PRESIDENT'S MESSAGE

Dr Vijay Zavar MD, FRCP (Edin)

President IADVL

Dear Colleagues,

Greetings from IADVL!

I am happy to see that the work of IADVL is progressing satisfactorily in the academic and non-academic fields. Presidential projects too are taking good shape.

We are gathering momentum for the upcoming MID DERMACON and CUTICONS of different states, looking forward to meeting you at different places and share your thoughts and ideas for the betterment of our beloved organisation.

We have made a lot of strides this and we will continue to make IADVL better.

Jai ho IADVL!

With warm regards,

Dr Vijay Zavar

President IADVL 2023

MESSAGE OF PRESIDENT-ELECT

Dr Manjunath Shenoy MD, FRCP (Edin)
President Elect

Dear IADVLites,

Happy monsoon. Rain spreads love and happiness but heavy rain showers challenges too. A year full of activities are keeping the IADVL EC very busy but we are enjoying the journey. Few challenges were posed but we are

Two important presidential projects “Mission Prison” and “Clinic software for the electronic records for the clinics” have already taken up in full swing. Several prison dermatology camps have given strong message that the association is committed to serve every member of the society. Clinic software is currently being evaluated as a pilot project; it will shape up into a member-friendly useful tool for the practitioners. Our EC and the taskforces under the leadership of our president are continuously supervising the programs. Most of the IADVL committees are functioning with enthusiasm. Apart from these, Academy IADVL has been providing excellent clinical and skill updates. All physical and virtual programs are well attended and appreciated. I congratulate and appreciate the efforts of the Chair, convener, members and SIGs. To me, as the President elect, has been a great learning.

Long live IADVL,

Warm regards,
Dr Manjunath Shenoy
President Elect

MESSAGE OF IMMEDIATE PAST PRESIDENT

Dr Rashmi Sarkar MD, FAMS
Immediate Past President IADVL

Dear IADVL members,

As we move towards IADVL CC meeting, work in IADVL proceeds steadily. IADVL was highly represented by its members in various capacities as faculty, scholarship holders and delegates at the successfully concluded World Congress of Dermatology 2023 at Singapore. The IADVL held a full day highly successful Sister Society session on 3rd July 2023.

I am happy to say that at the ILDS Assembly of Delegates meeting on 5th July 2023, in the Regional Director elections, I was elected as the ILDS Regional Director of South Asia, Middle East and Africa, representing IADVL. I am truly honoured and delighted to represent you all and hope to bring all that I learnt from IADVL to ILDS and vice versa.

I look forward to a lot of interactions at the IADVL CC meeting of 2023 and meeting several of you.

Long live IADVL!

Warm regards,

Dr Rashmi Sarkar

Immediate Past President IADVL 2023

HONORARY SECRETARY GENERAL SPEAKS

Dr Dinesh Kumar Devaraj MD, FRCP (Glasgow, London)

Secretary General, IADVL

“Always remember your focus determines your reality”

Dear IADVLite,

It is with pride and delight that I present the latest edition of our IADVL newsletter. Within these pages are the reports of various activities of IADVL that bear testimony to the unwavering dedication and work of our fellow dermatologists.

Noteworthy is the successful and timely conduct of official meetings at our National Headquarters. The EC meeting, IJDVL Editorial Board meeting, IADVL Academy meeting were conducted and the HQs will host the Central Council meeting and IDOJ Editorial Board meeting in August 2023.

It was heartening to see that a significant number of IADVL members presented their Scientific work at the 25th World Congress of Dermatology, Singapore. A very large number of our members were awarded scholarships by WCD 2023 and also IADVL provided its own Scholarships to its members.

The day long IADVL Sister Society Session at WCD 2023 was full throughout the day with both Indian and International delegates and the IADVL Academy deserves applause for designing such an engaging program. Our esteemed members, Dr Chander Grover delivering a Plenary lecture, Dr Rashmi Sarkar getting electing as Regional Director of ILDS, Dr Venkatram Mysore, Regional Director, ILDS inducted into the ILDS EC and Dr Ramesh Bhat, Dr Vivek V Pai and Dr Jayadev Betkerur who received the ILDS 2023 Certificate of appreciation in the Humanitarian Category, International Director, ILDS successfully completing his ILDS tenure were the highlights of IADVL's presence at the WCD 2023, Singapore. In a personal moment of gratitude and honour,

I am privileged to share that I, have received the ILDS Young Dermatologist Achievement Award at the 25th World Congress of Dermatology, Singapore. Such global recognition of IADV L and its members signifies our collective efforts in advancing dermatological practices and raising the bar for patient care and is a testament to the dedication and collective brilliance of our entire organization.

The menace is quackery has always been a bane to the society and we do understand the angst of our young dermatologists. There are lot of ideas which come up on tackling this burning issues by well-meaning individuals, but most of these ideas are frittered away. I would request the youngsters to have well defined proposals, plans, to have consistent focus on the execution and also to participate at the ground level activity. Lot of enthusiasm is seen but action at the ground level is not forthcoming. We have to channelise our efforts and ideas, we cannot wait others to do our job, it is our job. IADV L has always been in the forefront, we need to march along with it, strengthen it and stay united.

A lot of misinformation and incomplete information is being unfortunately being spread by a very few and this poses a risk in our collective effort against quackery. I request the youngsters to engage with seniors and city level or state level or national level IADV L office bearer directly and get their queries addressed, ideas heard. There are many platforms for such focussed exchanges. As we forge ahead, we should remain steadfast in our commitment to overcome the prevailing quackery menace.

In closing, I extend my heartfelt gratitude to all our the EC 2023 led by President Dr Vijay Zawar, IADV L members, contributors, and readers, whose unwavering support and enthusiasm propel us toward greater heights. Together, let us embrace the future with optimism, inspiring the global dermatological community, and etching an indelible mark on the realm of dermatology.

Best regards,
Dr Dinesh Kumar Devaraj MD, FRCP
Secretary General, IADV L

HONORARY TREASURER'S NOTE & ACCOUNTS

Dr. Savitha A S MD, DNB, MNAS, FRGUHS (DS)
Honorary Treasurer, IADVL

Dear all,

Greetings from the treasurer's desk.

We have started this new year with some good news. The 14 crore fine levied on IADVL due to late filing of IT last year has been finally condoned and the issue is resolved. This has been possible with the efforts of IADVL EC, auditor Mr Sanjay Labh and team of MIDDERMICON 2022 at Lucknow.

We have been carrying out all the activities as planned with great ardour and commitment. All the activities have been held within the allocated budget. The physical audit of the accounts of DERMICON International 2023 held at Mumbai has been completed. The EC thanks the organising team of DERMICON 2023 for its cooperation during the audit.

From the last financial year GST and TDS has been paid and deducted respectively for the state membership shares.

I am also happy to share that even with so many meetings and other expenses, we have saved considerable amount. I am happy presenting to you the accounts from Jan 1st to June 2023. We have to plan more investment and look forward to making some significant financial decisions during the CC meet.

Best regards,
Dr Savitha A S
Honorary Treasurer

REPORT OF IJPD

Dr. Yogesh S. Marfatia

Chief Editor
IJPD

INDIAN JOURNAL OF POSTGRADUATE DERMATOLOGY

The Indian Journal of Postgraduate Dermatology (IJPD) is the third official publication of the Indian Association of Dermatologists, Venereologists and Leprologists (IADVL) and is the first of its kind to focus on the needs of postgraduates. It caters to the unmet need of a journal with special emphasis on postgraduates and dermatology teaching. The proposal for this journal was approved in the closing year annual general body meeting of IADVL during DERMACON 2022, at Jaipur. Scientific Scholar was unanimously selected as the publisher by the Editorial board and IADVL Executive Committee and subsequently an official agreement was signed with them. Galderma pharmaceuticals offered, and was accepted, to be an academic partner for the initial 2 years of publication.

IJPD is a bi-annual journal, online and print, open-access and peer-reviewed journal. Submissions in IJPD are, however, not restricted to residents, and medical college faculty as well as practitioners are encouraged to contribute to the journal. Publications are now a requisite for postgraduate curriculum and academic promotions. They also add value to applications for senior residency, fellowships, scholarships and teaching positions. Publications are also an important criterion for selection in various IADVL academic activities/projects such as research grants/ Special Interest groups and academy membership/editorship/awards/orations. Ease of Online submission, Wider visibility through open access, higher impact

with broader reach and a prompt review process of IJPGD would help in easy and ethical publishing for the aspiring dermatologists. The articles published in IJPGD shall be considered and shall be given equal weightage for IADVL grants/scholarships/observerships, etc., as decided by IADVL Executive Committee 2022. The scope of the journal has been kept broad and medical education is an important component of the same. IJPGD encourages submission of manuscripts covering all aspects of dermatology, venereology and leprology, including dermatosurgery and procedural dermatology. Postgraduate thesis section, original research section, research methodology and ethics, medical education, teaching-learning methods, innovations, ideas, etc are various sections included in the journal. We have assigned a special section for residents (Resident's forum) and one for faculty (Faculty's forum) which invite specified contributions (Please see author instructions at <https://ijpgderma.org/>). The best articles published in categories of postgraduate thesis section, original article, resident's forum, review article and case report/series will also be awarded during Dermacon each year. A quick peer review and decision-making process are the journal's priority. An accepted article will be uploaded on the journal website within 2 weeks of its acceptance.

We hope to get the journal indexed on PubMed and other relevant indexing sites within the next 2 years. We have on board with us an excellent team of faculty from medical colleges across the country to guide the progress of the journal and uphold high standards. The journal is in a nascent stage, and we look forward to valuable contributions from the fraternity for its growth.

The journal is already registered with the following abstracting partners : Google Scholar, CrossRef, ReadCube, ProQuest, Portico and has already acquired both online as well as print ISSN numbers. We have received an inspiring number of 104 manuscripts till date and the first issue (January-June) of the journal has been published in the month of January, 2023 with 17 different articles. The second issue is ready to be published soon. The accepted article have been uploaded on the journals home page in the ahead of print section.

Finally, we hope that IJPGD fulfils the objectives and provides a platform for postgraduates to learn and hone their publication skills. 'Let us create brilliance together!'

Long live IJPGD

This will not replace any existing clause. Proposal: To have an independent budgetary allocation for Anti-Quackery every year at National and state Branch level of IADVL.

How will it help IADVL?

Quackery is on the rise in all aspects of dermatology. Not only the society and patients even the dermatologist bears the brunt of this quackery. Measures are needed to tackle quackery at multiple levels, Government, Bureaucratic, Judicial, PILs, Media (Visual, Print, Social) awareness. This needs finances to be managed professionally and we need to a dedicated staff for it. As of now the Anti- Quackery Chairperson, Convener and members along with the Legal retainer are involved. Currently there is no budget involved unless there is an allocation from the President's Budget. Having a dedicated Budgetary allocation both at National and State Level will ensure that the anti-quackery work can be more efficient and streamlined. The Chairperson and Convener can be in charge of the Budget and they would have to report the finances to the Honorary Treasurer. Do you think this needs referral to any specific committee? CFC.

Constitution Committee: Central Finance Committee should be giving the opinion on this matter and not the Constitution Committee.

There is no mention of anti- quackery committee in the constitution- so no opinion possible anyways. Once central finance committee opines, then matter can be taken up for discussion.

CFC Opinion: Quackery is a burning issue currently, and a significant budget is required to tackle this. There should be independent budgetary allocation for anti quackery every year at National level. Anti quackery committee to plan a detailed budget under various headings, and the quantum of budget has to be decided at the CC meeting

Proposal: Many IADVL members are worried about other branch practitioners and non medicos practicing Cosmetology, and there is a great unrest in the minds of youngsters regarding the same issue. IADVL has been trying to curtail the mal-practices by forming ITAQ and other ways. We are not a statutory body and NMC/MCI has not included any cosmetology courses in various universities which are awarding MD/Diplomas, hence we are self learnt Laser & cosmetic specialists, having learnt from company technicians and burning our hands, now youngsters are learning from seniors. The question arises as to what is our ground for protest? None of us were/are trained in laser procedures & cosmetology according to the curriculum, but we are doing many procedures of plastic surgery/gynaecology & other branches.

We do not have teeth to cut other non dermatology practitioners entering into our field. As per NMC/MCI an M.B;B.S. can do all practices and we have additional qualification in Dermatology, Venereology & Leprology only. Are we correct in claiming that cosmetic procedures are our personal property? This is for discussion to end the ever going conflict.

How will it help IADVL?

It will help IADVL by reducing the workload of people involved in activities like ITAQ etc.

Do you think this needs referral to any specific committee? NO

Proposal: To substantially increase the cost for sharing IADVL data and also to place severe restrictions on members who inadvertently share the data with unauthorized people.

How will it help IADVL?

As of now the IADVL data is shared with companies on payment of a fee of Rs. 50,000/-. This data gets leaked to many others. Also, the IADVL data is provided to Election Contestants, Bidding cities and also National conference organizers without a cost. Many times, it has happened in the past that the Data has been leaked advertently or inadvertently by such members to who it has been d=shared in good faith. Data is the gold mine in the current age and we need to safe guard and utilize in in a proper way.

Also, we need to safeguard our members' privacy. By substantially increasing the cost for sharing the data (Names and email) to Rs 2 -3 lakhs, IADVL stands to gain. And also, we need stringent action in place for members who share the data given to them in for official purposes to companies. This will deter the members from this act.

Do you think this needs referral to any specific committee? No

PROPOSAL 4

Title of Proposal: To reduce the print copies of IJDVL.

Proposal: To reduce the print copies of IJDVL

How will it help IADVL?

IJDVL is a well-known reputed journal with good impact factor and many medical colleges are subscribing. No association in the world has onetime fee for life and life time postal delivery of hard copies of the journal.

Many members are now soft copy savvy, prefer to have online access. All new member applicants have an option to choose for e-copy only during membership application and almost everyone chooses e-copy only. The paid Subscribers as of date: 60 (total subscribers last year were 105).

Justification to reduce IJDVL print version

IJDVL printing costs huge amount of money.

We print around 11,000 hard copies of IJDVL and the costs run to around Rs. 26 lakhs per issue. Of which approx. Rs. 6,50,000/- is postal charges, around Rs 15- 16,00,000 /- is printing charges. Out of the 11,000 copies, nearly 500-7000 copies get returned back due to various reasons.

Dr Dinesh Kumar Devraj spoke to the publisher Mr. Pritesh Seth of Scientific Scholar and the publisher is absolutely fine if we go for fore only e-copies. Infact most of the major journals have now become e-copy only.

By giving up hard copies, IADVL can save a good amount of money, considering it is printed every 3 months.

We can charge subscription fee for a printed copy for those who need it. E-copy will be free for all from India and also will be emailed to all our members.

As the revenue may go down in future, with the new regulations and pharma restrictions, it is ideal to have look at it now, to look forward for cost cutting measures, wherever feasible.

This is also an environment friendly option as nearly 10 tons of paper are used for printing one issue of IJDVL alone.

IDOJ statistics:

600 copies printed. These are sent to all medical college libraries (At present it is complimentary as per AGBM decision. Now IDOJ is planning to shift to Subscription basis), to corresponding Authors, Editorial board members, IADVL EC, State Presidents, Secretaries. The cost is around Rs 5 lakhs per issue.

Do you think this needs referral to any specific committee?

No, referral needed. Inputs of IJDVL & IDOJ Editor can be taken.

Dr. Seetharam, Idoj Editor Opinion : Agree. There may be resistance, but doable. With the GB decision, Proposing some charge for the print version is ideal. The number of copies to be printed, we can follow the IDOJ pattern. Even for IDOJ, now we are planning to shift to subscription-based after the board meeting (Aug 27).

Dr. Yogesh Marfatia, IJPGD Editor: My suggestions

- 1) No hard copy to new members - option for physical copy should be removed.
- 2) Existing members - one-time option whether they want a hard copy or soft copy, this option can be provided (can be incorporated in ballot paper) during IADVL national election process.
- 3) IDOJ - current policy of 600 print copies can be continued.

Dr. Archana Singal, IJDVL Editor : My Response -

As a environmentally conscious person, I welcome this move tremendously. However,

- It may be done for the newly enrolled members of IADVL when they pay to become LM for IADVL.
- For the existing member- Most IADVL members consider this as their privilege to receive print copy of IJDVL and they pay under two heads, so it may not be possible to stop print copies abruptly.
- I had suggested in DERMACON 2023 to direct State branches to take OPTIONS from the members who do not wish to have printed copies.
- Or with the IADVL elections- You may have a vote on this option and then decide accordingly. Members who fail to respond will be counted in the 'NOT required' category (smart move).
- Legal opinion may also be taken on this issue from the IADVL Lawyer before making a final decision.

Proposal: To trademark IADVL Logo and the words DERMACON, MIDDERMACON, CUTICON, DERMAZONE

How will it help IADVL?

The IADVL logo, and DERMACON, MIDDERMACON, CUTICON, DERMAZONE are symbols of IADVL and we need it for IADVL's exclusive usage. If we trademark it, we would be in a better position and authority to use them and this will prevent its usage by others.

Do you think this needs referral to any specific committee? Yes,
CFC. Needs budgetary allocation.

CFC Opinion: To mention the estimate cost for the trademark.

Proposal: To shift the IJDVL account to the main IADVL account

How will it help IADVL?

The IJDVL account was kept separately, as there were no funds to run the journal and IADVL was also having financial

crunch in the past years. One third amount of yearly savings (including of DERMACON surplus) was kept separately exclusively for journal to ease the cost of managing a journal.

Now IADVL has three journals and all need funding for all three. The savings including DERMACON surplus to be shared among the three, based on the expenses incurred by journal.

Also, IADVL has a central audit system, which can monitor all the expenses. We need to understand that the current IJDVL account is IADVL members' money, whether it comes from Journal Subscriptions or IADVL Conferences.

It is not an easy task to track the IJDVL fund, calculate interest and depositing every year.

Advantages of shifting allotted IJDVL fund to Main Account

Auditing will be easy.

All the expenses incurred by IJDVL: publishing, printing, editorial board meeting etc. will be taken care by IADVL, as taken care for IDOJ.

The IJDVL Editor will be free and would be able to concentrate only on scientific matters.

The IJDVL, IDOJ and IJPGD are our identity. IADVL will take care all these journals with pride and without prejudice. By monitoring from one place, the system will be efficient and seamless.

Do you think this needs referral to any specific committee?

CFC.

Opinions of IJDVL, IDOJ editors can be taken on the floor.

Dr. Seetharam IDOJ Editor Opinion: Absolutely ideal. It will remove all bitterness and make things easy.

Dr. Yogesh Marfatia IJPGD Editor Opinion on IJDVL account -

1) It can be merged with IADVL as we have a central office with an accountant and auditor.

Dr. Archana Singal, IJDVL Editor

- It's a good idea so that we concentrate only on the scientific contents and not money
- Provided there is 'NIL' interference in the scientific decisions as per the constitution of IADVL, PART I : BYLAWS (Section D, Point 4, subsection h, page 26-28)
- Finances required for conducting IJDVL annual meetings/ other expenditures by the EIC/ Editorial board members to be deliberated upon and clarified- A CORPUS Fund may be retained with IJDVL for which a decent amount may be finalized after discussion.

CFC opinion: Approved. IADVL has 3 journals now. This proposal will help to streamline accounts.

Proposal: Strengthening of the IADVL brand image by various activities.

Building a strong IADVL brand image will have several benefits. Efforts to create and strengthen brand image will be started as a priority.

1. Providing IADVL plaque with logo and certification in the clinics of IADVL members
2. Permission to use the IADVL logo on letterheads and prescription pads will be explored
3. Public awareness scientific articles in the print, digital, TV and social media by IADVL members. IADVL Logo to be used in all such activities.
4. Special IADVL display images for the members to be used in the social media
5. Hosting IADVL events and awards for our target clients, pharma and public for enhancing the public image.

How will it help IADVL?

Apart from the strengthening of brand image, this activity will help us fight the quackery in dermatology.

Do you think this needs referral to any specific committee?

Constitution committee, legal cell Legal cell opinion: Public awareness scientific articles in the print, digital, TV and social media by IADVL members. IADVL Logo to be used in all such activities.

It is important to ensure that content of such articles is right and appropriate to the target audience by some workable mechanism. Authors should not resort to self-promotion and adding to the innumerable social media profiles resorting to pseudo-scientific content creation. Under this #2 seems unnecessary. All members should be encouraged to use IADVL logo on stationery so that it is visible to the public and embeds brand image. Public will recognise it once it is carried by all IADVL members and will help to distinguish from the rest of the “cosmetologists”

Constitution Committee: This is again not a constitution related matter. It is however suggested that using logos on personal items will need a legal opinion before discussion.

Proposal: HOLISTIC HEALTH PROGRAM FOR IADVL MEMBERS

There is a need for a structured health program for the members of IADVL. This program shall include all domains of health including the physical, emotional, social, recreational, spiritual and financial health. After experiencing the devastating Covid pandemic, a comprehensive health program has become a dire need for the members. "IADVL beyond academics" shall be a mission and this shall continue in the coming years too.

Following activities may be considered.

1. Round the year physical and virtual activities related to health will be conducted. A health-related lecture and activity to be included in the IADVL conferences and major CMEs. Key note lectures on health-related topics may be given to famous speakers to sensitize the members to focus on their and their health.
2. Pan India rallies (bicycle and other rallies) for fitness (and promotion of IADVL brand image)
3. Virtual gymnastics, zumba workout, music and dance classes.
4. MOU may be explored with fitness clubs, airlines, resorts and spiritual organizations to explore corporate offers. Possibilities of wellness trips will be explored.
5. Personality and spiritual development virtual programs by leading spiritual and personality development experts
6. Health policies may be explored for corporate offers

How will it help IADVL?

As per IADVL mission statement active advocacy for the welfare of its members is a mission statement of IADVL. With over 15,000 members, IADVL office bearers should be concerned of primary members along with our family. Healthy members are great asset to strengthen the association.

To bring out IADVL PEDIATRIC DERMATOLOGY reference book Pediatric dermatology has evolved into a subspeciality in India with several universities initiating fellowship programs. Although few books are available on pediatric dermatology by Indian authors, there is no reference book.

How will it help IADVL?

Pediatric dermatology faculties, fellows and members with special interest in pediatric dermatology will be benefited. The book can be a useful resource at the departmental libraries. Hence, the book is likely to attract a readership and asale.

Proposal: ORGANIZING A TWO- DAYS INTERNATIONAL CONGRESS OF DERMATOPHYTOSIS IN 2024 IN INDIA

How will it help IADVL?

Dermatophytic infections have gained epidemic proportions all over the Indian subcontinent and middle eastern Asia (Gulf countries). Increased sensitization to this disease/epidemic for and by the IADVL community, mycologists/microbiologists, pharmacologists, pharmacists interested international colleagues/research scholars and policy makers from various platforms to reduce the burden in the community is the need of the hour. Who better than Indian dermatologists/IADVL members would be effective torch bearers for conducting this particular activity?

Do you think this needs referral to any specific committee?

CFC Opinion: The approval for organising a conference should be obtained from the CC or AGBM. CFC has no role here.

However, the financial implications has not been mentioned in the proposal. The rules and regulations pertaining to financial part while organising any international conference has been mentioned in our constitution. CFC suggests that these have to be followed by the organisers.

Proposal: It is proposed that Editor-in-Chief of IJDVL to be awarded Complementary registration, airfare and accommodation to attend DERMACON every year.

How will it help IADVL?

IJDVL is the flagship journal of IADVL with great standing and truly reflects Indian Dermatology globally. Being EIC is a coveted, honorary position and involves diligent and continuous hard work without a break for 3 years. In our opinion, admission of this proposal would reflect very highly on IADVL EC.

Do you think this needs referral to any specific committee? No

Constitution Committee Opinion: The proposal is a biased one. This privilege cannot be extended to one editor only and not only to Editors. If agreed to, then many other important positions in IADVL will also have to be given this privilege including Editors of textbooks, Academy Chairperson and Convener, Coordinator of SIGs and so on. If IADVL and EC is willing to allow privileges for many such important positions, then proposal can be taken up for discussion.

CFC Opinion: Agreed.

Registration and accommodation can be done by Org Committee and travel to be reimbursed by IADVL. This can be extended to editors of IDOJ and IJGPD.

PROPOSAL 13

Title of Proposal: All the posts at IADVL city, State, or National levels must be contested by a member holding NMC recognized degree or diploma only. No other degree/ diploma which is not yet recognized should be allowed to contest or hold any official post or position in any of the IADVL EC or events like conferences or CMEs.

No other degree/ diploma which is not yet recognized should be allowed to contest or hold any official post or position in any of the IADVL EC or events like conferences or CMEs.

How will it help IADVL?

Considering the recent NMC guidelines for practice in any field of medicine, we must follow the same and as the guidelines prohibit a person to practice the said branch of medicine if the degree/diploma is not recognized by NMC hence the person cannot be labelled as qualified practitioner in that field. So the person is not qualified to lead any official position in the field. It will help IADVL to follow the guidelines tabled by NMC which eventually is required as per the law of the land.

Do you think this needs referral to any specific committee?

Constitution committee Opinion : Opinion: This is an important matter and needs to be taken up for discussion. The Constitution Committee agrees with the first part of the proposal regarding NMC approved degree. As of now this is what the constitution says- The eligibility criteria for becoming a life member of the Association shall be a postgraduate qualification in the specialty (i.e. a diploma or a degree in Dermatology or Dermatology, Venereology and Leprosy) from a medical college affiliated to and awarded by an Indian University or an institution recognized by the Medical Council of India (MCI)/National Medical Commission (NMC) or an equivalent organization of the Government of India; or a degree or diploma granted by an Indian University or Institution and recognized by the respective State Medical Council (after submission of proof of recognition); or a Diplomate in Dermatology or Dermatology and Venereology of the National Board of Medical Examinations, New Delhi. Others with foreign degrees or diplomas or equivalent qualifications should have their qualifications recognized by the MCI)/National Medical Commission (NMC) or an equivalent organization of the Government of India to become eligible. However, in the states of Andhra Pradesh, Tamil Nadu and Puducherry (where presently only a combined degree or diploma in Dermatology, Venereology and Leprosy is awarded), those who had acquired a postgraduate qualification (a degree or a diploma) in the specialties of Dermatology or Venereology or Leprosy will continue to be eligible.

However, for conferences and CME's there is no such phrase in the constitution. It is suggested that this would be too restrictive to the non-life members and "events like conferences and CME's" need to be more well defined.

PROPOSAL 14

Proposal: We Propose to IADVL to file a PIL against the rampant practice of Dermatology by Dentists and other non medical people under the guise of beauty procedures, which are in fact medical grade procedures. Also, to stop the crash courses with certification which are being conducted as cosmetology courses where medical procedures done by Dermatologists are being taught to non medical, unqualified people and creating Quackery in the field of Dermatology.

How will it help IADVL?

It is the need of the hour for all Dermatologists, to save their speciality from being encroached upon, protecting us as well as the General Public from the harmful reaches of Quackery, which as of now seems to have no control in spread. Public think that Dermatologists only treat skin rash, while only a Cosmetologist is qualified to do all aesthetic Procedures. This needs to be busted and harmony returned to the field of Dermatology. Do you think this needs referral to any specific committee? Need to refer to the Legal Cell for further processing.

Legal cell opinion : Asking NMC to give a directive as to who can and who cannot practice Dermatology Procedures, as well as against such training Institutes, where such courses are being taught.

NMC can only lay down criteria of eligibility to perform dermato-surgical procedures for allopathic doctors. It has no jurisdiction over Dental/ Maxillofacial surgeons who come under DCI and non-allopathic medical practitioners and non-medical practitioners.

IADVL will have to exhaust the options (such as representing/complaining to appropriate authorities and with no response or no satisfactory response from them) before invoking the extraordinary jurisdiction of the High Court/Supreme Court.

The petition will have to be drafted to demonstrate 'public interest' as opposed to 'private interest litigation' as this is the ground of failure of PIL in a number of cases.

Dermatology procedures to be listed and made and forwarded to NMC saying these have to performed compulsarily by Dermatologist.

If anyone else found performing procedure apart from Dermatologist, notice, fine and legal action to be imposed Our letter should impress upon the NMC that our concern is that gullible people are being cheated by half-baked "doctors" and they spend a lot of money and eventually they have to seek out treatment from the genuine dermatologists again. So we need to emphasise the fact that the gullible public needs to be protected by professional doctors bodies. It is the responsibility of NMC and IADVL and professional bodies to let the public be aware as to who can perform what procedures on the skin.

Likewise IADVL should coax NMC to prepare the same list for Dentists, Maxillofacial surgeons, ENT surgeons etc. so that it is clearly laid out that no dermatology procedures are carried out by specialists from other fields

Proposal: Numerous Conferences and workshops are conducted by IADVL Members, which are not under the purview of IADVL. The persons allowed to attend these conferences also happen to be non IADVL members, Non Dermatologists, Non Medicos like Dentists and Lay people who want to pursue Cosmetology Course. Hence, to stop such activities, we propose that the organising team must include one State EC member of IADVL as an observer, and the Attendance sheets to be checked by them, followed by submission of such attendance details to the concerned State Branch as well as the National IADVL. This is to make sure that only IADVL members and Dermatologists attend these meetings.

How will it help IADVL?

This is because most of the Prominent & senior IADVL members conduct conferences and workshop under their own Banner. There is no tracking method in such conferences so as to verify the delegates whether they are IADVL members or Dermatologists. This will help to prevent spread of Quackery, especially from Dermatologists to outsiders.

Do you think this needs referral to any specific committee? No.

Legal cell opinion :

Proposal:

Numerous Conferences and workshops are conducted by IADVL Members, which are not under the purview of IADVL. The persons allowed to attend these conferences also happen to be non IADVL members, NonDermatologists, Non Medicos like Dentists and Lay people who want to pursue Cosmetology Course. Hence, to stop such activities, we propose that the organising team must include one State EC member of IADVL as an observer, and the Attendance sheets to be checked by them, followed by submission of such attendance details to the concerned State Branch as well as the National IADVL. This is to make sure that only IADVL members and Dermatologists attend these meetings.

The said procedure to prevent non-dermatologists from attending conferences organized by IADVL members appears cumbersome and difficult to implement. What is the use in scrutinizing attendance sheet after the conference? Different approach may be considered to achieve the goal.

In Events organised by IADVL members under a banner other than that of IADVL, IADVL would legally and administratively not have any control such having an IADVL nominee as an observer.

It may, however, issue explanatory notice to involved members especially if found indulging in organising and being a part of meets where non-dermatologists are involved.

Requests may be made to panelists involving in aesthetic conferences, where it is found that IADVL members are responsible for teaching and training non dermatologists / non IADVL members, to strictly refrain from such actions. Non compliance may lead to further action from IADVL towards such members.

(Any activities ranging from CME to hands on workshop should be approved by IADVL and then only executed.

So training of non dermat can be curbed. Ideal to introduce and train PG students with 3 month of dermatosurgery and 3 months of aesthetic dermatology training in their curriculum along with 2.5 year of clinical dermatology).

We are not able to classify and accept EC's view:

If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no.:

Proposal: At present, for any IADVL programme, the pharmaceutical companies compel the office bearers/ local organizers to sign unipartite agreements for disbursement of funds towards sponsorship. In majority of the cases, such agreements contain clause(s) which are unacceptable for the association and they do not bear signatures and seal of the concerned company executive(s). Starting from the covid era, many of the companies have also started collecting such signatures on agreements electronically, without providing any physical/ electronic copy to IADVL officials for our office records. They also demand for the original payment invoice to be submitted before they release such payment and GST accrued therein, making us liable for advance/ double GST payment and difficulties arise during our account audit.

Also at present no interest/ punitive measures are in place for pharmaceutical companies failing to complete the payment within due time but on the other hand, due to nefarious clauses in their agreement, IADVL is liable for a full refund of the sponsorship amount due to exigencies. Therefore, we propose that a uniform and bipartite MOU to be in place between IADVL and pharma partners, taking in consideration, all of the above points. We have incorporated one such model MOU in our state constitution and attaching herewith for reference The Memorandum of Understanding (herein after referred as MOU) is made at PLACE on DATE. Between Organizing Committee, NAME OF CONFERENCE of IADVL West Bengal Branch scheduled to be held on DATE OF CONFERENCE at VENUE ADDRESS OF CONFERENCE through its authorized representative's NAME OF THE PERSON as ORGANIZING CHAIRPERSON, and NAME OF THE PERSON as ORGANIZING SECRETARY having NAME OF CONFERENCE SECRETARIAT office (herein after called the "OC"). AND NAME OF THE PHARMA COMPANY is company registered under the Act, 1956 and having registered office at ADDRESS through its authorized signatory NAME OF THE PERSON will henceforth be referred to as Conference Sponsoring Partner.

NAME OF THE PERSON as ORGANIZING CHAIRPERSON and NAME OF THE PERSON as ORGANIZING SECRETARY will henceforth be referred to as Organizing Committee (OC) or Organizers in this contract and above-mentioned NAME OF THE PHARMA COMPANY in this MOU.

The Organizing Committee has to make all the necessary arrangements for the successful conduct of the above Conference and has appointed NAME OF THE PERSON as ORGANIZING CHAIRPERSON, and NAME OF THE PERSON as ORGANIZING SECRETARY, NAME OF THE PERSON as SCIENTIFIC CHAIRPERSON and NAME OF THE PERSON as TREASURER (herein after referred as OC) which expression shall mean and include its administrators, legal representatives, successors, attorneys and permitted assigns who shall be responsible on behalf of Conference to ensure its conduct based on MOU.

About EVENT: NAME OF CONFERENCE of IADVL West Bengal Branch scheduled to be held on DATE OF CONFERENCE at VENUE ADDRESS OF CONFERENCE. It is well known as "SHORTNAME OF CONFERENCE".

NOW, THEREFORE, in consideration of the mutual promises, conditions and covenants contained herein, the parties hereto agree as following points below;

- [1] That the sponsor will get exhibition space design which has to be submitted to Organizing Committee for approval.
- [2] Sponsoring Sessions or workshops criteria will be as per the norms defined by IADVL, WB.
- [3] Sponsoring other activities in the conference will be allowed as per the decision passed by the local Organizing Committee and related permissions for such activities shall be perused by the company.

 - [20.2] Space allocation will be made on first come first served basis only after the full payment in advance on or before DATE. Upon receipt of the advance payment, space will be reserved and an invoice will be generated for final payment with the deadline.
 - [20.3] Final GST invoice will only be issued after realization of the complete payment including GST. Also if complete payment is not realized by mutually agreed date, the respective pharmaceutical company will be liable to pay interest @18% per month.
 - [20.4] Electricity uses after basic limits shall be charged accordingly. Electricity charges per unit shall be informed on time as per commercial electricity tariff declared by the Government.

[20.5] VACATION OF STALL: Exhibitors will be allowed to remove their exhibits only after closure of the exhibition on LAST DAY of the conference. Goods can be moved outside the venue only after submitting “No Dues Certificate of Exit” in duplicate duly signed by the Organizers/ Authorized Signatory. The work of removing the exhibits from the venue must be completed on the same day. After this period the Organizers will be at the liberty to remove the exhibits at the cost and risk of Exhibitors.

CHANGE OF VENUE AND DATES: The Organizers reserve the right to change the venue, dates and/ or duration of the conference. [20.7] The Organizer also reserve the right to change the floor plans and/ or location of space allotted or stall no. to an exhibitor or exit/ entry points, passages, etc. any time before the commencement of erection of the stalls, if in the opinion of the Organizers, such changes are necessary.

[20.8] Any such changes shall not be sufficient ground for exhibitor to cancel their participation and in case of withdrawal from participation no refund will be permissible.

Proposal : IADVL Academy was formed in the year 2006, at that time there were only 6 SIGs and limited working domain. Over the last 16 years, functioning of IADVL Academy has increased tremendously and it has evolved as a very active and vibrant academic wing of IADVL as an organization. This has been possible with the constant support and mentoring by past and current National IADVL EC for IADVL Academy.

Now there are 16 SIGs and focussed task forces each year having academic activities including physical CMEs or workshops/ webinars almost every week. Apart from SIGs IADVL Academy is involved in managing IADVL research grants (A total of 50 lakh each year), observerships (National and international), scholarships (national and international), textbooks, guidelines, DERMACON and MIDDERMACON scientific sessions, newsletters, online training modules, post-graduate activities (conducting PGCON, PGPDT, PG thesis research Grant, PG thesis based award paper sessions), IADVL digital Academy platform etc.

It is becoming extremely difficult to function with the existing strength of core IADVL Academy members. Near 20 SIGs and task forces coordination and handling new and past research grant proposals / projects (more than 100 on average), PG activities, online training modules, scholarships are becoming humanely difficult for 2 assigned academy members. All academy members have their respective professional and personal commitments too and it is a challenge to keep pace with ever increasing Academy workload and meet deadlines for its smooth functioning.

The IADVL Academy convener has the responsibility to coordinate all activities and meet the deadlines. In addition, a bank account is also managed by the convener and funds are transferred for research grants (approx. 20 lakh/ year), scholarships (40 lakh approx./ year), observerships (15 lakh approx./year). Further for some SIG activities also funds are to be transferred.

Hence a strong need is felt to create five new posts in IADVL Academy. Three additional academy members and two joint/ co-conveners

Name of posts: Joint convener / Co-convener

Number of posts: 2

Duration of tenure: 2 years

Eligibility: Post MD 10 Years - Experience of working in IADVL Academy as Member or SIG coordinator/convener.

Duties & responsibilities: Joint conveners are supposed to be active, diligent and experienced team members who can devote sufficient time on daily basis and provide their expert inputs for smooth functioning of academy – working responsibilities as assigned by Chairperson/convener IADVL academy.

Selection: By application – Selection Panel of – President IADVL (Current, elect & immediate past), Secretary General IADVL, Chairperson IADVL Academy, Convener IADVL Academy - (current & elect)

Name of posts: Academy members (3) – as per current selection protocol

How will it help IADVL?

It will help improve the functioning of IADVL Academy.

Do you think this needs referral to any specific committee?

Constitution committee & SOP committee

Constitution Committee Opinion:

It is agreed that Academy workload has increased. So, appointing 2 joint conveners is a good proposal. However, the Academy task force had looked into this matter in 2021 and suggested that 12 members are adequate. So, increase in members is not advised at this juncture. The matter may however be taken up for discussion in the CC.

IADVL E-VOTING TASKFORCE

(1st April to 15th July, 2023)

Dr Indrani Dey
Chairperson

Dr. Pravin Banodkar
Convener

1. Standing Committee of E Voting Task Force 2023 was constituted with a dedicated Whatsapp group for discussion and actions among the members under the guidance of President and Honorary General Secretary, IADVL 2023.
Dr Indrani Dey, Chairperson
Dr Pravin Banodkar, Convener
Dr Abhishek Jha, Member
Dr Annie Flora, Member
Dr Mohan Shendre, Member
Dr Pratyusha, Member
Dr Ruby Jain, Member
Dr Sujala S Aradhya , Member
Dr Prashant Jadhav, EC Coordinator
All State Secretaries and State E Voting Coordinators
2. The State E Voting Task force was constituted comprising the State E voting coordinators selected by the Hon. Sec. and President of each state. A dedicated Whatsapp group was constituted to carry out the E voting activities and address issues therein.
3. Early Group meeting was done (Zoom Meeting) which it was decided to develop a roadmap of activities. All further discussions would be accomplished through Whatsapp.
4. The State wise list of the NON-E-Voters and E voters was shared with the State e-voting Coordinators to facilitate the process of communication with the State IADVL members via, WhatsApp messages, Emails, Making Creatives in local language, and direct telephonic calls
5. HOD of State Educational Institutes were shared creative and video to encourage newly Covered PLMs to LMs to register as Evoters
6. Two major areas of work (a) To convert Non-E voters to E voters and (b) Increase the dwindling E voting percentage.

7. The first task was to convert the non voters to voters. We wanted to avoid repeating this painstaking job so that in future the subsequent taskforces could work on “where we left”. Uniform Color codes were devised to highlight individuals who were whatsapped, called, converted, emails, contacted but not done or not interested, death, living abroad. The plan is to propose removal of IADVL members from list who are untraceable members settled abroad, demised or those who are very elderly and cannot have any online documentation about e voting.
8. A QR CODE to take members to website to E vote. This QR Code can be circulated in State groups and also placed on brochures or standees stalls during conferences. As the website is undergoing restructuring, this will be soon taken up once it's done
9. E Voting taskforce assisted in systemically structuring the “For” and “Against” documents on the IADVL Referendum 2023 on “Should CPS-DDV candidates be given Life membership of IADVL”.
10. This E voting campaign was promoted aggressively by the State E voting coordinators through creatives and whatsapp messages and phone calls encouraging members to vote.
11. The State Coordinators were instrumental in the creation of videos on “How to Evote on the IADVL Referendum 2023?” and kept addressing every issue faced by the members while evoting. With their efforts, the polling percentage was 30.40% where the majority voted “Against” the Referendum. It was a historic event for IADVL and the E voting taskforce 2023 will always feel proud of having contributed its bit to this.
12. For the month of June and July, the “Monsoon Campaign 2023 ” was undertaken. It would be a nationwide aggressive campaign to convert “Non-E voters to E voters”. All State voting functionaries are working on it. The aim is to do maximum level of conversions and also to find out any loopholes in the process of conversion and devise methods to overcome it.

We are looking forward to working with the IADVL EC along with all the State Secretaries, State Coordinators, & Members of the IADVL E-Voting Committee 2023 in our journey ahead.

Long live IADVL !!!!

MEDIA CELL

(April to June, 2023)

Dr Anil Abraham
Chairperson

Convenor

- 1) On the occasion of World skin health day, media cell compiled a video where members of the media cell and EC were asked to say 'Dermatologists are true skin, hair, and nail specialists' in their native language or a language of their comfort. The aim was to include as many Indian languages as possible to reach more people. A total of 12 different languages were covered in this video and it was well received by the members.
- 2) As requested by the EC, media cell conducted a Tag line competition for Mission Prison, a presidential initiative. We received a total of 82 entries sent by 32 IADVL members. A core committee consisting of President & Hon Gen Sec of IADVL, and Chairperson and convenor of media cell shortlisted three entries. The winners were Dr Anuradha KB, Dr Indumathy K, Dr Madhulika Mhatre. They were awarded with IADVL published textbook of dermatology. The final tagline, Mission Prison: Reaching out, beyond barriers, was framed by combining the three winning entries
- 3) Educative videos on the following topics were created and posted:
 - Nail care
 - Hair care myths
 - Geriatric skin care
 - Pediatric skin care
 - Sunscreen usage
- 4) A series of 7 static posts and one video on Bursting myths in acne were posted
- 5) Multiple creatives were created and posted for the first IADVL referendum
- 6) Media cell conducted following activities on the occasion of World vitiligo day,
 - a) *Reel it, Win it* competition where members were invited to create and post reels on Vitiligo awareness and tag our official social media handle.

From the 18 entries, 2 entries were deemed as winners :

 1. Dr Punya Suvarna, Mangalore
 2. Dr Radhika Kopikar, Mumbai.

Dr Priyanka Kargaiah seamlessly co-ordinating the event.
 - b) Our member, Dr Debjit Kar, represented media cell and took part in the collaborative event " Talk to an expert: Management of vitiligo- practical aspects" conducted by Yuva cell.

LEGAL CELL

(1st April to 15th July, 2023)

Dr. Subodh Sirur
Chairperson

Dr. Mansak Shishak
Convenor

Continuation of the release of periodic newsletters : Lexderma, the IADVL medicolegal newsletter; Vol 2 May 2023, which imparts legal awareness to members on relevant topics. Guest articles and letters are being encouraged and met with good response. Editor: Dr. Ranjan TD and co-edited by members of legal committee (Dr. Saba Mhate, Dr. KHS Rao, Dr. Subodh Sirur)

Conducted a survey to assess members' knowledge on drug dispensing in clinics. Opined and incorporated on the same via newsletter email.

Committee was approached for opinion on IADVL signing an MOU with a service provider- Ekacare, to enable IADVL members digitise their practice. Drafts were modified and appropriate recommendations made, in the best interests of the association.

Clarified a member's query on display of degrees not recognised by NMC as unethical and illegal. Dr. Subodh Sirur explained how code of conduct does not permit us to display as per clause 1.4.2. And that irrespective of such a notice in the newspaper, it is applicable to all registered under State Medical Council/National Medical Commission. Not following it may run the risk of disciplinary proceedings. To issue a notice in the newspapers is the sole prerogative of the concerned State Medical Councils.

The committee has a member achievement. Dr. Saba Mhate has been conferred LLB degree. It is a matter of pride that we have qualified dermatologists who are now qualified legal experts too.

Another member query on process of clinic logo registration was clarified, as follows. "You would have to register the logo as a trademark. There are IPR lawyers/ some agents who deal with trademark registration. The logo (trademark) has to be unique. If there are no objections from the office of trademark or from anyone else then registration is granted. I believe one can do Online registration also" Dr. Subodh Sirur.

There is a continuing interaction with the quackery committee through Dr. Jagadish and Dr. Dipali Rathod. With this, we can help each other in a concerted manner to solve and approach issues that come to notice of legal cell and aggrieved members.

The AMWC conference also brought to attention the involvement of members who may be part of a conference that is attended by non-dermatologists, and IADVL letter was sent to participating faculty to refrain from attending.

The first physical meet of legal cell in collaboration with Yuva cell and resident committee has been slated for Aug 20, 2023 in Bengaluru. With this, further concerted efforts with other committees are in place

Monthly meets via zoom are held on second Wednesday for all members.

Dr Shyamanta Barua
Chairperson

Dr Saloni Katoch
Convener

Guruderma, An IADVL virtual Mentorship program continued successfully throughout 2022 with senior Gurus guiding and imparting knowledge to their mentees. The IADVL Mentorship committee commenced its activity this year by securing its mentor pool for the Guruderma program 2023. All the esteemed mentors from 2022 were sent mails requesting for permission to include their names in the mentor list for the next round of the Mentorship program. A total of 15 mentors agreed to continue guiding mentees this year as well. An online orientation and sensitisation meet was organised for the mentors on 30th May and was presided over by Dr. Shyamanta Barua, Chairperson, IADVL Mentorship committee 2023.

Mentee application forms along with the mentor list were officially released via mail to all IADVL members on 3rd June 2023 with a submission deadline of 15th June 2023. A total of 90 applications were received and objectively evaluated. Depending on the scores, 35 mentees were selected for the current round of the Guruderma program. The mentor mentee matching was done based on the scores, areas of interest and mentor choices given by the mentees in their application forms. The online sessions between the mentor and their mentees will commence by July end. An orientation meet will also be organised for the selected mentees before the beginning of the virtual sessions. Co-ordinators from the IADVL Mentorship committee will also be assigned to the mentor-mentee groups for troubleshooting and smooth execution of the virtual sessions.

The mentees will be required to complete 6 scheduled sessions with their mentors. We have received a lot of positive feedback from the mentors and the mentees last year and hope that this initiative will continue to empower and guide dermatologists across the country.

WELFARE SCHEMES OF IADVL – BENEVOLENT FUND

IADVL WELFARE SCHEMES

IADVL is glad to introduce two welfare schemes for the benefit of IADVL members. The schemes are intended to foster goodwill among members and thereby make the association more popular and purposeful. The schemes are as below:

* **BENEVOLENT FUND**

* **PERSONAL ACCIDENT RELIEF FUND**

IADVL also has an on-going PROFESSIONAL INDEMNITY INSURANCE POLICY for financial protection against any medicolegal claims. Each of the above is to help and benefit IADVL member during any personal crisis or tragedy. Both these funds are through internal accrual while Professional Indemnity is in association with National Insurance Company limited.

JADVL BENEVOLENT FUND

IADVL Benevolent Fund is to extend solace and support to IADVL members who have undergone the misfortune of being afflicted by serious disability/prolonged illness. The disability or ailment should be due to diseases or mishaps that are not self-inflicted. The intent of the fund is to provide emotional and financial assistance and a helping hand at a critical time. The objectives of this scheme will be to provide financial support to the deserving members in the case of invalidation or in the event of their suffering any injury or physical disability or unforeseen misfortunes like prolonged sickness leading to premature retirement. The support will be extended in the form of one-time payment to a maximum of Rupees 2 lakhs per member as per set guidelines.

Following is the list and definition of critical illness/disability eligible for grant of Benevolent Fund:

1. Stroke resulting in paralysis: Defined as a cerebrovascular accident or incident producing neurological sequelae of a permanent nature, having lasted not less than six months.
2. Chronic renal Failure: End stage kidney failure presenting as chronic irreversible failure of both kidneys to function, as a result of which regular renal dialysis is initiated or renal transplantation carried out.
3. Major Organ Transplant: The actual undergoing of a transplant as a recipient of one of the following human organs: (a) Kidney, (b) Lung(s), (c) Liver, (d) Heart, (e) Bone marrow
4. Blindness: The total, permanent and irrecoverable loss of the sight of both eyes.
5. Major Burns: Third degree burns covering more than fifty percent (50%) of the Life Assured's body surface area
6. Amputation of limb: Amputation of one or more limbs warranted due to conditions other than accidents.
7. Any other medical conditions deemed to result in a permanent or partial disability / COVID 19 infection requiring intensive unit care

JADVL PERSONAL ACCIDENT RELIEF FUND

The personal accident relief scheme is no longer there

MODE OF DISBURSEMENT OF BENEVOLENT FUND & PERSONAL ACCIDENT RELIEF FUND

Aggrieved member can send the duly filled application form, with bills, hospital summary etc through their branch / City unit to State President/Secretary who shall forward to IADVL President/Hon. General Secretary. Upon receipt of the application an Expert Committee duly authorised by the IADVL Executive Committee headed by the President of IADVL shall evaluate and approve the same based on the merit of the case. The approved fund can be electronically transferred only in the name of the affected member whose PAN card is verified.

Mutual benefit scheme of IADVL – The DVL Welfare trust

Introduction: IADVL has launched a mutual benefit scheme coupled with professional legal protection in 2011 and named it DVL welfare trust. It is one of the important financial benefit scheme aimed at securing financial security for the family members of our association. The Executive committee of IADVL urges all its members to join this mutual benefit scheme to make it a successful initiative of IADVL. The details of this welfare scheme are as follows:

DERMATOLOGISTS VENEREOLOGISTS & LEPROLOGISTS WELFARE TRUST (DVL trust) has been established for the benefit of members of IADVL. The trust has been registered at Vadodara. DVL Welfare Trust is by IADVL, of IADVL and for IADVL ites”.

Aims and objectives of the scheme:

- 1) To provide financial assistance to the family of a member of this scheme in the event of his/her death.
- 2) To inculcate a habit of savings among the members for their mutual benefit.
- 3) An option to provide comprehensive indemnity cover in the event of litigant situations arising out of alleged professional negligence by the members.
- 4) To educate the members, including clinic staff, to prevent any litigant situation and to guide them, how to deal with it in the event of such a situation.

Eligibility of the members: Any life member of IADVL, irrespective of age is eligible to become a Regular Member of the scheme. Family members of Life members of IADVL can also join the scheme as Beneficiary Members. Please note that separate forms need to be filled for each member of a family.

Total Amount Payable at the time of admission:

1. Admission Fees (as per age –given below).
2. Annual Membership Fees Rs. 750. (for the year 2020-2021) Increment of Rs.50/- every year.
3. Advance Fraternity Contribution (AFC) Rs.2000 (Rs Two thousand only) a minimum amount kept with DVL trust towards members future fraternity contributions.

Optional amount to be payable at admission: Member can deposit additional amount of his choice as deposit for future annual contribution. The 4% interest will be credited on deposit amount.

Details of one time Admission fees: The Admission Fees payable shall be based on age in years of the proposed member or their family member who likes to join the scheme, as follows:

a) Upto the age of 10 Years	Rs. 1,000	b) 11 of 20 Years	Rs. 1500
c) 21 of 30 Years	Rs. 2000	d) 31 of 40 Years	Rs. 3000
e) 41 of 50 Years	Rs. 4000	f) 51 of 60 Years	Rs. 5000
g) 61 of 70 Years	Rs. 7000	h) above 70 Years	Rs. 8000

Optional Legal fees for professional indemnity For life members of IADVL who volunteer to have professional legal cover, this option is available. However, they necessarily have to be members of DVL trust as well. Annual legal fee is based as per type of Dermatology practice: a) The Consultant with only office practice will have to pay Rs. 1000/- per year; (B) The consultant with practice of cosmetic, laser & other Dermato surgical procedures will have to pay Rs. 3000/- per year; to cover these procedural events or litigations. The indemnity coverage will be Rs. 7,00,000 (Rupees seven lakhs) per case and Rs. 15,00,000 (Rupees Fifteen lakhs only) aggregate per year.

Member’s annual contribution: [a] Annual membership fee of Rs. 750/- (with increment of Rs. 50/- every year). and [b] Fraternity contribution Rs. 500 x N, where N = No. of Death of members) . Plus, Optional professional indemnity annual legal fees, to be paid by those members who opted for professional indemnity. Benefits for IADVL members of DVL trust: 1) Social security to family members: Note: Financial benefits will start after ONE year of joining the scheme. Nominee will get Rs. 450 x N, where N = No. of members of DVL trust. In other words, when more IADVL members join this scheme, more fraternity benefit for members families. 2). Professional legal protection, when applicable, for those members opting for it: Legal help is extended in all types of cases like civil, criminal, labour & consumer redressal fora. For Medico-legal aspect we have successfully negotiated with LegalMD Global Consulting Services Pvt. Ltd. Members can avail the services all over India.

REPORT ON PRESIDENTIAL PROJECTS

ICSOFT

IADVL EC is happy to announce its presidential project for the year 2023-24!!! EMR's (electronic medical records), play a critical role in storing medical records, provide treatment and manage finances of a doctor. Also, EMR for dermatology practice has unique requirements like GST, storage of large images, pre and post image comparison. Realizing it, collaborated with Eka care to provide clinical software to all its interested members. Below is the salient features of the same.

IADVL has signed a MoU with Eka care for data security and other services. However, a common MoU can be approved by IADVL to be signed by every member availing this software. However, members are free to customize the software and liability lies with individual doctors.

ABOUT EKA CARE

Eka Care is one of the fastest health-tech companies with more than 18,000 Doctors registered. Eka Care intends to build a digitally-enabled and connected healthcare ecosystem between doctors and patients for better health outcomes. It became the first private healthcare platform to allow the creation of Health ID under the Ayushman Bharat Digital Health Mission (ABDM). The creation of Health IDs will standardize the process of identifying an individual across healthcare providers. Founded by Vikalp Sahni, Deepak Tuli and Abhishek Begerhotta. In the past, Vikalp and Deepak have successfully built the travel booking platform Goibibo. Before Eka Care, Vikalp was a Volunteer Architect at Aarogya Setu, while Deepak was working with MakeMyTrip.

Salient features:

- AI-enabled self-assessment thus ensuring Drs have the case sheet of the patient prepared prior to starting of consultation (both in-clinic as well as Tele)
- WhatsApp integrated platform.
- Multi-lingual prescription.
- Follow-up reminders.
- Word of mouth referral from one patient to another through technology.
- The platform can be used through laptop/desktop/mobile.
- Saves time through templates, medicine dosage to be put once, past RX can be used for follow-up visits, and patient medical records & history available at a click of a button.
- No ratings/reviews/comparison of one doctor against another.
- Block your calendar regarding your absence or trigger Bulk SMS to all patients regarding camp related information

Security:

- Hosted on a virtual private cloud on Amazon web services.
- All data is protected by encryption.
- Federated health records framework (FHR) compliant data storage
- National health authority (NHA) approved
- Ayushman Bharat Digital Mission (ABDM) compliant and can be integration ABHA
- Log-in based OTP authentication system ensures that the doctor has complete control over its account.
- Eka.care signed a NDA with all its doctors, barring sharing of data.

Costing:

IADVL has negotiated a common price, Eka care has agreed to provide clinical software free of cost for the first one year from date of installation, to all members. Last date to avail free software is 31 st oct 2023. Thereafter annual charges of Rs.3000/- (GST Extra (rupees three thousand rupees only for 1st year and Rs.3600/- (GST Extra)

1. WHAT IS EHR?

EHR (Electronic Health record) is a digital record of an individual's health information. An Electronic Health records contains all the information about the patient's past medical history, vital signs, progress notes, diagnoses, medications, immunisation dates, allergies, lab data and imaging reports. The digital record, can also contain other relevant information, such as insurance information, and demographic data.

2. WHAT IS EMR?

EMRs- Electronic medical records are digital versions of prescriptions or paper charts during a patient's consultation. An EMR contains patient's treatment and medical history at one place. EMRs have significant advantages over paper records, allowing caregivers to:

- Track data over time
- Track & identify the patients, who are due for appointments, preventive screenings or checkups
- Check how their patients are doing on certain parameters—such as blood pressure readings, vaccinations and other clinical data
- Monitor and improve overall quality of care within the practice

3. HOW EMR SOFTWARE FOR DERMATOLOGISTS IS DIFFERENT FROM OTHER EMR'S?

Software for dermatology practice has additional requirements like

- GST in billing – Dermatology
- Pre and post picture comparison
- Unique procedure and monitoring
- Attached pharmacy software which can show stock position while prescribing

4. CAN SOMEONE ELSE ACCESS MY MEDICAL RECORDS WITHOUT MY AUTHORIZATION?

No, only you have access to your medical records, which you can download and share with whoever you want.

5. DOES EKACARE SHARE MY MEDICAL DATA WITH THIRD PARTIES?

No. Ekacare do not share your data with anyone. Only you can share your medical records with a third party. IADVL has MoU with ekacare to prevent data sharing.

6. IS IT OFFLINE OR ONLINE SOFTWARE?

Its online software

7. I HAVE MULTIPLE CLINIC, HOW CAN I INTEGRATE IN ALL CLINICS?

Yes. Same login id can be used. Or else different id can be created for each clinic.

8. WHAT IS THE ROLE OF IADVL?

So IADVL has partnered with Eka care to provide clinical software to its members and acts as facilitator in procuring the software. IADVL has no financial liability in any form with Eka care.

9. IS IT COMPLETE FREE FOR IADVL MEMBERS?

No. Its paid services. However IADVL has negotiated a common price, Eka care has agreed to provide basic dermatology clinical software free of cost for the first one year for up to 2000 members. Thereafter annual charges of Rs.3000/- (rupees three thousand rupees only for 1st year and Rs.3600/- for year thereafter.

10. HOW TO PROCURE THIS SOFTWARE?

You can mail your interest with IADVL membership number to iadvl@eka.care or call +91 8069633235

11. WHAT IS THE COMPANY PROFILE WHICH IS PROVIDING CLINICAL SOFTWARE?

Eka Care is one of the fastest health-tech companies with more than 18,000 Doctors registered. Eka Care intends to build a digitally-enabled and connected healthcare ecosystem between doctors and patients for better health outcomes. It became the first private healthcare platform to allow the creation of Health ID under the Ayushman Bharat Digital Health Mission (ABDM). The creation of Health IDs will standardize the process of identifying an individual across healthcare providers.

Founded by Vikalp Sahni, Deepak Tuli and Abhishek Begerhotta, Eka Care vision is to build a connected healthcare ecosystem for India. In the past, Vikalp and Deepak have successfully built the travel booking platform Goibibo. Before Eka Care, Vikalp was a Volunteer Architect at Aarogya Setu, while Deepak was working with MakeMyTrip.

12. WHAT KIND OF DATA SECURITIES, EKA CARE USES TO SECURE PATIENTS DATA?

All data is protected by encryption. This software FHIR compliant. The log-in based- One-Time-Password (OTP) authentication system ensures that the doctor has complete control over his account. eka.care signs a NDA with all its doctors, barring sharing of data.

13. WHAT ARE THE MINIMUM SYSTEM REQUIREMENTS TO RUN EKA CARE EMR SOFTWARE?

Eka Care EMR software does not need any specific system; the eka.care app for Doctors is available and can be downloaded from the ios and android store. The platform is works across devices- smartphone, desktop,

laptop, or tablets.

14. WHAT HAPPENS IF I DON'T RENEW THE SOFTWARE AFTER 1 YEAR FREE PERIOD?

Service will be discontinued.

15. HOW CAN I GET MY PATIENT DATA IF WISH TO DISCONTINUE THE SOFTWARE?

You can download patient data before discontinuation of the service.

16. IS IT ABDM COMPLAINT

Ayushman Bharat Digital Mission (ABDM) complaint and can be integration ABHA (ABDM) complaint and can be integration ABHA

17. CAN I PARTICIPATE IN ABDM THROUGH THIS SOFTWARE?

Yes. This software is integrated to ABHA.

18. IF THE COMPANY SELLS PATIENT DATA- ONLY A FINE OF 10LAKHS? WILL THERE BY ANY CRIMINAL CHARGES?

All the data law applies to the company as a normal process for all Indian companies. Over and above Eka Care has agreed to give 10 lakh guarantee if in case there is a data breach. It is the same as medico-legal rules no one put specific terms as "criminal charges" in the contract when a doctor joins a hospital/clinic.

19. THERE IS NO MENTION OF TO LIABILITY OF THE COMPANY IF THEY DO NOT TROUBLESHOOT, IN TIME. FOR INSTANCE, EKA CARE TAKES 1 MONTH TO RECTIFY A PROBLEM THAT SIGNIFICANTLY IMPAIRS SOFTWARE FUNCTIONING. WHAT WOULD BE THEIR ACCOUNTABILITY AND WHAT TIME SCALE WILL BE REQUIRED TO RECTIFY THE PROBLEM?

As per their usage policy, we cannot put a liability. That's why Eka Care has given IADVL members, a free trial, doctors can validate their systems and then pay. In a worst-case scenario, doctors can ask for a refund of their subscription fees.

20. Ekacare currently shows Google reviews of the respective doctor (this is a free service). it is applicable to all their subscribers irrespective of their specialisation. Would this continue? Or be available to only Dermatologists who subscribe to Ekacare? How does this comply with the statement' No ratings/reviews/comparison of one doctor against another? A3: Yes, the free service will continue for doctors of all specialisations and subscribers. Eka Care doesn't believe in rating doctors and hence doesn't show information like- The best

dermatologists in Bangalore or 5-star dermatologists. Google rating is public information on Google not on eka care, you as a doctor, can decide to participate or not. Google MyBusiness module is a global module of Google and Eka Care can not control that information. Eka Care only provides technology to doctors, which helps them manage their Google business profiles. Eka Care will not give patients/demand to doctors, their job is to help doctors run the clinic more efficiently with the help of technology.

21. DOES DATA PROTECTION APPLY TO ANY SOFTWARE MODIFICATIONS/PHARMACY INTEGRATION (THIRD PARTY) ETC.?

Every software is responsible for its own data. Eka Care will not take responsibility for other software. Eka is ABHA compliant and they also have a WASA security certificate.

22. WHAT IF THERE IS A SOFTWARE ERROR CAUSING A WRONG PRESCRIPTION TO BE INADVERTENTLY ISSUED TO THE PATIENT- ARE WE INDEMNIFIED? WHO IS LIABLE? I DIDN'T SEE THAT CLEARLY MENTIONED IN THE MOU, THOUGH THERE IS A BLANKET STATEMENT THAT EACH PARTY WILL HOLD THE OTHER PARTY NOT LIABLE. DOES EKACARE TAKE RESPONSIBILITY FOR SOFTWARE ERRORS?

This is an agreement between the association and Eka Care, all the operational clauses are part of the user agreement on their platform. This agreement helps association members have easy access to the ABHA-compliant system. IADVL evaluated multiple softwares and Eka Care came up as the best option. Because of the association IADVL is able to get a great deal on the pricing, we have negotiated a price of 3,000 vs their current market price is 10,000. Yes, eka care takes responsibility of their software errors.

IADVL is conducting a nationwide presidential camp as part of the presidential project. we have already done camp in the below states.

- 1) Gaya Central Jail - Bihar
- 2) Cherapalli Central Jail - Telangana
- 3) Anugul Central Jail - Odisha
- 4) Palayamkottai Central jail - Tamil Nadu
- 5) Indore Central Jail - Madhya Pradesh
