Nominee will get Rs. 450 x N, where N = No. of members of DVL trust. In other words, when more IADVL members join this scheme, more fraternity benefit for members families. 2). Professional legal protection, when applicable, for those members opting for it: Legal help is extended in all types of cases like civil, criminal, labour & consumer redressal fora.

Please note that DVL trust welfare Scheme is new ongoing scheme initiated by IADVL for the benefit of its members. Periodic modifications and improvements in the scheme to make it more member friendly are expected to take place from time to time.

REPORT: The year started with lock down. During this period, around 150 members were informed about the DVL Welfare Trust through their e-mail. The office resumed its activity from 1st June 2020. In this month we have enrolled 5 new members including the first and maiden member from Manipur. All the members have informed regarding their certificate. The receipt has been sent to them first on whatsapp and then by post. So now we are 471 members strong.

The office has received the DFC 6 contribution (for up to March 2018) from all the members. Few of the members are yet to contribute for DFC 7 and 8. This month we have settled two death claims of our departed souls. The first one is of our respectable Sir, Prof. B.S.Verma and the second one is of our beloved and dynamic Imm. Past Hon. Sec. General Dr. Umashankar. N

The trial balance sheet up to February 2020 has been prepared. The interest on member deposit for the year 2019-2020 has been calculated and added to each individual account. The data updating work has been started.
